Built to Scale. Committed to India's Growth.

India's office sector recorded historic leasing demand in 2024, and Brookfield India REIT responded positively to capitalize on the opportunities.

We penetrated the market momentum with strong leasing performance, disciplined execution and strategic portfolio growth. This accentuated us as one of the most trusted institutional platforms in the country with a revenue of ₹ 23,856M. The distributions for the fiscal rose 8.5% year-on-year, supported by 37% NOI growth and a 15% increase in same-store NOI. We maintained a dual AAA rating, with a solid balance sheet that positions us well to benefit from the interest rate cycle. Our DPU guidance was exceeded and is expected to be sustained in the near term, reflecting our confidence in the portfolio's cash flow visibility.

Our leasing activity reached 3M sf – well ahead of guidance – with SEZ assets contributing over 50% and marquee deals including Teleperformance in Noida and Fidelity in Gurugram. Occupancy improved across the board, rising from 82% to 88% by year-end. Even newly acquired assets, like the North Commercial Portfolio, witnessed occupancy growth within months of onboarding. Our portfolio is primed to meet the demand from global capability centers, supported by a flexible blend of SEZ and non-SEZ assets.

Additionally, we raised significant growth capital through a successful preferential allotment and QIP, enabling the strategic acquisition of a substantial

stake in the North Commercial Portfolio while further strengthening our balance sheet. Our asset base has expanded considerably since the IPO, reflecting the scale and momentum of Brookfield India REIT. With capital at our disposal and active evaluations underway – including a potential entry into the Bengaluru market – we are well-positioned to pursue the next chapter of our growth journey.

FY 2025-26 begins with high leasing visibility, a strong tenant base, and capital readiness. We are scaling with intent – maximizing performance today while creating long-term value for tomorrow.

SCALING WITH IMPACT

Smart Acquisitions and Operational Excellence Power Our Journey’s Next Phase

The demand for institutional-grade office space continues to rise, led by Global Capability Centers and global enterprises seeking integrated, future-ready locations. At Brookfield India REIT, we are responding with discipline – scaling with selectivity and reinforcing our presence in micro-markets where demand is deep and enduring. Our strategy remains rooted in gateway cities like Bengaluru, where long-term tenant priorities and macro fundamentals align.

**STRENGTHENING
PRESENCE IN CORE
MARKETS**

Our approach to acquisitions is focused and purposeful. The acquisition of a 50% stake in the North Commercial Portfolio in Delhi NCR added scale in a region where demand is proven. Occupancy in this portfolio rose from 91% at acquisition to 95% by year-end – reflecting the quality of the asset and our operating capabilities. We continue to evaluate expansion opportunities in Bengaluru and other core locations, guided by tenant interest and economic momentum.

Beyond expansion, our operational strength has delivered consistent results. In FY 2024-25, we completed 3M sf of gross leasing – well ahead of guidance – supported by targeted upgrades, co-working and managed office solutions, and continuous improvements across our campuses. SEZ assets remain a key differentiator, contributing over 50% of leasing and benefiting from our ability to convert over 1.5M sf to non-processing use in response to evolving occupier needs.

Since the IPO, our asset base has expanded from ₹ 11,000 crore to ₹ 38,000 crore, supported by strategic capital allocation and disciplined execution. With a dual AAA-rated balance sheet, long-dated debt profile and strong financial flexibility, we are well-positioned to pursue growth while delivering long-term value to unitholders.

Disciplined capital allocation and proactive balance sheet management fueling long-term value

Disciplined capital allocation underpins our long-term strategy. We pursue growth with clear intent – focusing on assets that enhance portfolio quality, reinforce our presence in strategic markets, and align with occupier demand. Additionally, the acquisition during the year strengthened our footprint in Delhi NCR and reflected our continued emphasis on value accretive, market-relevant expansion.

CREATING FINANCIAL HEADROOM THROUGH DISCIPLINE

Our financial strategy is built on resilience and forward-thinking capital management. In FY 2024-25, we raised over ₹ 4,700 crore in unit capital, a portion of which was allocated toward debt reduction – bringing our Loan-to-Value ratio down to 25%*. This disciplined approach has strengthened our balance sheet and significantly enhanced our financial flexibility. With a robust capital structure in place, we are well-positioned to evaluate and pursue strategic opportunities – especially in core markets like Bengaluru – without stretching our fundamentals. This financial headroom is a key enabler of targeted, inorganic growth in the years ahead.

FOUNDATION THAT DELIVERS EXCELLENT VALUE

Brookfield India REIT’s robust credit profile, long-dated maturity structure, and high proportion of operating assets continue to reinforce our stability. Supported by dual AAA ratings and investor confidence, our institutional foundation allows us to manage risk prudently while delivering consistent returns. As we look ahead, we remain focused on thoughtful capital deployment and sustained value creation through disciplined, well-timed decisions.

OUR JOURNEY

From Inception to Impact

We have steadily transformed our portfolio through bold acquisitions, strategic partnerships, and a focus on long-term value creation. Each milestone – from our IPO to our latest developments – reflects a clear vision to grow with purpose and deliver resilient, high-quality workspaces.

IPO

SETTING THE FOUNDATION

Executed our IPO proceedings amid one of the most challenging market environments. Despite subdued demand during the pandemic, we executed a highly successful IPO, with the main book oversubscribed to 8x. Our high-quality, sustainable assets and operational resilience established a strong base of investor confidence and positioned us for long-term growth.

POSITIONED FOR GROWTH

We witnessed improved leasing activity as demand for high-quality, collaborative workspaces picked up. We completed the acquisition of 100% equity and CCDs of SDPL Noida, which owned Candor TechSpace N2. Post-acquisition, we delivered a 0.2M sf expansion at N2, fully committed to a GCC within seven months. Building on this momentum, we announced the proposed acquisition of 6.5M sf across Downtown Powai and Candor TechSpace G1, Gurugram, in partnership with GIC.

FROM THE CHAIRMAN'S DESK

Building Value in a Transforming World

Dear Unitholders,

India is ascending into the ranks of the top four global economies, with massive tailwinds behind it. The growth story is anchored in the build-up of its physical infrastructure to house an increasingly digitized world. Real assets, especially commercial real estate, is a foundational enabler driving the next phase of this growth. Brookfield India REIT's high-quality properties in key gateway cities across India make it the preferred landlord of choice for leading businesses.

We made strides in FY2025 across all fronts – we scaled with discipline, delivered above guidance, strengthened our capital base, and continued to grow our portfolio towards unitholders value creation.

A SCALABLE PLATFORM BUILT FOR THE FUTURE

India continues to be a global hub for services, technology, and innovation. It is home to more than 1,600 Global Capability Centers (GCCs) – a number that has doubled in the last decade

– with global enterprises increasingly centralizing high-value functions such as AI, engineering and research and global operations here. Over 70% of Fortune 500 companies are expected to expand their GCC footprint in India. Higher-quality office spaces offer modern amenities and a superior built environment are likely to be in greater demand.

Today, Brookfield India REIT comprises 29M sf of high-quality campuses across India's leading innovation and business hubs. With integrated design and flexible work environments, our assets are built to meet the evolving demands of global and domestic enterprises.

In FY2025, we made a pivotal addition to this platform through the acquisition of a 50% stake in a 3.3M sf portfolio in Delhi NCR. The acquisition enhanced our footprint in a high-demand corridor. Such high-quality acquisitions exemplify value creation through growth.

INSTITUTIONAL CONFIDENCE, STRATEGIC CAPITAL

To enable expansion and create headroom for future opportunities, we raised over ₹ 47B through the year through preferential allotment and a qualified institutional placement (QIP).

This QIP was a significant milestone – it marked the first Indian REIT investment by the International Finance Corporation (IFC) and the Life Insurance Corporation of India and was anchored by institutions such as SBI Mutual Fund and ICICI Prudential. The diverse demand we saw reflects the trust in our strategy and the strong portfolio we've built in India and underlines our ability to raise institutional capital.

STRONG FUNDAMENTALS, SUSTAINED GROWTH

Our growth was underpinned by strong operating performance. We delivered tangible results:

- 2.2M sf of new leasing, at a 19% re-leasing spread
- Committed occupancy rose to 88%, up from 82%

With a weighted average lease expiry of seven years and a diverse occupier base, our portfolio continues to offer stability and long-term income visibility. These metrics validate the strength of our ecosystem-led campus strategy and our ability to meet complex occupier needs – across scale, sustainability, and reliability.

■ ■ ■
WE MADE STRIDES IN FY2025 ACROSS ALL FRONTS – WE SCALED WITH DISCIPLINE, DELIVERED ABOVE GUIDANCE, STRENGTHENED OUR CAPITAL BASE, AND CONTINUED TO GROW OUR PORTFOLIO TOWARDS UNITHOLDERS VALUE CREATION.

Ankur Gupta

TRUSTED GOVERNANCE

Our governance framework is designed to ensure transparency and enable disciplined growth. A global institutional lineage and transparent business practices enable Brookfield India REIT to attract blue chip tenants and a diversified investor base. Brookfield India REIT's Code of Conduct is the strong foundation that leads employees and directors towards ensuring fiduciary responsibility guided by ethics, accountability and mutual respect.

BUILDING FOR A GREENER TOMORROW

In FY2025, we made significant progress on our net-zero roadmap:

- Achieved 40% renewable power transition across four key campuses, covering 15.4M sf in Gurugram and Noida
- Avoided over 22,000 metric tons of annual emissions for these 4 campuses
- Maintained a 5-star GRESB rating for the third consecutive year

- Earned WELL Equity Rating (North Commercial Portfolio) and EDGE Certification (Downtown Powai SEZ)

A significant step forward in our sustainability journey includes entering into a landmark engagement with the International Finance Corporation (IFC) – the first of its kind by IFC in India. Through this collaboration, we will be engaging with global sector experts and proprietary tools on building decarbonization and climate resilience.

OUTLOOK: READY FOR THE NEXT CHAPTER

As India's economic and digital rise continues, so too will the demand for secure, sustainable, and scalable work environments. GCCs, engineering, and AI-driven enterprises are looking for infrastructure that is reliable, future-ready, and ecosystem-enabled.

Our campuses offer exactly that – high-quality, 24x7-enabled workspaces designed to support modern, global operations.

We remain committed to delivering consistent, long-term returns – powered by performance, backed by discipline, and guided by purpose. Thank you for your steadfast support.

Sincerely,

Ankur Gupta

Chairperson, Board of Directors
Manager of Brookfield India Real Estate Trust

AS INDIA'S ECONOMIC AND DIGITAL RISE CONTINUES, SO TOO WILL THE DEMAND FOR SECURE, SUSTAINABLE, AND SCALABLE WORK ENVIRONMENTS. GCCS, ENGINEERING, AND AI-DRIVEN ENTERPRISES ARE LOOKING FOR INFRASTRUCTURE THAT IS RELIABLE, FUTURE-READY, AND ECOSYSTEM-ENABLED.

CEO AND MANAGING DIRECTOR'S MESSAGE

Positioned to Lead, Built to Deliver.

Dear Unitholders,

At Brookfield India REIT, our mission is clear: to build and operate a future-ready office platform that not only delivers consistent returns but also shapes the next decade of India's commercial real estate story. FY2025 was a year where that ambition translated into action – with strong delivery across leasing, income, asset expansion, and capital strategy.

In a market where the global economic environment remains fluid and risk is being repriced across regions and asset classes, India continues to offer structural clarity. A digitally connected workforce, expanding Global Capability Centers (GCCs), and enterprise-led growth are reinforcing India's position as a core node in global business operations.

This momentum is driving demand for high-quality, institutionally managed office spaces – and Brookfield India REIT is uniquely positioned to capture this demand. Over the past year, we deepened occupier relationships, expanded into strategic submarkets, strengthened our balance sheet, and delivered robust returns to unitholders. More importantly, we laid the groundwork for the next phase of scalable, sustainable growth.

INDIA'S OFFICE MARKET: A STRUCTURAL GROWTH STORY

India's office market is benefiting from long-term shifts in global operating models. The economy remained resilient in FY2025, with GDP growth holding steady at 6.5%. Office demand surged – anchored by the continued influx of Global Capability Centers (GCCs), rising enterprise confidence, and greater back-to-office mobility.

In Q1 FY2025, GCCs accounted for over 80% of gross leasing activity, led by sectors such as BFSI, technology, and life sciences. It reflects a multi-year structural demand story, backed by India's skilled workforce and cost competitiveness. A supportive macroeconomic environment – including a 50 bps repo rate reduction by the Reserve Bank of India – has further improved liquidity, setting the stage for sustained momentum.

DELIVERING HIGH-QUALITY GROWTH

We capitalized effectively on this demand cycle. Brookfield India REIT achieved 3M sf of gross leasing – including 2.2M sf of new leases and 0.8M sf of renewals – at an average re-leasing spread of 18%. Notably, over 50% of this occurred within our SEZ assets, particularly in non-processing areas (NPAs), reflecting the success of our SEZ conversion strategy and the resurgence in occupier demand across these zones.

Portfolio occupancy rose over 600 basis points year-on-year to reach 88%. SEZ and non-SEZ assets both recorded over 500 bps occupancy growth, closing the year at 84% and 96%, respectively. Average escalation on leased areas stood at 8.7%, and mark to market on re-leased spaces was 19%.

ROBUST FINANCIAL OUTCOMES

FY2025 also saw one of our strongest financial performances:

- Income from operating lease rentals (excluding North Commercial Portfolio) increased by 36% to ₹ 17,489M
- Net Operating Income (NOI) rose 37% to ₹ 18,540M
- Same-store NOI grew 15%, reflecting embedded growth across the portfolio

We delivered a total distribution of ₹ 19.25 per unit – an 8.5% increase over FY2024 – amounting to ₹ 10,537M. Distributions including North Commercial Portfolio (NCP) were ₹ 1,719M, reaffirming our consistent delivery of returns to unitholders.

STRATEGIC CAPITAL ALLOCATION WITH LONG-TERM FOCUS

During the year, we raised over ₹ 47,280M in capital across two landmark transactions:

- ₹ 12,280M via preferential allotment to Bharti Enterprises, facilitating the acquisition of a 50% stake in the North Commercial Portfolio (NCP)

■ ■ ■
AS WE LOOK AHEAD, WE REMAIN CONFIDENT IN OUR ABILITY TO SUSTAIN AND SCALE VALUE CREATION. WE EXPECT LEASING DEMAND TO REMAIN ROBUST, DRIVEN BY EXPANDING GCCS, NEW MARKET ENTRANTS, AND HIRING MOMENTUM AMONG INDIAN ENTERPRISES.

- ₹ 35,000M via a Qualified Institutional Placement (QIP) in Q3 FY2025, enabling us to reduce our loan-to-value (LTV)
- The acquisition of NCP, which includes marquee assets like Worldmark Delhi and Worldmark Gurugram, significantly enhanced our footprint in Delhi-NCR and expanded our mixed-use capabilities.
- The QIP, which more than doubled our free float from ₹ 62B to ₹ 130B, also improved liquidity and broadened our investor base – with participation from institutional investors including IFC and LIC. These actions position us well to evaluate new opportunities, including ongoing discussions with our Sponsor Group for potential expansion in Bengaluru.

Brookfield India REIT's portfolio valuation stood at ₹ 38,000 crore at year-end, with a NAV of ₹ 336 per unit. Our AAA-rated platform, long-tenured debt profile, and high proportion of operating assets continue to reflect our robust financial foundation.

UNLOCKING VALUE THROUGH SEZ CONVERSIONS

We made meaningful headway in unlocking the embedded value of our SEZ portfolio. Over 1.5M sf of space was converted to NPA in FY2025, enabling broader occupier participation and improved rental outcomes.

Of the 1.5M sf converted space, 0.8M sf has already been leased – validating the demand thesis. With 0.5M sf of additional conversions in progress and a 3.6M sf leasing pipeline across SEZ properties, we expect to further enhance portfolio occupancy and rental upside in the near term.

OPERATIONALIZING ESG AT SCALE

As India's first 100% institutionally managed REIT, we recognize our responsibility to drive outcomes beyond financial performance. FY2025 marked a transformative year in our ESG execution.

We successfully transitioned our NCR portfolio, a combined 15.4M sf of office space, to 40% renewable power sourced through Brookfield's Bikaner Solar Power Project. This marks India's first bilateral green energy transaction under the ISTS framework and sets a replicable model for commercial sector decarbonization.

Continuing our stellar sustainability performance, we were recognized by the Institute of Directors (IOD) with the Golden Peacock awards for ESG this year. This award marks the 4th consecutive recognition by the Institute of Directors, with the earlier ones being for Energy Efficiency, Sustainability, and Health and Safety.

Our Candor portfolio achieved stellar results in the British Safety Council's 5-Star Audit and received the sword of honor yet once again, thus strengthening our belief that safe business is good business.

On the social front, we renewed our efforts towards ensuring a just and equitable world through multiple engagement sessions on gender-based violence sensitization in Mumbai and Delhi NCR as well as preventive female healthcare for our employees and tenants.

We also tied up with our tenant to rollout personal finance literacy sessions for employees and associates at Gurugram.

CONFIDENT IN OUR FUTURE

As we look ahead, we remain confident in our ability to sustain and scale value creation. We expect leasing demand to remain robust, driven by expanding GCCs, new market entrants, and hiring momentum among Indian enterprises. Our vacant inventory – 2.9M sf, largely in SEZs – offers immediate lease-up potential in a favorable demand environment.

With the lease-up of vacancy in the portfolio, there is a 14% growth opportunity in NOI. Combined with contractual escalations, rental mark to market, and focused capital deployment, our platform remains

well-placed to deliver sustained income growth and long-term unitholder value.

Thank you for your continued trust and support.

OPERATING CONTEXT

Exploring Optimism in Commercial Real Estate Demand

India's commercial real estate sector is thriving, supported by robust economic growth and growing global interest. The country remains one of the fastest-growing major economies, supported by a stable inflationary outlook and recent interest rate updates by the Reserve Bank of India. These conditions have enhanced liquidity and business confidence. India is also strengthening its position as a global services hub, driven by its deep talent pool and cost advantages. This has translated into robust office demand, particularly from Global Capability Centers (GCCs) and multinational corporations. GCCs alone accounted for over 30% of total gross leasing volume in Q1 of CY2025. The return-to-office trend, combined with sustained expansion by Indian corporates, further reinforces this momentum.

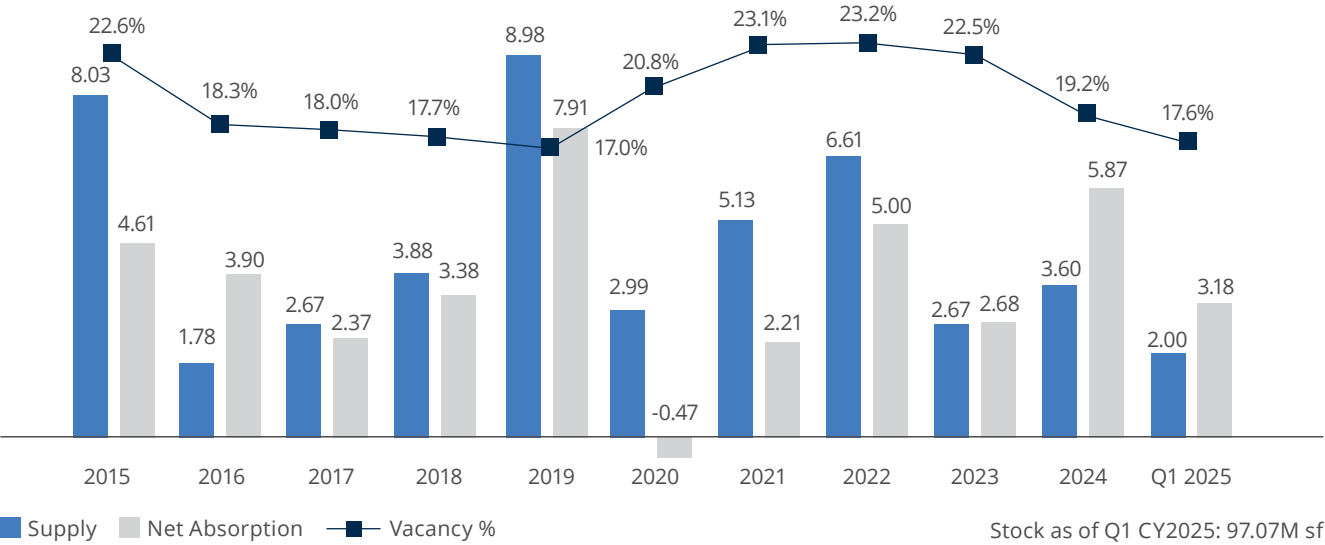

The Indian office market recorded its highest-ever leasing in 2024, and this trajectory is expected to continue through 2025. Q1 2025 saw gross leasing activity exceeded 20M sf, while net absorption stood at approximately 13M sf – two-thirds of which came from Mumbai, Bengaluru, and Delhi NCR. Total net absorption for 2025 is projected at around 49M sf, supported by strong demand fundamentals.

NATIONAL CAPITAL REGION (NCR)

Commercial real estate activity in the NCR continued to strengthen in Q1 CY2025, with net absorption reaching 3.18M sf – almost double the year-ago levels. This growth was primarily driven by the completion of DLF Downtown Block 4 in Gurugram, which was almost pre-committed before its handover. Vacancy levels in the region have been on a downward trend since CY2022, despite the steady addition of Grade-A supply, indicating sustained demand. As of Q1 CY2025, active RFPs reflect a healthy ongoing demand, largely from IT-BPM, BFSI, and Media & Telecom sectors.

Brookfield India REIT is well-positioned in the region with four high-quality assets across Gurugram North, Gurugram South, Noida Sector 62, and NGN Expressway. These micro-markets benefit from large, integrated office developments, robust infrastructure, and strong connectivity – key-enablers of long-term business success.

Note :

1. Only the Grade-A relevant stock has been considered for this analysis excluding the buildings less than one lakh sf and applying certain other criteria.
2. The net absorption value refers to the net additional leasing activity which has occurred in the year. This does not include any pre-commitments, renewals etc. The pre-commitments are recorded as absorption in the year in which the tenant moves in.

GURUGRAM NORTH

Gurugram North demonstrates a robust and resilient commercial real estate performance, characterized by consistent demand and controlled vacancy. With a low vacancy of 6.5% as of Q1 CY2025 and near parity between supply and absorption, the micro-market reflects strong tenant confidence and sustained momentum. The presence of large integrated developments and long-term occupier interest further position Gurugram North as a stable market, primed for continued growth.

GURUGRAM SOUTH

Gurugram South continues to be balanced mix of IT and non-IT developments, catering to diverse occupier needs. The quality of developments coupled with locational advantages will continue to drive demand for the micro market. Limited new supply and continued traction will result in decline in vacancy levels, reinforcing Gurugram South as an evolving office hub.

NOIDA SECTOR-62

Sector 62 in Noida has matured into a stable and highly sought-after office destination, characterized by a dominant share of non-strata developments and institutional-grade assets. With a low vacancy rate of just 3.4% as of Q1 CY2025, the market reflects healthy occupier sentiment and efficient space utilization. This micro-market is well-positioned for long-term stability and continued traction.

NOIDA-GREATER NOIDA (NGN) EXPRESSWAY

The Noida-Greater Noida Expressway has emerged as a prominent office corridor, drawing attention for its growing infrastructure and corporate presence. With net absorption of 0.63M sf in Q1 CY2025 and a sharp decline in vacancy from 34.4% in CY2022 to 25.4% in Q1 CY2025 with average absorption of ~1M sf, the market showcases rising occupier interest and strengthening fundamentals. The continued momentum in demand signals a positive trajectory in the future as well.

KOLKATA

Kolkata's office market witnessed a drop in vacancy from 12.7% in 2024 to 10.7% in Q1 CY2025, continuing a steady decline from 2017. This was primarily driven by strong leasing momentum and minimal new supply. In Q1 2025, net absorption stood at 0.38M sf, with no new supply additions. Notably, Candor TechSpace K1 led leasing activity in 2024, highlighting occupier preference for quality spaces amid tightening vacancy in the market.

MUMBAI

Mumbai's commercial real estate rebounded strongly post-pandemic, with vacancy levels dropping to 12.2% in Q1 2025, from a peak of 23.4% in 2021. This recovery reflects robust demand across micro-markets. 2024 saw record net absorption of 9.58M sf, with supply at 7.57M sf. The momentum continues into Q1 2025, with net absorption reaching 3.82M sf, already 0.88x of the full-year 2023 absorption. Vacancy levels have steadily declined from 2019 to 12.2% in Q1 2025, reinforcing market resilience. The surge in demand, coupled with controlled new supply, underscores strong occupier confidence in Mumbai's office sector.

STAKEHOLDER ENGAGEMENT

Engagement that Powers our Strategy

We remain committed to building and sustaining meaningful engagement with both internal and external stakeholders as we advance our ESG journey in a strategic and integrated way. Our approach is anchored in ongoing dialogue through multiple channels – regular consultation sessions, targeted digital communications including website updates and emails, and structured methods for gathering and incorporating stakeholder feedback.

OUR APPROACH TO MATERIALITY

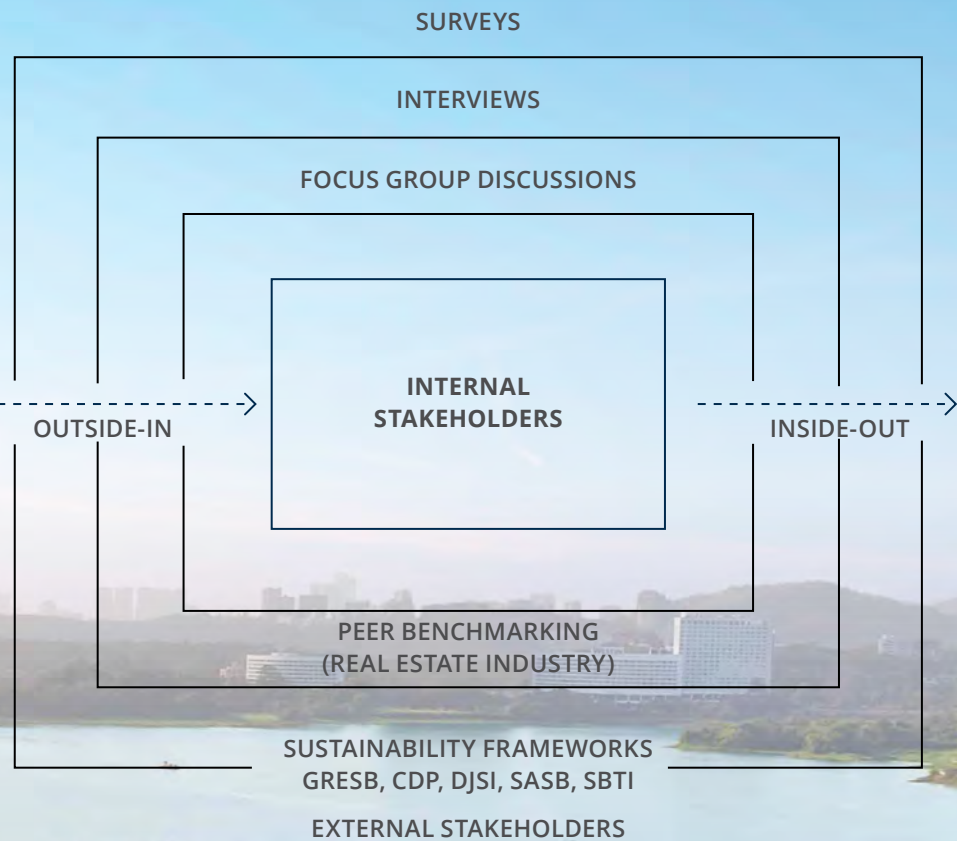

We view sustainability as an integral part of our business strategy. To identify the ESG topics most relevant to our stakeholders and operations, we conduct a comprehensive materiality assessment every two years. The resulting materiality matrix is reviewed and approved by our leadership. This forms a key part of our internal reporting framework, enabling regular monitoring and strategic alignment.

In FY 2023-24, we conducted our second materiality assessment to reassess priority topics with a dual perspective – evaluating external stakeholder expectations and internal business impact. This exercise helped refine our focus areas for improved coverage and relevance. Our current materiality matrix continues to guide us in FY 2024-25.

Materiality assessment

- We identify material topics through a combination of stakeholder consultations, peer benchmarking, and an analysis of global industry trends
- Topics are evaluated based on their potential impact on our stakeholders and our business performance

NATURAL CAPITAL

Lead on Sustainable Solutions

Environmental sustainability reflects our commitment to using resources efficiently while preserving the ecosystem and biodiversity. It calls for a proactive approach to reducing environmental impact, strengthening resilience, and protecting clean air, water, and soil. Our efforts, rooted in innovation and accountability, aim to foster healthier communities and a thriving planet. Developing efficient and resilient spaces enables us to meet evolving tenant needs and contribute meaningfully to long-term sustainability.

CLIMATE RISKS AND OPPORTUNITIES

Climate change presents a significant challenge, requiring proactive strategies to build resilient and sustainable businesses. Our climate strategy is guided by the Task Force on Climate-related Financial Disclosures (TCFD) framework. We focus on designing, operating, and upgrading assets to withstand environmental risks – enhancing resilience, reducing operational costs, attracting quality occupiers, and preparing for future demands.

In FY 2022-23, we conducted a comprehensive climate risk assessment across our portfolio, evaluating both physical and transition risks, including exposure to earthquakes, floods, heat stress, and sea-level rise. Based on these findings, we maintained the same risk ratings and action plans for FY 2023-24, with the next update scheduled for FY 2025-26. These insights continue to guide our approach to managing climate risks and uncovering opportunities across short-, medium-, and long-term periods.

MITIGATION

In line with our climate resilience goals, we partnered with ClimateB Ventures – an early-stage climate tech startup founded by IIT Kharagpur and IIT Roorkee alumni – to pilot an innovative flood mitigation project. Focused on the 1-in-100-year rainfall scenario, the initiative uses drone-based topographical scans and detailed drainage surveys to develop a robust hydraulic and hydrogeological model. This data-driven approach helps us understand floodwater runoff patterns and implement targeted infrastructure improvements across our office parks.

The pilot also enables long-term environmental and operational benefits. By identifying natural runoff zones, we plan to introduce bio-swales, permeable surfaces, and increase green cover to enhance stormwater absorption. Additionally, the insights will support the expansion of rainwater harvesting systems, both onsite and offsite. This initiative reflects our proactive, science-based approach to mitigating climate risks while advancing sustainable, resilient real estate practices.

GHG EMISSIONS

Managing emissions is essential for tackling climate-related risks in business operations. Our focus is to understand our emissions profile to set goals, prioritize actions, and invest in sustainable solutions to combat climate change.

We are building a comprehensive GHG emissions inventory to identify key emission sources and reduction opportunities across both direct and indirect emissions. This supports our net-zero roadmap by enabling data-driven goal setting and action prioritization. In FY 2024-25, we plan to shift from portfolio-wide assessments to asset-level decarbonization, with a focus on emissions from operations and the supply chain as part of our broader climate strategy.

Our Net Zero Emissions Program

Our net zero program prioritizes energy reduction and renewable energy procurement, guided by a three-pillar decarbonization strategy:

- Energy Efficiency and End-of-Life Upgrades
 - Direct investment in high-ROI projects
 - Replacing equipment with more efficient alternatives at end of life
 - Supporting occupants in adopting energy-saving initiatives
- Renewable Energy Procurement
 - Procuring green energy for both common areas and occupier spaces

- Judicious Use of Carbon Offsets
 - Offsetting residual emissions through carbon credit purchases to achieve net zero

Key Findings from Asset-Level Decarbonization Assessments

- Electricity consumption (Scope 2 for common areas and Scope 3 for tenant spaces) remains our largest emissions source, validating our current renewable strategy
- Scope 3 reporting has expanded to include purchased goods, capital goods, and employee commute, per the GHG Protocol
- Improved grid stability and power availability are expected to reduce reliance on diesel generators, lowering Scope 1 emissions

Advancing our commitment to climate action, we submitted our near-term (2030) and net zero (2040) targets to SBTi for validation.

ENERGY

Energy consumption and emissions are closely linked, making it essential to reduce energy use to achieve meaningful emissions cuts. Our decarbonization strategy takes a two-pronged approach: lowering energy intensity by reducing demand and increasing the share of renewable energy in our portfolio. By focusing on green non-fossil fuel-based energy, we are driving sustainable progress across our operations.

On the supply side, we are committed to achieving 100% renewable electricity across our portfolio by 2027. To support this goal, we have secured a long-term agreement to procure clean power from the Brookfield Renewable Bikaner Solar Power Project in Rajasthan, serving our office parks in the National Capital Region. This arrangement provides occupants with direct access to traceable renewable energy. We also source through open access, the Indian Energy Exchange (IEX), DISCOMs’ green tariffs (REGO), and purchase International Renewable Energy Certificates (I-RECs), covering energy needs in both common and occupier areas.

ENERGY EFFICIENCY

On the demand side, we have implemented energy efficiency and conservation measures across our operations. We actively engage employees and occupiers through training programs to raise awareness and promote energy-saving behaviors. By supporting occupiers in achieving their Net Zero goals, we aim to remain their preferred partner for sustainable growth.

Our Interventions

Smart energy sub-metering to detect leakage and losses	100% LED lighting in common areas, including exterior and basement parking	Automated indoor parking and outdoor lighting with timers
DG set automation via SCADA for optimized operation	High Solar Reflective Index (SRI) roofing to reduce cooling loads	Variable Frequency Drives (VFD) in chillers and pumps for efficient partial load operation

As part of our commitment to achieving Net Zero emissions by 2040 and enhancing energy security, we have integrated renewable energy into our tech hubs through a long-term contract with the Brookfield Renewable Bikaner Solar Power Project (BRBSPP) in Rajasthan, boasting a capacity of 550 MWp. This bilateral agreement represents India's first commercial and industrial renewable energy transaction under the Interstate Transmission System (ISTS). As part of Brookfield's broader goal to reach 100% renewable energy by 2027, the Noida campuses – Candor TechSpace, Sector 62 and 135 – are the initial beneficiaries, with plans to expand similar initiatives across other Brookfield sites.

WATER

We recognize water as a finite resource, especially in urban areas where our assets are located. This understanding shapes our water management strategy, guided by the 4R philosophy: Reduce, Reuse, Recycle, and Replenish. Our long-term goal is to replenish more water than we consume, moving towards water-positive operations.

Reduce

- Low-flow, sensor-based fixtures and aerators to cut consumption
- Drip irrigation to improve water efficiency
- Landscaping with native, drought-tolerant species to lower demand
- IoT-based water meters for precise tracking and waste reduction

Replenish

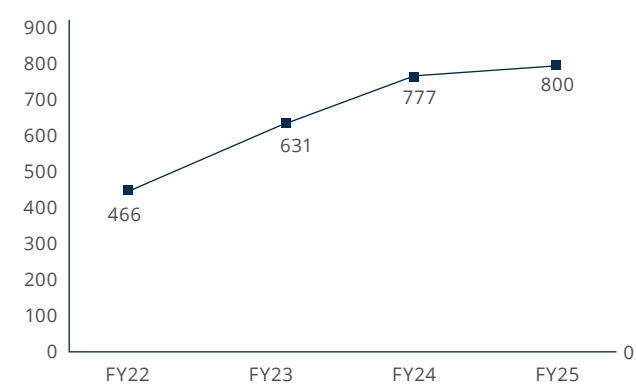

- Rainwater harvesting pits for surface and rooftop runoff to recharge groundwater

Recycle & Reuse

- Sewage Treatment Plants with ultrafiltration providing high-quality non-potable water for flushing, irrigation, and cooling
- Piloted chemical-free cooling tower water treatment using Sequencing Batch Reactor (SBR) technology and photocatalysis at one of our facilities. This ensures the reused water meets safety standards and helps regulate important parameters like Chemical Oxygen Demand (COD) and Biological Oxygen Demand (BOD)
- Reuse of condensate water from Air Handling Units in high-humidity areas

SMART WATER MANAGEMENT THROUGH DIGITAL METERS

To advance resource efficiency, we've implemented IoT-enabled digital water meters across our properties, providing real-time data on consumption by time, location, and volume. An integrated dashboard allows continuous monitoring and early leak detection, enabling prompt action. This approach ensures accurate billing, identifies inefficiencies, and promotes responsible use, enhancing operational performance and supporting our long-term water conservation goals.

WASTE

Our waste management strategy is based on the 5Rs – Reduce, Reuse, Recycle, Refuse, and Rot – which guide our efforts to minimize waste, optimize resource utilization, and divert waste from landfills wherever possible. We incorporate waste management planning at the design stage of every development to ensure long-term sustainability. A comprehensive Standard Operating Procedure (SOP) governs waste management practices, including segregation at source using color-coded bins. Our waste primarily consists of dry waste, construction and demolition (C&D) waste, and organic waste. We treat organic waste with in-situ composters that convert biodegradable material into nutrient-rich compost, which is then applied to our landscaping. Biannual testing ensures the quality of the compost. Dry and C&D waste are collected and processed through government-authorized vendors and recyclers.

We believe effective waste reduction requires active collaboration with all stakeholders. To support this, we conduct engagement events, awareness campaigns, and training sessions. Additionally, we monitor waste generation at the tenant level and share waste intensity data – measured as waste produced per occupant per day – every two weeks. This data empowers tenants to make informed decisions to better manage and reduce their waste, reinforcing our collective commitment to sustainability and operational excellence.

Our waste reduction initiatives have also yielded remarkable results, with a higher percentage of waste getting recycled year-on-year.

CASE STUDY

CLOSING THE LOOP ON HORTICULTURE WASTE

At Candor TechSpace, Sector 21, Gurugram, a 656 sq.ft. aerobic composting unit exemplifies our commitment to sustainable waste management. Spread across 28.5 acres, the campus generates significant horticultural waste, including grass clippings, leaves, and small branches. Instead of relying on offsite disposal or harmful practices like open burning, we have adopted a structured composting process involving shredding, bulking, moisture regulation, and natural decomposition. A mobile shredder, capable of handling branches up to 3 inches thick, ensures efficient on-site processing across the campus.

This initiative yields over 1,000 cu.ft. of nutrient-rich compost annually, fully meeting the landscaping needs of the campus. By closing the loop on organic waste, the system enhances soil health, supports robust plant growth, and significantly reduces our carbon footprint. More than just a waste solution, this scalable model demonstrates how thoughtful, low-impact interventions can deliver long-term environmental and operational benefits.

RAISING AWARENESS ON CIRCULARITY

We hosted a Waste Management Contest across six assets on World Environment Day to advance our goal of a 'Net Zero Waste' campus. This initiative honored 18 occupants for outstanding waste segregation and safe disposal, highlighting the role of individual and collective responsibility in environmental stewardship. Beyond recognizing best practices, the contest cultivated tenant accountability and awareness. We reinforced our commitment to reducing landfill impact and strengthening operational sustainability throughout our portfolio.

BIODIVERSITY

Biodiversity strengthens ecosystem resilience, supports climate action as a natural carbon sink, and provides vital resources for businesses and communities. Recognizing its importance, we have adopted a biodiversity policy that integrates conservation into our operations and decision-making.

We do not own, lease, or manage properties within or near protected areas or regions rich in biodiversity. All our assets are located on designated use land parcels, where we strive to minimize ecological impact.

For this, we have created six biodiversity enhancement strategies to achieve our biodiversity goals. Each strategy is backed by action plans and comprehensive implementation and management guidelines.

Objectives

- Contribute to global climate regulations
- Support regional native floral species
- Increase green cover
- Manage invasive species
- Enrich habitat quality
- Create a habitat that supports the surrounding faunal species

A - capital action plans

- Canopy expansion
- Pergolas/green tunnels
- Green roofs
- Increasing tree cover
- Green facade/hedge plantation
- Adopting low intensity lights
- Promoting heterogenous environment
- Spread awareness on biodiversity
- Native/Adaptative non-invasive Species
- Bird Nesting & Population
- Carbon Sequestration
- Urban Heat Island (UHI) mitigation

Strategies

- Maintain a Simpson's Biodiversity Index near 1, indicating high floral species diversity and evenness
- Conduct regular censuses of plants and trees to monitor species variety and abundance
- Plant native trees and shrubs to enhance greenery and support local wildlife habitats
- Expand green spaces through densification and improved ecological connectivity
- Apply the Miyawaki technique and develop green rooftops for urban farming initiative
- Collaborate with communities, environmental organizations, and experts via CSR initiatives to boost conservation efforts

MIYAWAKI
AFFORESTATION
AT DOWNTOWN
POWAI,
MUMBAI

We undertook a Miyawaki afforestation initiative at our Downtown Powai campus in Mumbai, celebrated on World Environment Day. The project involved planting over 1,300 native species to create a dense, self-sustaining micro-forest in an urban setting. This aligns with our broader sustainability goals of promoting ecological balance and restoring native green cover in high-density areas.

The Miyawaki method, known for rapid growth and high biodiversity, was selected to ensure lasting environmental impact. By focusing on indigenous species, the project supports local flora and fauna, improves air quality, enhances carbon sequestration, and boosts climate resilience. This afforestation effort advances our commitment to building greener, more sustainable communities.

AIR QUALITY

Ensuring the health, well-being, and productivity of our occupiers and employees is paramount. We prioritize maintaining excellent air quality through smart tools and advanced technologies. Indoor air quality (IAQ) is actively monitored in lobbies and offices, with real-time data displayed to raise awareness among occupants and visitors. By FY 2024-25, we have deployed over 82 IAQ devices across our assets, measuring VOC, CO₂, PM_{2.5}, PM₁₀, temperature, and humidity. At our Candor TechSpace campus in Gurugram, IAQ monitors are integrated into air handling units for continuous tracking. Advanced filtration and emission control technologies further enhance air quality.

To combat outdoor pollution from industrial and vehicular sources, we have installed more than 89 Retrofit Emission Control Devices (RECDs) across our Delhi NCR assets, reducing particulate matter, carbon monoxide, and hydrocarbons by 70%.

We promote responsible construction and community-centered practices to minimize particulate emissions. These includes,

- Debris chutes
- Construction vehicle tyre washing
- Closed haulage of waste and materials
- Organized handling, storage, and responsible disposal of construction materials
- Barricading and screening of construction sites
- Periodic road cleaning using electric sweepers
- Planting trees and shrubs along approach road medians
- Sprinkling treated water on exposed soil and pathways

INTELLECTUAL CAPITAL

Sustainable Design and Development

Sustainability is embedded in our core business and asset design strategy. We focus on strategic acquisitions and deep retrofits of commercial assets as a practical approach to decarbonizing the built environment, effectively reducing the embodied GHG emissions of existing infrastructure.

Our design approach is guided by two key objectives:

- Enhance the operational efficiency of existing assets through deep retrofitting and ongoing upgrades, thereby lowering future emissions from the global building stock
- Create climate-responsive, occupant-centric spaces that tackle resource efficiency challenges in greenfield developments

SUSTAINABLE DESIGN STRATEGY

Our sustainable design strategy is anchored in human-centric principles and guided by Brookfield India's Design Guidelines for Sustainable Workspaces and Biodiversity. This integrated approach ensures that all our assets are developed with measurable impact targets across energy, water, waste, and ecology – directly aligning with our Net Zero 2040 roadmap. Beyond environmental performance, it enables us to create socially responsible spaces that promote connection, equity, and inclusivity.

Our management ecosystem bridges design and operations through continuous feedback loops, fostering cross-functional collaboration and real-time innovation. This integration empowers us to consistently exceed conventional sustainability benchmarks.

VERTICAL GARDENS FOR URBAN SUSTAINABILITY

In high-density developments, where space limitations restrict ground-level vegetation, vertical green elements offer an effective solution to transform hardscaped zones into ecologically vibrant, visually appealing landscapes. At Worldmark Aerocity, Delhi, our 7,500 sf vertical garden exemplifies this approach – advancing sustainable urban development and reinforcing our commitment to environmentally responsible design.

Strategically placed green walls enhance vegetative cover while improving the urban microclimate. They help mitigate the urban heat island effect, reduce ambient heat gain, and lower cooling loads – contributing to improved energy efficiency across our assets. Additionally, the vertical garden plays a vital role in filtering air pollutants, supporting better air quality for occupiers and visitors alike.

MEASURING AND MANAGING EMBODIED CARBON

We are committed to creating sustainable urban environments through a comprehensive embodied carbon analysis across our diverse asset portfolio. This initiative involved a detailed assessment of the environmental impact of construction materials across three key categories: core and shell, interior upgrades, and external development.

Using rigorous Life Cycle Assessments (LCA), we quantified cradle-to-grave emissions of major building materials, establishing a baseline for current practices and identifying actionable, data-driven decarbonization strategies. The analysis also examined the benefits of alternative and low-carbon material choices, optimized transportation logistics, and the carbon sequestration potential of landscape and external development features.

Key Priorities

- Reducing material consumption through early-stage design optimization
- Maximizing recycled content in structural and non-structural elements, particularly concrete and steel (subject to structural code compliance)
- Prioritizing the procurement of local or regional materials and products
- Increasing the share of products with certified Environmental Product Declarations (EPDs)
- Incorporating evergreen trees with high carbon sequestration capacity, in place of high-maintenance lawns with limited ecological benefit

Outcome

We have achieved an estimated 10–15% reduction potential in embodied carbon emissions through strategies such as replacing high-impact materials – benchmarked against current industry best practices. This analysis now serves as a strategic framework for informed material selection and implementation, helping to lower lifecycle emissions and reinforce our commitment to environmental stewardship.

Empower Our People

We are committed to building a workplace where every individual feels a sense of belonging and is empowered to grow. We focus on creating an environment that supports continuous learning, meaningful engagement, and mutual respect. Through inclusive practices, open communication, and purpose-driven initiatives, we aim to strengthen employee connection and align individual aspirations with organizational goals.

DIVERSITY, EQUITY & INCLUSION

At Brookfield India REIT, we recognize that diversity, equity and inclusion are fundamental to creating a thriving and equitable workplace and community. This dedication extends beyond our organizational boundaries as we actively engage with occupiers and communities to champion these values. We regularly organize events and initiatives that celebrate diverse identities and foster a culture of belonging. Notably, our commitment to an equal representation of women in the workforce is exemplified by our efforts to recognize the achievements of women across our ecosystem and reinforce our commitment to gender equity.

We are committed to abiding by these principles by achieving the WELL Equity rating for our North Commercial Portfolio. The WELL Equity rating, part of the WELL Building Standard emphasizes universal accessibility, diversity, and community engagement, ensuring that our buildings are welcoming and beneficial to all occupants. By fostering stronger community relations and promoting long-term value creation, we are not only enhancing our real estate portfolio but also contributing to a more equitable and sustainable future.

PRIDE MARCH FOR INCLUSIVITY

In June 2024, we hosted our annual Pride March in collaboration with Pride Circle, a leading LGBTQ+ advocacy group, under the banner of ‘We See You, We Hear You, We Celebrate You’. This event reinforced our commitment to fostering a culture of belonging and inclusivity within the workplace. Employees and tenants from over 45 companies participated, showcasing a collective corporate commitment to creating inclusive environments. The celebrations took place at our campuses in Downtown Powai (Mumbai) and Candor TechSpace (Gurugram), transforming these locations into vibrant hubs of celebration.

The event featured diverse participation from employees of prominent organizations such as Wipro, NatWest, and NTT Data, with senior executives actively joining the festivities to emphasize the importance of inclusive workplaces. Interactive activities, including flash mobs, photo booths, and ‘Paint with Pride’ sessions, allowed participants to express their creativity and identity through LGBTQ+ art.

More than 1,100 participants marched in solidarity for LGBTQ+ rights and inclusion, while the #OneForPride social media campaign generated significant engagement, with 1.6M impressions, over 1,200 likes and shares, and more than 20,000 reel plays across platforms. This annual Pride March exemplifies Brookfield India REIT’s dedication to celebrating diversity and advocating for an inclusive community.

AT BROOKFIELD
INDIA REIT

In celebration of World Autism Awareness Day, Brookfield India REIT hosted a significant event aimed at raising awareness and promoting inclusivity for individuals on the autism spectrum. This initiative provided a vibrant platform for autistic individuals to showcase their talents, featuring collaborations with multiple schools, non-profits, and renowned artists. The event successfully attracted over 2,200 attendees, reflecting the community’s commitment to understanding and supporting neurodiversity.

The program included inspiring performances by children from Vishwas Vidyalaya and the Association for Learning Performing Arts & Normative Action, alongside a variety of acts by autistic artists, such as music, percussion, and Kathak dance. Attendees also had the opportunity to explore stalls showcasing handmade products crafted by neurodiverse artists. The event was honored by the presence of Chief Guest Ranveer Singh Saini, a Special Olympics gold medalist, who emphasized the importance of creating employment and entrepreneurial opportunities for autistic individuals. This initiative highlighted Brookfield India REIT’s core values of representation, inclusion, and acceptance of underrepresented individuals within our communities, and for their work towards making a difference by creating opportunity.

CHANGEMAKERS CONCLAVE ON DIVERSITY & INCLUSION

Brookfield India REIT organized the Changemakers Conclave at Downtown Powai, Mumbai, in partnership with the Adventures Beyond Barriers Foundation (ABBF), a CXO-level event aimed at advancing Diversity, Equity, and Inclusion (DEI) in the workplace. This event was dedicated to being the change and contributing to causes that foster a world where no one is left behind. The aim was to enhance visibility and support for this cause, ensuring equal access to opportunities for persons with disabilities and integrating them into every facet of our society.

The event brought together 100 corporate leaders, including executives from notable organizations such as Tata Autocomp, Abbott, Equate, Marsh McLennan, AppZen, DHL, NASSCOM, TIAA, and Firmenich. Through inspiring stories, meaningful discussions, and innovative ideas, we focused on enhancing inclusivity within our communities and workplaces. The agenda featured a panel discussion on best practices in diversity hiring, workplace inclusion, and equitable leadership, reinforcing the importance of mentorship programs for underrepresented groups.

Additionally, a sun-downer networking session fostered collaboration among industry leaders. By encouraging organizations to embed DEI strategies into their business frameworks, the conclave set the stage for impactful policy reforms and strengthened commitments to diversity and inclusion across the industry.

HEALTH, SAFETY & WELL-BEING

We prioritize the health, safety, and well-being of our employees, occupiers and partners. Our Occupational Health Safety and Well-Being (OHSW) Policy goes beyond the concept of “zero harm” and focuses on continual improvement, ensuring compliance with legal standards, empowering employees, proactively identifying risks and engaging stakeholders. By integrating these efforts, we cultivate a culture where safety and well-being are fundamentally embedded and prioritized within the organization.

Safety and Well-being Management Systems

Our thorough Safety and Well-being Management Systems are structured around the Deming PDCA (Plan, Do, Check, Act) cycle, ensuring continuous improvement and adherence to the highest standards of Environmental, Health and Safety (EHS) practices. Our management system is aligned with the ISO 45001 (Occupational Health and Safety) standard. Our comprehensive management system approach includes the following stages:

Planning Stage

In the planning stage, we establish a comprehensive EHS policy that guides our efforts. We set annual objectives and targets for EHS and develop detailed annual plans and programs. These include a well-being calendar, health checks, risk assessment reviews, audits and inspections, manual and SOP revisions, training sessions and surveys.

Site Implementation of Plan

During the implementation phase, we execute various annual plans and programs. Key activities include the permit-to-work system, stakeholder engagement, management of change, safety and well-being suggestion programs, incident reporting and investigation, reward and recognition initiatives, and fostering innovation through our innovation club.

Measurements and Monitoring

We measure and monitor our EHS performance through internal and external audits and inspections. We track various EHS parameters such as health, well-being, environmental factors, noise, vibration, lux levels, incidents, near misses and absenteeism. Additionally, we conduct various tests (e.g., water, legionella, DG stack, air quality) and surveys (e.g., employee health, safety, and well-being perception, stress) to identify areas for improvement.

Actions for Sustaining and Continual Improvement

In the final stage, we focus on sustaining and continually improving our EHS performance. This includes monthly management reviews at both site and corporate levels, internal and external benchmarking, and setting next year’s annual EHS objectives. The targets are based on our performance analysis.

At these stages, we have rigorous EHS documentation available to support our EHS governance. These documents include:

OHS&W policy, annual plans and programs	EHS Manuals	Operating procedures and work instructions	Checklists and logbooks
---	-------------	--	-------------------------

Safety Risk Management Framework

We adopt a systematic approach to managing safety hazards across our properties and facilities. This involves identifying incidents, investigating them, assessing risks and implementing corrective actions. We also conduct regular internal and external safety audits to pinpoint areas for improvement. To standardize safety practices, we provide safety guidelines to anyone who visits our campuses, including employees, vendors and suppliers.

OUR SAFETY PERFORMANCE

We consistently monitor and enhance our safety performance through meticulous oversight. Our detailed SOPs for incident reporting encompass timelines, methodologies, triggers and lessons learned. Both asset and corporate teams conduct monthly incident reviews during HSE committee meetings and focus on both reactive and proactive strategies to mitigate safety incidents. Recommendations from these meetings are implemented as action points for continuous improvement.

Best Safety Practices Across the Value Chain

Our safety practices extend beyond suppliers to encompass all stakeholders across the value chain, including tenants, contractors and visitors. We follow strategic intervention approaches throughout different stages to instill safety best practices.

Pre-contractual Stage

Ensuring safety by mandating certifications, scrutinizing past performance and embedding strict safety obligations in agreements.

Operational Stage

Prioritizing safety by utilizing materials and equipment that meet rigorous standards, enforcing proper labeling and instructions, providing comprehensive training, and facilitating continuous data exchange and best practices.

Continuous Improvement

Supporting continuous safety improvement through knowledge sharing, adapting to changing regulations and constant feedback mechanisms.

Safety Training Culture

Brookfield India REIT undertakes conscious initiatives to embed the safety culture through trainings. We observe dedicated weeks such as Road Safety Week and Fire Safety Week to increase awareness and engagement. Our comprehensive training calendar outlines various sessions throughout the year, including regular evacuation mock drills and emergency response trainings for tenants and employees. We also tailor trainings based on specific needs and have partnered with the British Safety Council (BSC) for online training modules.

Through our safety trainings conducted throughout the year, we achieved

EMPLOYEE ENGAGEMENT

Brookfield India REIT is committed to creating a supportive environment for our employees by offering exceptional benefits and continuously enhancing our employee engagement initiatives. Our efforts are guided by the valuable feedback from employee satisfaction surveys once in two years, which highlight the success of our programs and provide insights for future improvements. Some of our employee engagement highlights undertaken in FY 2024-25 include:

- **Embracing Diversity:** We celebrate the rich cultural diversity of our workforce with events that feature regional flavors, traditional music and vibrant performances. These celebrations are unique and memorable, fostering a sense of inclusion and appreciation for diverse cultures. Our inclusive employment policies like HIV and AIDS policy, Transgender policy, and Equal Employment Opportunity policy govern us to nurture a diverse workforce.
- **HIV & AIDS Policy:** Our organization aims to uphold the principles of equality of opportunity and non-discrimination as outlined in the HIV Act and the HIV & AIDS Policy for Establishments 2022 implemented by the Government of India.
- **Transgender Policy:** Our organization is dedicated to ensuring inclusive employment opportunities and practices for transgender persons, promoting equality of opportunity and non-discrimination. In line with the Transgender Persons (Protection of Rights) Act, 2019 and the Transgender Persons (Protection of Rights) Rules, 2020.
- **Equal Employment Opportunity (EEO) Policy and Procedure:** Our organization is committed to achieving equality of opportunity and non-discrimination for all stakeholders in employment opportunities and practices, ensuring inclusive employment opportunities for persons with disabilities, as per the Rights of Persons with Disabilities Act, 2016.
- **Women’s Day Celebration:** On Women’s Day, we honor the remarkable contributions of our female employees. This day is dedicated to recognizing their achievements and empowering them through various activities and workshops.

- **Sports Events Fostering Team Spirit:** We organize various sports events like cricket and table tennis to encourage physical activity and team bonding. These events provide a great way for employees to unwind and engage in friendly competition.
- **One-to-One Help Supporting Our Team:** We continue to strengthen the one-to-one help initiative to provide personalized support to our employees. This program is designed to address individual concerns and offer guidance on various professional and personal matters.

- **Digitization of Employee Management:** We digitized our employee management functions like onboarding/offboarding, learnings, personal and dependent details management for smoother employee experience management.
- **Leadership Connect Building Stronger:** Our Leadership Connect program aims to bridge the gap between employees and leadership. Through regular interactions and feedback sessions, we strive to create a transparent and collaborative work environment.

Our ongoing initiatives, such as the Make an Impact Through Referrals (MITR) program, leverage the power of employee networks to enhance our talent pool and foster a sense of engagement and involvement. Additionally, we organize numerous team-building activities, including off-sites, gaming events and festival celebrations, to strengthen collaboration and commitment among our employees.

DIGITIZATION OF EMPLOYEE MANAGEMENT

In FY 2024-25, we advanced our commitment to employee-centric innovation by digitizing our human resource management processes. This strategic move was driven by the need to enhance operational efficiency and deliver a more seamless and engaging experience for employees across the organization.

The introduction of this digital tool has enabled a comprehensive overhaul of key HR functions such as onboarding, offboarding and personal data management processes. New hires now experience a streamlined onboarding journey, while departing employees benefit from a structured and efficient offboarding process. The platform also empowers employees to manage their personal and dependent information independently, ensuring greater accuracy and accessibility. Additionally, the platform also supports continuous learning and development by offering personalized learning modules and real-time progress tracking, fostering a culture of growth and self-improvement.

This digitization initiative aims to improve the overall employee experience by enabling greater transparency. Operationally, the automation of workflows has led to faster processing times and minimized errors, while the availability of real-time data and analytics has enhanced workforce planning and decision-making.

LEARNING AND DEVELOPMENT

We are dedicated to fostering a culture of continuous learning and development, ensuring our employees are equipped with the knowledge and skills necessary to excel in their roles. Our comprehensive training programs and workshops cover a wide range of topics, reflecting our commitment to employee growth and adherence to the highest standards of corporate conduct. We have digitalized our employee onboarding experience through an online induction module.

We offer personal finance sessions to our employees and associates that are designed to provide valuable insights and practical knowledge, empowering our workforce to make informed financial decisions.

Our culture training program named ‘One Brookfield Properties’ is designed to instill a unified corporate culture across all our properties. This training ensures that all employees, regardless of their location, share a common understanding of our values and operational

standards. We believe that investing in our employees’ development is integral to our success. Our learning and development efforts not only enhanced individual performance but also reinforce our commitment to sustainability excellence. We take pride in our marquee programs, which are tailored to meet the specific needs of our diverse workforce.

We conduct regular Code of Conduct (COC), Anti Bribery and Corruption (ABC), Prevention of Sexual Harassment (POSH) and Gender Based Violence (GBV) training for all employees and associates to ensure a safe and respectful work environment. This training is crucial for maintaining a culture of dignity and respect, aligning with our core values and sustainability commitments.

PERFORMANCE MANAGEMENT

Enhancing Performance Management for an Evolving Workforce

Brookfield India REIT is committed to addressing the performance management needs of our dynamic workforce. To this end, we continually refined our performance management system through a series of strategic interventions. These efforts include the integration of technology, enhancement of our feedback mechanisms and a continuous focus on employee development.

Key initiatives undertaken to improve our performance Management System Include:

Career Conversations:

Facilitating meaningful discussions about career growth and development.

Training Sessions:

Providing comprehensive training on performance evaluation guidelines and processes

Peer Feedback Process:

Implementing a peer feedback system for our leadership team to foster a culture of continuous improvement

Performance Feedback:

Bi-annual one-on-one sessions between employee and manager.

HUMAN RIGHTS

Our commitment to human rights remains non-negotiable for our operations, and we continue to embed respect for these rights across all facets of our business. Our policies and practices explicitly prohibit child and forced labor as well as discrimination based on caste, creed, religion, color, sexual orientation, disability, gender, or any other characteristic. We maintain a zero-tolerance stance against discrimination, harassment, and all forms of slavery, human trafficking and violence, including physical, sexual, psychological and verbal abuse.

In FY 2024-25, we have not only upheld but also enhanced our dedication to ethical sourcing and labor practices. We firmly reject any form of discriminatory treatment within our operations and supply chain, implementing a robust due diligence process to identify and address potential risks. Our comprehensive assessment and mitigation strategies are designed to safeguard the rights and dignity of every individual connected to our business. This year, there are no reported incidents of discrimination or violations concerning the rights of indigenous people.

Human Rights in Vendor Assessments

Our approach to human rights due diligence is both systematic and thorough. We conduct comprehensive human rights assessments for all our vendors to ensure their alignment with our stringent standards. We evaluate our vendors against established criteria and refrain partnerships with those who do not meet these requirements. Additionally, we have established a robust monitoring system to assess our vendors' performance regarding human rights issues, allowing us to identify areas for improvement and collaborate with our partners to enhance their practices.

TRAINING AND AWARENESS

To strengthen our commitment to human rights, we have implemented extensive training programs like Gender-Based Violence (GBV) for our employees, vendors and contractors. These initiatives aim to raise awareness of human rights principles, the significance of ethical labor practices and the role each individual plays in upholding these values. We emphasize the importance of human rights during our vendor meetings and foster a culture of respect and inclusion. Furthermore, 100% of our security personnel receive training on human rights policies and procedures through both initial induction training and regular refresher courses.

RAISING AWARENESS THROUGH GENDER-BASED VIOLENCE TRAINING

Upholding human rights is a core value embedded in our workplace culture. As part of our commitment to fostering a safe, respectful and inclusive environment, we launched a comprehensive Gender-Based Violence (GBV) Awareness and Prevention Training program for employees and associates across our campuses.

This initiative was designed to educate participants on recognizing, preventing and responding to various forms of gender-based violence, including harassment, discrimination and abuse – both within and beyond the workplace. The training modules were developed in collaboration with subject matter experts and included real-life scenarios, legal frameworks and guidance on accessing support systems.

The sessions emphasized the importance of bystander intervention, empathy and creating a culture of zero tolerance toward any form of violence or discrimination.

This initiative reflects our broader commitment to human rights and gender equity, reinforcing our role as a responsible and inclusive employer.

MECHANISM TO REPORT HUMAN RIGHTS CONCERNS

We have established a clear and accessible mechanism for reporting human rights-related grievances or complaints, ensuring that all stakeholders can voice their concerns without fear of retaliation. This mechanism includes multiple channels, such as a dedicated hotline, email and an online reporting platform, allowing individuals to submit their complaints confidentially and securely. We are committed to promptly investigating all reported issues and taking appropriate action to address them. Our processes are designed to uphold transparency and accountability, reinforcing our dedication to protecting human rights and fostering a safe and respectful environment for everyone involved with our operations.

SOCIAL AND RELATIONSHIP CAPITAL

Partner for Thriving Communities

We are committed to creating lasting impact in the communities where we operate through meaningful initiatives. Our efforts are designed to drive measurable outcomes while ensuring operational efficiency and responsible resource use.

In FY 2024-25, we continued to advance projects in partnership with non profit organizations across key focus areas including Environment, Education, WASH (Water, Sanitation and Hygiene), Livelihoods Development, and Health and Nutrition. These initiatives engaged with unprivileged communities and priority groups such as children, youth and the elderly.

These community programs not only contribute to long-term social well-being but also offer our employees opportunities to participate and connect with a larger purpose.

OCCUPIER ENGAGEMENT

Our approach to occupier engagement is rooted in people- and workplace-centric collaboration.

Our Placemaking initiatives, whether promoting a social cause, celebrating events and festivals like Holi and Diwali, Women's Day celebrations, World Food Carnival, Comedy series, World Nature Day, or organizing games, are well received by our occupiers. Additionally, we constantly introduce amenities tailored to our occupiers' needs, such as sports arenas and baby care rooms, ensuring a supportive, nurturing and vibrant experience.

Green Lease Program – Through our Green Lease Program implemented since 2022, we are aiming to influence our tenants towards strengthening the Net Zero movement in India. Till date, more than 15% of our tenants (by leased area) have pledged their commitment to go green by signing a green lease. The Green Lease Program activities include green guidelines and checklists for all new tenants to guide them in fitting out works and operations as well as year-long engagement through sustainability activities and increased resource efficiency.

DIWALI FUSION: CELEBRATING CULTURE AND COMMUNITY AT BROOKFIELD INDIA REIT

In October 2024, Brookfield India REIT hosted a vibrant and inclusive Diwali celebration, themed “Palette of Indian Arts”, to foster a deeper connection with Indian culture and enhance occupier engagement. The event was meticulously planned to create an immersive experience, featuring traditional decorations, cultural performances and interactive activities that resonated with the festive spirit of Diwali.

The primary objective of the Diwali Fusion event was to create an inclusive environment where occupiers could indulge in the festivities and feel a part of the community. The event successfully brought together occupiers from diverse backgrounds, fostering a sense of unity and shared joy.

The event featured a variety of engagement elements, including artistic photo op, cultural performances and dandiya, percussionist and laser show, engagement zones, and occupier talent showcase, which added to the festive atmosphere and provided occupiers with memorable experiences. This celebration not only showcased our dedication to cultural inclusivity but also reinforced our role as a community-centric organization, committed to enhancing the overall occupier experience through smart and engaging initiatives.

COMMUNITY-BASED URBAN FARMING

Brookfield India REIT organized ‘Harvesting Drive’ across our campuses to showcase the benefits of organic farming to our occupier community. The event saw active participation from senior officials of occupier organizations, who came together to harvest seasonal vegetables. The crops were cultivated using our in-house organic compost, leading to promotion of a circular economy model that reduces food waste and enhances soil fertility.

CONDUCTING OUR FIRST THIRD-PARTY NET PROMOTER SCORE (NPS) SURVEY

To better understand tenants’ expectations, identify areas for improvement and enhance service quality, Brookfield India REIT regularly conducts customer satisfaction surveys.

In order to enhance our understanding of tenant experience, this year we partnered with a leading global agency known for their business information and research for rolling out an independent NPS Survey across all our assets.

A NPS (Net Promoter Score) survey uses a single question to gauge customer loyalty and the likelihood of them recommending a product or service to others. It is a simple, yet powerful metric that helps businesses understand customer satisfaction and identify potential issues. In FY2025, we received a Net Promoter Score of 37.

The findings have been made part of a multi-year action plan in order to achieve asset-level improvements to overall tenant experience.

OUR PROJECTS FOR FY2025

Empowering Future Innovators

SDG Alignment Theme : Education

As part of our ongoing efforts to strengthen digital education in underserved communities, we have been steadily building and supporting computer labs in government schools. This long-term initiative focuses on creating inclusive, technology-enabled learning environments that equip students with essential digital skills and prepare them for the future. By integrating IT infrastructure with hands-on learning opportunities, the project is fostering a culture of innovation and self-reliance in education.

1,000+ STUDENTS BENEFITED

5 SCHOOLS EQUIPPED WITH DIGITAL LABS

In collaboration with People for Action Trust, we have empowered hundreds of students with access to modern IT tools and digital learning platforms. Over time, the initiative has evolved from infrastructure deployment to capacity building – where students are now actively applying their skills in real-world contexts. A testament to this progress is the development and launch of school websites – conceptualized, designed and managed by the students themselves. This marks a significant step toward self-sufficiency, as schools begin to independently leverage digital tools for communication and learning.

Most recently, we celebrated the inauguration of our 6th digital lab at Bheem Nagar Government School in Gurugram. The event, graced by Justice Ramendra Jain, also witnessed the launch of six student-built websites highlighting the growing impact and benefit of the program.

We remain dedicated to strengthening education through community-driven digital empowerment – ensuring that every step forward is a step toward lasting, scalable change.

Enhancing student well-being through improved sanitation

SDG Alignment Theme: Healthcare

BY THE WASH
INTERVENTION

To ensure a clean, safe and supportive learning environment, we implemented a comprehensive WASH (Water, Sanitation and Hygiene) project at Tikri School in Gurugram. This initiative was designed to improve sanitation infrastructure, maintain hygiene standards and foster long-term behavioral change among students and staff.

The project focused on the deployment of trained personnel, regular maintenance and hygiene education – ensuring that the school environment remains conducive to learning. By maintaining toilet facilities built in FY2023 and upholding cleanliness protocols, the intervention has significantly reduced health risks, improved attendance and enhanced students’ ability to focus and thrive academically.

Beyond physical infrastructure, the initiative has contributed to students’ mental well-being and dignity, especially for adolescent girls, by providing safe and hygienic sanitation facilities. These improvements are essential for holistic development and long-term educational outcomes.

We continue to support the school with ongoing maintenance and capacity-building efforts – reinforcing our commitment to sustainable, community-centered development.

Restoring Ecosystems through Native Afforestation

SDG Alignment Theme: Environment

RATE

To strengthen our commitment to environmental stewardship, we are driving a comprehensive afforestation project focused on restoring degraded landscapes and enhancing biodiversity through the plantation and maintenance of native tree species. The project aims to build resilient, self-sustaining ecosystems that contribute to climate action and community well-being.

In collaboration with the Sankalpstar Foundation, we planted 4,600 native saplings in Nuh, Haryana, transforming barren land into thriving green spaces. Designed with a three-year maintenance plan, the initiative focuses on improving soil health, increasing green cover and promoting ecological balance by planting region-specific, climate-resilient tree species.

This project also supports local livelihoods by providing fodder resources for livestock and encouraging biodiversity. Leveraging tech-enabled platforms for geotagging and real-time monitoring, we ensure transparency, data-backed progress and long-term accountability.

Over the past three years, this initiative has achieved a 95% sapling survival rate, reflecting our commitment to environmental sustainability and effective execution. We continue to scale this project across locations, reinforcing our vision of a greener, more sustainable future.

Alignment with Sustainability Strategy

Our CSR projects are closely aligned with our sustainability goals and strategy, focusing on areas such as net zero, water conservation and biodiversity. Projects are selected based on local needs and their relevance to our sustainability objectives. For example, afforestation projects contribute to carbon capture, supporting our climate goals, while lake rejuvenation efforts aid in water conservation. Additionally, installing toilet facilities in nearby schools enhancing sanitation and hygiene, promoting essential social development. In the education sector, we provided ongoing maintenance and course structure support for schools, aligning with both social and educational aspects of our sustainability and business strategy. We will continue to undertake CSR projects that align with our values to amplify our social impact.

SDG Alignment

500+
INDIVIDUALS
BENEFITED

We are committed to creating meaningful, long-term impact in the communities we serve. Our social initiatives go beyond financial contributions to include the active involvement of our employees, reinforcing our belief in collective responsibility and shared progress.

As part of our community engagement efforts, we have partnered with The Earth Savors Foundation, an organization dedicated to the care and well-being of underprivileged senior citizens. For FY 2024-25, we have committed to supporting the Foundation's core operations, including the provision of nutritious meals, hygiene essentials, medicines and assistance for caregivers and medical staff.

In addition to operational funding, our employees contribute their time through volunteer activities, helping foster a sense of dignity, connection and community for the residents. The Foundation also provides regular health check-ups, consultations and wellness initiatives, enabling holistic care and support.

SUPPLY CHAIN AND RESPONSIBLE PROCUREMENT

Partnering for Performance and Responsibility

Brookfield India REIT is dedicated to integrating sustainability principles into operations, including supply chain and vendor selection process. Recognizing the crucial role the suppliers play in our sustainability journey, we strive to build a supply chain that reflects our corporate sustainability and citizenship values.

SUSTAINABILITY SCREENING AND DUE DILIGENCE

Senior leadership ensures rigorous due diligence during vendor onboarding. The procurement team oversees a thorough screening process assessing quality, service and social and environmental responsibility. This includes evaluating vendors’ policies and performance on energy efficiency, waste management, labor practices and ethical conduct. Preference is given to suppliers with QEHS certifications (ISO 9001, ISO 14001, ISO 45001).

Supplier self-assessments, audits, and regular reviews ensure ongoing compliance. Third-party screening categorizes vendors by risk based on transaction value and government exposure. Legal reviews consider business risk alongside sustainability criteria. Vendor onboarding mandates 100% ratification of our Code of Conduct, fostering trust and shared objectives. Assessments confirm no incidents of child or forced labor and screen for adverse environmental, health, or safety reports.

SUSTAINABLE PROCUREMENT AND DOMESTIC SOURCING

Sustainable procurement remains central to our operational strategy. In FY 2024-25, 99.8% of our total procurement was sourced domestically, supporting local economies and reducing environmental impact. Additionally, 14% of our total spend was directed towards MSMEs, reinforcing our commitment to inclusive economic growth and supply chain resilience.

Our procurement team works closely with ESG, HR, and Operations to embed responsible sourcing into all aspects of our operations. Key sustainability interventions include the use of RECD filters, non-asbestos and ES filter materials, disability-friendly practices, chiller management, non-chemical water treatment and responsible disposal of e-waste and battery waste.

VALUE CHAIN RESPONSIBILITY

We engage proactively with our supply chain to promote responsible business practices. Our annual supplier meets serve as platforms for sharing best practices and advancing suppliers’ sustainability journeys. Key suppliers receive regular training to ensure adherence to ethical and sustainable standards.

Suppliers are evaluated monthly on climate-related performance metrics, including energy and emissions reduction, water and waste management, biodiversity preservation, and health and safety. These evaluations are reviewed by senior management, with performance incentives linked to SLAs to encourage continuous improvement.

We maintain transparency and mitigate risk through multiple vendor RFPs, ensuring fairness and accountability in procurement. We also involve suppliers in climate awareness and community engagement initiatives such as plogging drives and Environment Day campaigns, further reinforcing our shared sustainability objectives.

Advocacy with Accountability

We are committed to engaging in public policy with transparency, integrity and accountability. While we do not make political contributions, our advocacy efforts focus on sustainable development and alignment with our core values. We publicly disclose our positions and activities, reinforcing our commitment to environmental responsibility, social progress and inclusive economic growth. As a founding member of the Indian REITs Association (IRA) – established under the guidance of SEBI and the Ministry of Finance – we actively support the development of India’s REIT ecosystem. In December 2024, our CEO and Managing Director, Mr. Alok Aggarwal, was elected Chairman of IRA.

We collaborate with a wide network of government and industry bodies to shape forward-looking policy frameworks. These include NASSCOM, the Urban Land Institute (ULI), Indian Green Building Council (IGBC), Asia Pacific Real Assets Association (APREA), British Safety Council (BSC) and the CII-Indian Business Disability Network (IBDN). We also engage with bilateral trade bodies such as AMCHAM, Indo-German, Indo-Canadian and the Swiss Indian Chamber of Commerce to support international collaboration. Through these partnerships, we aim to drive meaningful change and integrate sustainability into sectoral and national priorities.

NASSCOM GREENTABLES PARTNERSHIP

As a key partner in NASSCOM's Greentable initiative, we support the technology sector's efforts to address complex sustainability challenges. In 2024, we hosted a high-impact leadership roundtable at Candor TechSpace, Sector 135, Noida, bringing together senior leaders to explore actionable solutions on Scope 3 emissions and renewable energy adoption in leased buildings. The dialogue also focused on improving tenant engagement around EV infrastructure. Through such initiatives, we promote sustainability as a shared responsibility and a strategic priority across industries.

RISK ASSESSMENT AND MANAGEMENT

Our Enterprise Risk Management (ERM) framework integrates risk assessment into the overall strategy to protect stakeholders and support informed engagement. It enables systematic identification, evaluation, management and monitoring of risks with potential short- and long-term business impact.

While our risk policies and procedures are currently being updated, the core principles – identification, assessment and mitigation – remain intact. The Risk Management Committee oversees the framework, guided by global standards and applicable REIT regulations. Early identification is key. The Committee, supported by a designated risk leader, evaluates enterprise-level risks using internal and external inputs, including stakeholder feedback. Risks are then assessed for impact, likelihood and response capability, forming the basis for appropriate mitigation strategies.

OUR THREE-TIERED APPROACH TO ENSURE REGULATORY COMPLIANCE

Compliance Audits and Reviews

We engage third-party reviewers for independent assessments to enhance assurance. The evaluations identify improvement areas and help strengthen our compliance efforts

Internal Compliance Certificate

An internal management information system provides regular reports to management on key compliance status across our Special Purpose Vehicles (SPVs)

Digital Compliance Tool

This tool facilitates self-attestation by functional teams and maintains a comprehensive compliance record with a full audit trail

KEY ELEMENTS OF REGULATORY COMPLIANCE MONITORING

External and Internal Audits

- Internal compliance certificates provide management insights
- External audits offer independent validation
- Digital compliance tool supports self-attestation and maintains an audit trail

Ethical Business Conduct

- Commitment from the board and senior management to high ethical standards
- Operations grounded in honesty, integrity, fairness and respect

Robust Sustainability Framework

- Asset development and management focused on environmental sustainability and positive social impact
- Emphasis on ethics, integrity, transparency and regulatory compliance

Multi-Tiered Assurance Mechanism

- Built on ethical practices and full regulatory compliance

Impact on Stakeholders

- Regulatory compliance is critical for maintaining trust with banks and investors

Statutory Compliance Reporting

- Reporting related party transactions and cross-entity involvements to Audit Committee

TRANSPARENCY AND REPORTING

We view transparency and reporting as vital to strong governance and stakeholder trust. We adhere to strict guidelines to share accurate, timely and clear information regularly, covering financial and non-financial aspects such as sustainability efforts, social impact and governance. This commitment ensures regulatory compliance while emphasizing accountability across our operations.

Sustainability Reporting

We openly disclose progress against sustainability KPIs, highlighting our dedication to environmental responsibility and ongoing improvement.

Board and Investor Reporting

We provide regular, detailed updates to the board and investors, keeping them well-informed on operations and strategic decisions.

Incident Reporting Mechanisms

We encourage prompt reporting of work-related incidents through accessible channels like drop boxes and help desk systems, supporting proactive incident management.

CASE STUDY

NOMINATION AND REMUNERATION COMMITTEE

The Nomination and Remuneration Committee (NRC) oversees the nomination and selection of directors for Brookprop Management Services Private Limited. It evaluates board composition, identifies suitable candidates, manages succession planning and sets executive compensation policies. The committee ensures remuneration is competitive, based on qualifications, independence and attributes, to attract and retain top talent. It also evaluates the director's performance and recommends appointments and pay for senior management.

Performance Evaluation Process

NRC and Board approve tailored questionnaires

Questionnaires distributed to Board members for feedback

Responses compiled and analyzed

Outcomes discussed and performance feedback shared

DATA PRIVACY AND CYBERSECURITY

We maintain robust compliance programs to safeguard data privacy and security across all operations. Leveraging advanced tools, we prevent data loss, unauthorized access and breaches – proactively protecting sensitive information.

Handling large volumes of data daily, we prioritize privacy to ensure regulatory compliance, build stakeholder trust and protect our reputation and financial stability. Our Disaster Recovery and Business Continuity Plans are regularly updated to maintain operational resilience. We strictly comply with global privacy laws like GDPR, demonstrating our commitment to data protection.

Data Privacy

- **Privacy Compliance:** Strict adherence to GDPR and other regulations; dedicated privacy officer appointed
- **Data Masking:** Dynamic masking to secure Personally Identifiable Information (PII)
- **Data Classification:** Enforced per DPDP Act requirements
- **Data Loss Prevention:** Use of resilience tools to prevent data loss
- **Policy Training:** Regular employee training in data privacy and legal obligations

Advanced Tools

- Utilization of Zscaler for secure browsing and Qradar SIEM for log monitoring

Cybersecurity

- **Zero-Trust Architecture:** Strong access controls with continuous verification
- **Continuous Monitoring:** 24/7 Security Operations Center (SOC) for threat detection and response
- **Employee Training:** Frequent awareness programs to counter phishing and social engineering
- **Advanced Tools:** Zscaler for secure browsing; Qradar SIEM for log monitoring
- **Authentication Enhancements:** Single Sign-On (SSO) and Multi-Factor Authentication (MFA) to secure access

Authentication Enhancements

- Deploying Single Sign-On (SSO) and Multi-Factor Authentication (MFA) to secure user access

ETHICS, INTEGRITY AND ABC

We prioritize ethical conduct and integrity. All employees, directors and vendor partners commit to our Code of Conduct at the start of their association and reaffirm this commitment annually to ensure ongoing compliance.

The Code is regularly reviewed and updated, with changes communicated by the CEO and Managing Director to keep it relevant and practical. This framework enables timely identification and resolution of concerns, fostering a safe, respectful and ethical workplace.

GRIEVANCE REDRESSAL

Independent Mechanism: Operated by an autonomous entity, accessible 24/7 as a vital grievance channel

Confidential Reporting: Anonymous hotline for reporting unethical, illegal or hazardous behavior, ensuring protection from retaliation

Timely Resolution: Reports are addressed promptly, with resolutions targeted in set timeframes

Remediation Actions: Corrective measures are implemented proportionate to the severity of confirmed violations

Awards, Accolades and Certifications

We have received various honors from esteemed organizations for our exceptional performance. These accolades reflect our dedication to excellence and innovation, inspire our team and assure stakeholders of our commitment and reliability.

Management Discussion and Analysis

By directors on activities, financial condition, result of operations of the Brookfield India REIT during the year, forecasts and future course of action

Our office parks primarily serve marquee tenants who find them ideal for conducting business efficiently and ensuring higher satisfaction among employees. In FY2025, our office parks attracted marquee office tenants like Capgemini, Teleperformance, Fidelity and Cognizant. As of March 31, 2025, Brookfield India REIT's portfolio comprises 251 multi-sectoral office tenants. Of the gross contracted rentals, 25% was contracted with technology companies, 20% with financial services companies, 12% with consulting companies, 3% with healthcare companies, 7% with telecom companies and 33% with others. Fortune 500 companies occupy 25% of the leased area. Also, the percentage of area occupied by MNCs is 33% of the leased area. Top 10 tenants accounted for 33% of the Gross Contracted Rental.

- Standalone Financial Statements of Brookfield India REIT for the financial year ended March 31, 2025 and March 31, 2024 are from April 1, 2024 to March 31, 2025 and April 1, 2023 to March 31, 2024 respectively.
- Consolidated Financial Statements of Brookfield India REIT for the financial year ended March 31, 2025 are prepared by consolidating the Asset SPVs, CIOP and MIOP* from April 1, 2024 to March 31, 2025 (except Aspen, Oak, Arnon and Rostrum)** and Consolidated Financial Statements of Brookfield India REIT for the previous financial year ended March 31, 2024 are prepared by consolidating the Asset SPVs**, CIOP and MIOP* from April 1, 2023 to March 31, 2024, (except Candor Gurgaon One and Kairos) and Candor Gurgaon One from August 18, 2023 to March 31, 2024 and Kairos from August 28, 2023 to March 31, 2024, as the same were acquired by Brookfield India REIT on these respective dates.

*MIOP was acquired by Brookfield India REIT on January 7, 2025, the acquisition of MIOP has been accounted using pooling of interest method, in accordance with Appendix C of Ind AS 103 "Business Combinations", in consolidated financial statements of Brookfield India REIT. Accordingly, the financial information in the consolidated financial statements of Brookfield India REIT, in respect of prior period is presented as if the business combination under common control had occurred with effect from April 01, 2023. Pursuant to this, related income and expense have been eliminated with effect from this date.

**On June 21, 2024, Brookfield India REIT acquired a 50% interest in Rostrum, which in turn holds (a) 100% interest in Aspen, Oak and Arnon. The investment in Rostrum is accounted for in the Consolidated Financial Statements using the equity method of accounting with effect from June 21, 2024. Under the equity method of accounting, the investment is initially recognized at cost on the date of acquisition and adjusted thereafter, to recognize the Brookfield India REIT's share of the post-acquisition profits or losses (after tax) of Rostrum.

EXECUTIVE OVERVIEW

Brookfield India REIT is India’s only 100% institutionally managed office real estate investment trust listed on BSE and NSE, owning and operating Grade-A office space. Our sponsor is an affiliate of Brookfield Corporation, whose asset management division is one of the world’s largest alternative asset manager with over \$1T in assets under management across real estate, infrastructure, renewable power, private equity and credit and a global presence in more than 30 countries. As of March 31, 2025, Brookfield India REIT owns and operates ten¹ Grade-A assets, having world-class amenities in key gateway markets of Mumbai, Gurugram, Noida, New Delhi, Kolkata and Ludhiana. These fully integrated, campus-format office parks have a total leasable area of 29M sf, comprising 24.5M sf of operating area, 0.58M sf of under construction area and 3.9M sf of future development potential as on March 31, 2025. Deriving 97% of their value from operational buildings, these stabilized assets have an effective economic occupancy of 88% and is leased to marquee multinational corporations such as Tata Consultancy Services, Accenture, Bharti Airtel Limited, Cognizant Technology Solutions India Private Limited, Capgemini, Deloitte among others. While a WALE (weighted average lease expiry) of seven years, provides stability to the cash flows of our portfolio giving high future rental visibility, we are well-positioned to achieve further organic growth through a combination of contractual lease escalations, mark to market headroom of in-place rents and lease-up of vacant areas.

¹ Assets held by Festus Properties Private Limited and Kairos Properties Private Limited in Downtown Powai are counted as single Grade-A assets in Mumbai and Assets held by Oak Infrastructure Developers Private Limited and Aspen Buildtech Private Limited in Aerocity, New Delhi are counted as single Grade-A assets.

We are committed to industry-leading sustainable development to deliver long-term value to our stakeholders and to the communities we operate in. Some of our recent sustainability initiatives include achieving 40% renewable power for occupiers across four of our campuses (Candor TechSpace G1, Candor TechSpace G2, Candor TechSpace N1 and Candor TechSpace N2) with total leasable area of 15.5M sf, as of March 31, 2025. Further, we are actively tracking our emissions, closely working with relevant stakeholders and aim to achieve a net zero carbon footprint by 2040 or sooner and 100% renewable power across the portfolio by 2027.

We have also been recognized for our sustainability efforts with accolades including a 5-star rating awarded by GRESB for three consecutive years (2022, 2023 and 2024) and ranking #1 in Asia for our “Management Score” for two consecutive years (2023 and 2024) with a 100% score in governance indicators and finally as a Global Sector Leader for Sustainable Mixed-Use Development in relation to our ongoing development at Candor TechSpace K1.

All our properties are benchmarked to ISO 9001, ISO 14001 and ISO 45001 standards.

For key properties, we have received ISO 50001 gold or platinum ratings by the Indian Green Building Council (“IGBC”), Sword of Honor for Safety by the British Safety Council and 5S gold rating by the Confederation of Indian Industry. We adopt strong corporate governance practices and half of the Board of the Manager comprises independent directors. Additionally, we maintain protocols that are aimed at protecting the interests of unitholders, including a conservative leverage profile, simple and low fee structure and stringent oversight on related party transactions.

We believe that our office parks are amongst the highest quality ones in India, providing a complete ecosystem and growth-centric environment to multinational corporates and technology companies. Our office parks are distinguished by their size and scale, accessibility to mass transportation, high entry barriers for new supply and robust rental growth rates.

Our Approach to Deliver Sustained Risk-Adjusted Returns to Unitholders

ECONOMY AND INDUSTRY OVERVIEW

Indian Macro-economy Review

India is poised to lead the global economy once again, with the International Monetary Fund (IMF) projecting it to remain the fastest growing major economy over the next two years. According to the April 2025 edition of the IMF's World Economic Outlook, India's economy is expected to grow by 6.2% in 2025 and 6.3% in 2026, maintaining a solid lead over global and regional peers.

The April 2025 edition of the WEO shows a downward revision in the 2025 forecast compared with the January 2025 update, reflecting the impact of heightened global trade tensions and growing uncertainty despite this slight moderation, the overall outlook remains strong. This consistency signals not only the strength of India's macroeconomic fundamentals but also its capacity to sustain momentum in a complex international environment. As the IMF reaffirms India's economic resilience, the country's role as a key driver of global growth continues to gain prominence.

India's economic outlook for 2025 and 2026 remains one of the brightest among major global economies, as highlighted by the IMF. Despite global uncertainties and downward revisions in growth forecasts for other large economies, India is set to maintain its leadership in global economic growth. Supported by strong fundamentals and strategic government initiatives, the country is well-positioned to navigate the challenges ahead. With reforms in infrastructure, innovation and financial inclusion, India continues to enhance its role as a key driver of global economic activity. The IMF's projections reaffirm India's resilience, further solidifying its importance in shaping the global economic future².

India's economic outlook remains strong and India is projected to remain one of the fastest-growing large

economies, reaffirming its dominance in the global economic landscape. Stabilizing inflationary trends have enabled the Reserve Bank of India to cut the repo rates twice in the past few months and this would help boost liquidity for the businesses.

The Indian office market witnessed record-breaking leasing performance in 2024 and is poised for sustained momentum in 2025 as well, cementing India's reputation as the office to the world. As per the industry reports, Q1 of calendar year 2025 witnessed gross leasing activity of over 20M sf. Spaces taken up by GCCs played a key role in strengthening office adoption where GCC is contributing a share of over 30% in the overall office space leasing in Q1 of calendar year 2025.

INDIAN OFFICE MARKETS – KEY STATISTICS

The Indian office market has evolved significantly over the last few decades, becoming one of the most dynamic real estate segments in the country. Driven by robust economic growth, the rise of the service sector and a growing demand for office space from both domestic and international companies, India's office market is now a vital component of its real estate ecosystem.

Many multinational corporations (MNCs) have expanded their presence in India, setting up regional headquarters and outsourcing hubs. With the rise of remote working post-pandemic, companies are rethinking office layouts. This has created new opportunities in terms of office design and usage.

The Grade-A office stock depicted below has shown a CAGR of approximately 9% in the time period CY2008 – Q1 CY2025. The individual CAGRs witnessed by top 7 cities in the period CY2008 – Q1 CY2024 have been in the range of 7% to 14%. The highest CAGR is witnessed by Hyderabad, viz., 14%.

² Press Information Bureau, Ministry of Finance, April 23, 2025

The previous graph demonstrates that Bengaluru, Mumbai, NCR and Hyderabad have been seeing the largest share of office stock in India since 2008. The share of Hyderabad has gradually increased from 8% (in CY2008) to 16% (in Q1 CY2025). Mumbai and Pune have also seen an increasing trend in their percentage contributions to total stock over the same period. Interestingly, the combined stock of Bengaluru, Mumbai and NCR has consistently been more than 60% of the entire stock presented in the previous chart since 2008. Moreover, Kolkata, although contributing less than 3% in the annual stock of top 7 cities, has retained investor interest over the years owing to its unique positioning as the gateway to East India.

India's commercial real estate market is witnessing unprecedented growth, with 2024 emerging as a record-breaking year for the office sector. This performance reflects strong demand from both domestic and international occupiers. CY2024, Gross Leasing Volume (GLV) reached an all-time high of 87M sf, representing a 19% increase over 2023. Building on this momentum, Q1 of CY2025 has already recorded over 20.2M sf in gross leasing.

The office business in India is driven by access to cost effective, skilled labor at notable scale. This demographic trends is in early stage and is not materially impacted by short-term fluctuations in GDP growth projections, the near-term outlook of the domestic banking sector, etc.

Prominent Trends in India Office Market

Changing profile of Tenants – The scope of work of technology occupants and GCCs (Global Capability Centers) has seen an improvement over the past years. The tenants have moved from low-end support work to high-value work such as analytics, artificial intelligence, etc. Such tenants tend to focus on building quality amenities and facility management and are comparatively less sensitive to costs.

Increasing Demand for High-Quality Office Space –

Youth-driven businesses, changing lifestyles and the need for flexible work drives the tenants to look for superior quality Grade-A office spaces with amenities such as food court, gymnasium, retail facilities, etc. Additionally, largescale organized market-level infrastructure will be the key differentiator when leading tenants select markets going forward.

Consolidation and Expansion Strategies – Companies in India, especially GCCs, have started consolidating and expanding their offices to suburban/peripheral locations

due to multiple driving factors. Some of these factors include improving operational efficiency, synergies due to consolidation in one integrated park, lower costs through economies of scale, etc. These tenants also prefer consolidation in the parks that are established by organized developers due to the large scale of the assets and the future development potential in the existing parks.

Organized Office Developers – India's office real estate landscape has evolved significantly over the years. In recent times, occupiers are increasingly gravitating toward institutionally backed developments, led by single-owner developers who focus on delivering high-quality office spaces with top-tier amenities. This shift is driven by the growing demand for premium office environments and the preference for developers with strong financial backing and the ability to offer consistent quality and service. With multinational tenants now prioritizing well-managed, high-quality developments, the emphasis has moved toward developments that provide not only superior office spaces but also a comprehensive range of amenities to support a modern, dynamic work environment. As a result, the market is witnessing a stronger preference for these large-scale, institutional-grade developments, which provide long-term stability and meet the evolving demands of today's occupiers.

Environmental, Social and Governance (ESG) compliance – Sustainable practices have become a priority so that developers can redefine their strategies based on ESG, workspace amenities and the evolving employee-company connection. Consequently, developers are now investing additional CAPEX and ESG-specific clauses to ensure green-certified buildings.

Tenant Relationship Strategies – Tenant relationships in India have improved as organized real estate developers offer integrated high-quality parks/campuses with developed ecosystems offering amenities such as retail facilities, crèches, food and beverage facilities that are in line with the current and potential demand of these tenants.

Increasing demand from Indian-origin IT service companies –

The gross absorption for office spaces from Indian-origin IT firms increased from 4.52M sf in CY2016 to 8.10M sf in CY2024 due to higher adoption of asset-light leasing office space as against capital intensive office ownership. Q1 CY2025 has already witnessed gross absorption of 2.56M sf by Indian-origin IT firms.

Key Demand Drivers for Grade-A Office Parks

The demand for office space in the nation is driven by reasons such as flexibility, comfort and convenience. Most businesses in various industries, including IT, manufacturing, BFSI, startups and even boutique businesses, are looking for office space to accommodate their employees. Additionally, many companies intend to expand to new areas, open remote or satellite offices, or both; this is adding to the demand for these spaces. The importance of office workspace would be more from the point of attracting and retaining employees by providing them space to connect, socialize and collaborate. Grade-A office parks that offer world-class amenities and infrastructure are an ideal location to bring people together.

Technology development has elevated commercial real estate to a new level. It is now feasible to offer virtual property tours, improve customer relationship management, conduct online transactions and improve communication between the seller and the buyer, thanks to cutting-edge technologies like artificial intelligence, virtual reality, data analytics and others.

Looking ahead, a Cushman & Wakefield industry report emphasizes that the commercial real estate space is set to benefit from key sectors that will drive demand. It states that India's office space market has witnessed a strong growth momentum due to positive performances of tech and innovation hubs and the expansion plans of BSFI players. The availability of skilled talent is also a strong demand driver in the market. Commercial real estate is expected to gain a strong impetus from the following sectors:

Information Technology: India's technology services sector has successfully transitioned from being a low cost support and business process outsourcing location to a hub for high-end value-added services and digital business offerings (IoT, cloud, analytics, block chain and digital solutions).

The technology industry has demonstrated resilient growth in FY2025. Overall revenue, including hardware, is estimated to reach ~\$283B, reflecting a 5.1% year-on-year increase and an addition of nearly ~\$14B over the previous year.

The global sourcing spend rose by 3% in CY2024, reaching between ~\$289 and ~\$294B, compared with ~\$280 to ~\$285B in CY2023. India continued to lead as the most preferred global sourcing destination, accounting for 57-58% of total sourcing spend.

In FY2025, India's Technology industry is projected to contribute 7.3% to India's GDP.

Global Capability Centers (GCCs): GCCs in the country continue to catalyze business transformation, ably supported by innovative rigor, digital-only mindsets and future-ready talent. India has the lowest demand-supply gap in the world in terms of tech talent. Proliferation of digital technologies and a maturing technology ecosystem are actively adding to the growth of GCCs in India. Due to availability of a skilled talent pool at competitive prices and affordable infrastructure, India continues to gain higher traction from MNCs for establishing GCCs. Although cost arbitrage brought GCCs to India, the talent proposition has made them stay and prosper.

Indian tech sector is on its way to become the global technology and innovation hub, which is reflected in the increasing share of MNCs and GCCs which today account for nearly 50% of the total tech sector revenues in the country. Over the last five years, the number of GCCs in the country have increased from 1,285+ in FY2019 to 1,750+ GCCs in FY2025 employing over 1.9M professionals.

GCCs will remain at the forefront of new-age technology-enabled solutions for providing end-to-end support on complex work areas to deliver business impact that goes well beyond cost-savings and operational improvement.

Fintech: India is amongst the fastest growing fintech markets in the world and the third-largest fintech ecosystem globally with over 10,244 fintech start-ups in India. In the last two years, the contribution of the fintech industry towards driving the demand for office space has increased exponentially due to the increased digital adoption and a healthy pipeline in potential unicorn list. India's fintech industry is solidifying its position as a global leader with a market value of \$90B and 26 fintech unicorns.

By 2030, India's fintech market opportunity is estimated to be \$2.1T due to an increase in Unified Payments Interface (UPI) and Quick Response (QR) code-based merchant payments, along with a boost in cashless payments. The increased entrepreneurship and rapid growth of startups presents the remarkable growth story for India office space. The government's push towards digitization and the ease of doing business has created a massive opportunity for the startup ecosystem. The sector has attracted the interest of investors, which in turn is boosting the segment to scale up and is creating enormous demand for the office space.

Financial Services: The financial services industry is expected to witness increased activity over the next decade due to the grant of new banking licenses, expansion of existing banks and NBFCs (non-banking financial company) and an increasing financial penetration led by the government's push on digital services. The expected rise of the banking and insurance sector on the back of these measures will be conducive for the contribution of the financial services sector in the future demand for office space.

E-Commerce: According to NASSCOM, India surpassed USA to become the second-largest online consumer base. The growth rate in the e-commerce industry scaled up exponentially during the pandemic period. Segments like e-retail, e-grocery, electronics and devices, etc., saw tremendous growth. According to NASSCOM, e-commerce witnessed a record double-digit growth at 35% and reach \$196B in FY2025E compared with \$145B in FY2024. The Indian e-commerce industry is showing an upward growth trajectory and is estimated to surpass the US economy in this sector. This growth can be attributed to the growing telecom subscribers base, technologically advanced youth, availability of internet at

cheaper prices and push from the government towards digitization. As the D2C (direct-to-consumer) market takes off, it is expected to give rise to a large expansion in offline outlets too. With the increasing demand and supportive infrastructure, many Indian private equity firms are looking forward to investing in the sector. As the growth of the sector is expected to increase manifold, the demand for real estate infrastructure is also expected to increase proportionately.

PERFORMANCE REVIEW FY2025

Brookfield India REIT Performance

Our fiscal 2025 has been a remarkable all-round performance, delivering strong leasing, double digit same-store growth, higher distributions and a marquee acquisition. Our ₹ 47B of capital issuance reflects investor confidence in our long-term strategic vision. With 2.0M sf of ongoing conversions in our SEZ properties and a robust leasing pipeline, we are well-positioned for sustained growth over the next year.

Our key business highlights for the financial year 2025 are set forth below:

Leasing

- Achieved gross leasing of ~3.0M sf, including 2.2M sf of new leasing and 0.8M sf of renewals. More than 50% of the leasing was in SEZ properties, indicating steady demand recovery
- Committed occupancy increased by 6% YoY backed by robust leasing efforts
- Achieved 8.7% average escalation on 6.4M sf of leased area and a mark to market of 19% on re-leasing of 1.8M sf

Financials

- Income from Operating Lease Rentals grew by 36% YoY to ₹ 17,489M (from ₹ 12,829M in FY2024)
- Net Operating Income³ – grew by 37% YoY to ₹ 18,540M (from ₹ 13,500M in FY2024)
- Announced distributions totaling ₹ 10,537M (₹ 19.25 per unit), 8.5% higher than FY2024

Acquisition and Capital Raise

In Q1 FY2025, completed the acquisition of a 50% stake in a 3.3M sf commercial portfolio in Delhi-NCR from Bharti Enterprises for ₹ 12,280M

- Issued 40.93M units to Bharti Enterprises at ₹ 300 per unit (18.5% premium to floor price)
- In Q3 FY2025, raised ₹ 35B via QIP, backed by marquee global and domestic investors, creating headroom for future growth

³ Excluding income support in Candor TechSpace N2 and Candor Gurugram G1

ESG

- Received 5-star rating from GRESB for the third consecutive year
- Recognized as Global Sector Leader for Sustainable Mixed-use Development (Baytown, Kolkata)
- Ranked #1 in Asia for Management Score with 100% governance score
- Achieved 40% renewable energy transition for 15.4M sf across Gurugram and Noida assets via Brookfield's Bikaner Solar Project
- Completed Phase 1 of green energy transition at Noida campuses, reducing 11,000 MT of CO₂ emissions annually
- Received the EDGE certification in Downtown Powai (SEZ) for more than 20% savings in energy, water and embodied energy from benchmark
- Received WELL Equity Rating for North Commercial Portfolio demonstrating strong sustainability focus

We expect leasing momentum to remain strong in the financial year 2026 as well. With a dual offering of SEZ and non-SEZ spaces across our campuses, we are well-positioned to attract a diverse tenant base and accelerate our journey towards higher occupancy.

Leasing Updates

FY2025 marked a strong year for Brookfield India REIT, with gross leasing of ~3.0M sf comprising 2.2M sf of new leases and 0.8M sf of renewals. This resulted in 6% YoY increase in committed occupancy, which stood at 88% as of March 31, 2025. The average re-leasing spread was 18%, reflecting sustained demand for our well-located, high-quality Grade-A assets. We also delivered

strong organic growth, achieving average contractual escalations of 8.7% across 6.4M sf of leased area during the year.

Global Capability Centers (GCCs) continued to drive robust leasing traction, contributing approximately 0.9M sf of new leasing. Key transactions during the year include marquee tenants such as Fidelity, General Mills, Ergo and Aristocrat, among others.

To further unlock leasing potential, we continued the strategic conversion of SEZ spaces into Non-Processing Areas (NPAs). As of March 31, 2025, we have converted 1.5M sf of SEZ space into NPAs, including 0.1M sf in Candor TechSpace N2 during Q4 FY2025. Of this, 0.8M sf has already been leased out (0.58M sf in Candor TechSpace K1 and 0.2M sf in Candor Gurgaon One). Additionally, 0.5M sf in Candor TechSpace G2 is currently under conversion, which will take the total NPA-converted area to 2.0M sf across the portfolio.

Tenant Profile

Our office parks primarily serve marquee tenants who find them ideal for conducting business efficiently and ensuring higher satisfaction among employees. In FY2025, our office parks attracted marquee office tenants like Capgemini, Teleperformance, Fidelity and Cognizant. As of March 31, 2025, Brookfield India REIT's portfolio comprises 252 multi-sectoral office tenants. Of the gross contracted rentals, 33% was contracted with others, 25% with technology companies, 20% with financial services companies, 12% with consulting companies, 7% with telecom companies and 3% with healthcare companies. Fortune 500 companies occupy 25% of the leased area. Also, the percentage of area occupied by MNCs is 33% of the leased area. The top 10 tenants accounted for 33% of the Gross Contracted Rental.

Key Operational Developments at Properties

Brookfield India REIT is focused on continuously enhancing the value proposition to tenants through investments in upgrading premises and introducing better amenities.

In FY2025, we are in the process of construction and development of 0.58M sf of mixed-use commercial office and retail space on 3-acre plot located at IT/ITeS hub of New Town, Kolkata owned by Candor TechSpace K1. The projected timelines for completion of construction is June 2026. Further, over and above ₹ 2,013M towards ongoing development in Candor TechSpace K1, we are undertaking capex program of ₹ 1,616M towards asset upgrades/ tenant improvements across our asset SPVs.

FACTORS AFFECTING BROOKFIELD’S ACTIVITIES, RESULTS OF OPERATIONS AND FINANCIAL CONDITION

We face certain risks and challenges of both internal and external relevance. These have the potential to adversely impact our business, performance and financial conditions. At Brookfield India REIT, we are actively tracking these risks and challenges as well as undertaking actions to mitigate them. In this context, please also refer to the “Risk Factors” section of this report on pages 300 to 303.

General Macroeconomic Scenario Especially in Our Operational Markets

The general economic condition of India, the state of the overall commercial real estate and particularly the performance of commercial real estate sector in the markets of Delhi, Mumbai, Gurugram, Noida, Kolkata and Ludhiana, where our assets are located, have a significant impact on our results of operations. The supply and demand for commercial real estate is affected by several factors including prevailing economic, income and demographic conditions, domestic employment levels, changes in and manner of implementation of governmental policies, prevailing interest rates, changes in applicable regulatory schemes, demand from multinational corporations and the availability of financing and outbreaks of infectious diseases such as the COVID-19 pandemic. Growth in GDP and per capita income in India is likely to result in an increase in demand for commercial

real estate. Conversely, a slowdown in the Indian economy could adversely affect our results of operations, especially if such a slowdown were to be continued and prolonged. Further, global economic conditions may also affect our results of operations since several of our tenants export services or products from India, are GCCs or are affiliates of multinational companies.

In the past, as a result of the implementation of lockdowns and other restrictive measures in response to the spread of the COVID-19 pandemic by the Government of India, the Indian economy, including the real estate sector, faced significant disruptions. This led to disruptions in our operations for certain periods. For instance, some of our tenants sought deferrals on their rental payments and lease commencement dates for new leases, or prematurely terminated the lease agreements in a limited number of cases. Further, our Manager provided rent waivers to amenity and food and beverage tenants. In addition, we had reduced our common area maintenance cost during the Financial Year 2022, which had resulted in cost-savings for our tenants. Further, certain tenants at our office parks had limited the number of their operating staff and hours, while others announced ‘work-from-home’ measures. Since then, a significant portion of our tenants have returned to work from the office parks and we have witnessed strong rebound and traction in leasing activity from both existing and prospect occupiers.

Notwithstanding their return to the office parks, some tenants retain flexible work arrangements and reduced numbers of days of work from the offices and have down-sized their office spaces through arrangements such as hot-desking.

Changes to the occupancy at our Portfolio will affect our income from operating lease rentals and maintenance services. In addition, we rely on the NCR and the Mumbai micro-market, for a significant portion of our revenues. Details of our revenue from operations attributable to assets held by our Portfolio Companies located in the Delhi-NCR (Candor TechSpace G1, Candor TechSpace G2, Candor TechSpace N1, Candor TechSpace N2) and Mumbai (Downtown Powai and Downtown Powai – SEZ) for the financial year-ended March 31, 2025 and 2024 are set out below:

Revenue from operations attributable to	2024		2025	
	(₹ in M)	(% of revenue from operations)	(₹ in M)	(% of revenue from operations)
Delhi-NCR assets*	10,654.27	59.6%	12,838.91	53.8%
Mumbai assets**	5,074.13	28.4%	8,410.53	35.3%

*Comprises Candor TechSpace G1 (Consolidated w.e.f. August 18, 2023), Candor TechSpace G2, Candor TechSpace N1 and Candor TechSpace N2 and excludes the North Commercial Portfolio assets held by Rostrum, which we acquired in June 2024 and which are accounted for as a joint venture in our Consolidated Financial Statements using the equity method of accounting.

**Comprises Downtown Powai (Consolidated w.e.f. August 28, 2023) and Downtown Powai – SEZ.

Further, we depend on certain industry sectors for a significant portion of our revenues. As of March 31, 2025, 25% of the Gross Contracted Rentals of our Portfolio was leased to tenants in the technology sector, while 20% was leased to tenants in the financial services sector and 12% was leased to tenants in the consulting and analytics sector.

Consequently, any developments affecting the demand for commercial and retail real estate in the NCR or Mumbai, or demand from technology, consulting and financial services sectors, may affect our results of operations. Further, for Downtown Powai – SEZ, the terms of the governmental permissions, i.e., the permanent registration as a private sector information technology park require us to lease 80% of the total built-up area of the property to tenants from the IT/ITeS sector.

Additionally, 33% of our Gross Contracted Rentals as of March 31, 2025 are contracted with multinational corporations. Accordingly, global and local factors impacting their business may affect their ability to service their lease agreements or expand the office space that they lease in our Portfolio.

Ability to Organically Grow Leasable Area of the Portfolio

Our results of operations will be affected by changes in the leasable area of our current portfolio. Our portfolio comprises leasable area of 29M sf, of which 24.5M sf was completed area, 0.58M sf was under construction and

3.9M sf was future development potential, as of March 31, 2025. The timely completion of under construction projects, including within budgeted costs and meeting delivery schedules for any area that has been pre-leased, will positively affect our results of operations.

The growth of our operating lease rentals is dependent on our ability to increase leasable area by developing additional space in the portfolio assets as well as undertaking meaningful upgrades to enhance the value proposition to tenants.

Our Manager undertakes detailed analysis of demand supply dynamics, absorption rate and rentals in each micro-market. Accordingly, development is undertaken at the most opportune moment when demand is favorable. However, the completion of development projects within anticipated timelines and estimated costs are subject to several factors beyond our control such as the timely receipt of regulatory approvals at various stages of construction, fluctuations in the price of construction materials, availability of equipment and labor, access to utilities and availability of financing.

Addition of Leasable Area through Acquisitions

Our ability to enhance distribution to the unitholders is dependent on continually increasing leasable area through acquisition of high-quality, income-accretive assets. Our Manager undertakes the responsibility of evaluating potential opportunities.

Since the initial public offering of our units in February 2021, we have more than doubled our operating area from 10.3M sf (as of September 30, 2020) to 24.5M sf (as of March 31, 2025) and our consolidated GAV by over three times from ₹ 115B (as of September 30, 2020) to ₹ 380B (as of March 31, 2025). This growth has been driven by our strategic acquisitions of 100% stake in Candor TechSpace N2 (January 2022), 50% stake in Candor TechSpace G1 and Downtown Powai (in August 2023) and 50% stake in the North Commercial Portfolio (June 2024), which have added 13.7M sf of completed area and 0.9M sf of Future Development Potential across Delhi, Gurugram, Noida, Mumbai and Ludhiana.

Consistent with Brookfield's growth strategy, our Manager will continue to evaluate potential acquisition opportunities to increase the leasable area.

We plan to continue to explore opportunities to acquire (in entirety or in part including by way of partnership), manage and own high-quality income-producing commercial real estate assets in key Indian gateway cities, such as those located in prime and preferred locations and with high transportation connectivity and proximate residential catchments for the tenants' workforce. Each new acquisition of asset in the future may require significant working capital and long-term funding and is subject to several risks and uncertainties.

Additionally, as per agreed terms, Brookfield India REIT has a right of first offer (ROFO) on Brookfield Group's 100% owned properties in Mumbai.

Growth in Rental Rates

Our revenue from operations primarily comprises income from operating lease rentals and maintenance services. Consequently rental rates at our Portfolio will significantly affect our results of operations. Our revenue from operations was ₹ 23,855.93M and ₹ 17,870.68M for the financial years ended March 31, 2025 and 2024, respectively. Further, set forth below are details of our income from operating lease rentals, in absolute terms and as a percentage of our revenue from operations, for the years indicated:

Revenue from operations attributable to	2024		2025	
	(₹ in M)	(% of revenue from operations)	(₹ in M)	(% of revenue from operations)
Operating lease rentals	12,829.07	71.8%	17,489.28	73.3%

The rental rates that we charge depend on various factors, including the location of the asset, the quality of the asset, upkeep and maintenance of the asset and the prevailing economic conditions. The rental changes also depend on changes in market rental rates and competitive pricing pressures, changes in governmental policies relating to zoning and land use, demand and supply dynamics in the micro market, the range of amenities and ancillary services provided at the asset and our continued ability to maintain the assets and provide

services that meet the requirements of existing and prospective tenants. Rental rates for office space and space leased for bank branches, ATMs, retail stores and telecom towers in the office parks are generally fixed with periodic rental escalations for the tenure of the leases, while those for food and beverage outlets are generally charged on a revenue-sharing basis. Further, our portfolio assets have several large buildings which often involve large tenants

occupying multiple floors in the same building for long durations. Accordingly, the re-lease or renewal of one or more large leases may have a disproportionate impact on rental rates in a given period. Our Manager believes that the average rental rates for in-place leases at our portfolio are generally below the current market rates and expects to benefit from the significant upside arising from mark to market potential through upcoming lease renewals.

We expect rentals to remain robust. We have seen that recent new leasing in FY2025 was done at an 19% re-leasing spread. This new leasing was spread across all our assets and we achieved an average rent of ₹ 98 per sf per month.⁴

Terms of Lease and Occupancy Rate

The stability and results of our operations are determined by long-term lease agreements and higher committed occupancy level. These are driven by factors like demand supply dynamics in our micro markets, the comparative rental rates, attractiveness and infrastructure of our office parks and the ability to quickly re-lease space or enter into new leases.

The Asset SPVs of Brookfield India REIT typically enter into long-term lease agreements with tenants ranging between five and 15 years – three to five years of initial commitment and subsequent renewal option. This ensures sustained and stable cash flow visibility.

Our portfolio assets are Grade-A office parks, which are in high demand on account of their significant size, scale and diverse range of amenities offered, integrated campus ecosystem and marquee tenant profile and are characterized by larger floor plates and energy-efficient infrastructure.

Our Manager has deep relations with tenants led by our property management and local expertise. This combined with Brookfield’s global institutional relationships, has enabled us to maintain a high tenant retention rate with tenants.

Our Manager intends to continue to strengthen its long-term relationships with the tenants in our portfolio assets and proactively maintain communication with them to gain information regarding their needs and requirements. Our Manager also undertakes various tenant engagement activities such as celebrating festivals, organizing sports tournaments and entertainment events, health awareness seminars and quiz contests. These initiatives help our Manager improve tenant retention levels and attract new tenants. However, in cases where tenants do not renew leases or terminate leases earlier than expected, it generally takes some time to find new tenant which can lead to periods where we have vacant areas within the portfolio assets that do not generate facility rentals.

As of March 31, 2025, our portfolio had a committed occupancy of 88% and a WALE of seven years.

Income from Maintenance Services

We provide common area maintenance services, including security and housekeeping services to our tenants, for which we derive income from maintenance services. Our service agreements with tenants typically provide that tenants will be charged the cost of maintaining property as well as a margin on such maintenance costs. Our income from maintenance services for the year ended March 31, 2025 is ₹ 6,249.59M.

Cost of Financing and Capital Structure

We incur capital expenditure towards maintaining and upgrading the assets. While we have entered into financing agreements for all the ongoing development projects within our portfolio, we may require additional capital to complete the development of the future projects and acquisitions.

Our simple capital structure and ability to raise and maintain low-cost debt supported by dual AAA rating ([ICRA] AAA(Stable) and CRISIL AAA/Stable) enables us to deliver positive operational results and higher returns to unitholders. In FY2025, our finance costs were ₹ 10,781.77M*, accounting for 43.7% of our total income.

The interest rates on a substantial majority of our borrowings are linked to the REPO rate (the interest rate at which commercial banks borrow funds from the RBI). Any reduction in our cost of borrowings may positively affect our results of operations. Conversely, an increase in the cost of borrowings will increase our interest costs and adversely affect our results of operations.

Regulatory Framework

Our ability to deliver positive operational results are determined by a favorable regulatory regime and our compliance to it. We are governed by the laws of Indian real estate sector, which is regulated by various governmental authorities and the REIT Regulations governed by SEBI.

Our Manager, by virtue of its experience in the Indian real estate industry and significant devotion of time and resources, ensures compliance to the real estate regulations. This includes regulations on acquisition of land and land usage, floor area ratio, access to infrastructure (road, water, electricity, community facilities, open spaces, sewage disposal system) and environmental suitability. The Manager also ensures compliance with REIT requirements relating to maintaining a specific threshold of investment in rent or income generating properties.

Downtown Powai - SEZ is required to follow all compliance relating to its registration as a private IT Park on SEZ land with the Directorate of Industries, Mumbai. Further, Downtown Powai - SEZ, Candor TechSpace G2, Gurugram, Candor TechSpace N2, Noida and most

portion of Candor TechSpace K1, Kolkata, are notified as SEZs and are required to comply with SEZ-related rules and regulations. These assets are also entitled to certain tax benefits, the continuing availability of which may affect our results of operations. We are currently in the process of conversion of SEZ area in Candor TechSpace G2, which is expected to further augment leasing in our SEZ properties.

Competitive Operating Arena

We operate in competitive markets and competition in these markets is based primarily on the availability of Grade-A office premises.

The principal means of competition are rent charged, location, services and amenities provided and the nature and condition of the premises to be leased. Competition from other developers in India could result in price and supply volatility which may affect the ability of our Manager to lease the buildings in our portfolio and continued development by other market participants could result in saturation of the real estate market. In turn, this may adversely impact our revenue from operations.

Our properties are located in key markets of Mumbai, Noida, Gurugram and Kolkata, where demand for such properties is high, especially from technology players who have entrenched presence here. Besides, our Manager continues to maintain and upgrade our properties, providing a vast range of amenities and organized eye-catching events, which make our properties the ideal destination for existing and prospective tenants.

OUTLOOK

The commercial real estate market is linked to the economic development of the nation. With the Indian economy being one of the fastest growing large economies in the world, we expect demand for commercial real estate to remain buoyant. The micro-markets of Gurugram, Noida, Mumbai and Kolkata are likely to witness a scenario of demand outstripping supply over the coming years, thus providing occupancy gains to players.

The high-quality assets of Brookfield India REIT have consistently accounted for a disproportionate share of the total net absorption in these micro-markets and are well-positioned to gain from an uptick in demand.

Occupiers are accelerating their back-to-office programs and we have seen a significant improvement in the physical occupancies across our campuses. This has led to several of our tenants renewing and even expanding their presence in our campuses. As occupiers in the technology sector return to offices, they will need to accommodate the increase in headcount of 30-40% that has materialized over the last few years, which will only lead to a further increase in space take-up at our assets.

* Interest on external borrowings

We are continuing to see preference for Grade-A institutional assets as the recovery pans out. Marquee occupiers have and will likely continue to prefer to relocate and consolidate their operations in low density campuses with high quality of services and move away from Grade-B assets.

There are additional positive levers that we can rely on to improve the cash generation potential of our assets, such as:

- 6.4M sf of leased area achieved escalations in FY2025 with an average rent escalation of 8.7%. The full year impact of this would be visible in our cash flows in FY2026. Additionally, 1.5M sf of area is due for expiry in FY2026, the in-place rents of which are below-market prices and we expect to achieve re-leasing at higher rents

Brookfield India REIT remains focused on consistently growing NOI and delivering returns to unitholders through quarterly distributions. We would continue to maintain sharp focus on prudent capital allocation and balance sheet discipline as well as reducing our cost of debt.

FINANCIAL OVERVIEW

Basis of Preparation of Consolidated Financial Statements

The Consolidated Financial Statements discussed hereunder comprise:

- Consolidated balance sheet and statement of net assets at fair value as on March 31, 2025

- Consolidated statements of profit and loss, cash flows, changes in unitholders equity and statement of total returns at fair value for the period April 1, 2024 to March 31, 2025
- Additional financial disclosures as required under the REIT Regulations

The Board of Directors of the Manager on behalf of the Brookfield India REIT passed a resolution on May 5, 2025 for issuance of the Consolidated Financial Statements. They have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time including any guidelines and circulars issued thereunder read with SEBI master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated May 15, 2024 (“REIT Regulations”), Indian Accounting Standard (Ind AS), as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (‘Ind AS’) to the extent not inconsistent with the REIT Regulations (presentation of “Unit Capital” as “Equity” instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India. The financial information in Consolidated Financial Statements for the year ended March 31, 2025 and Consolidated Financial Statements for the year ended March 31, 2024, is not comparable due to acquisition of Candor TechSpace G1 and Kairos during the year March 31, 2024 and acquisition of North Commercial Portfolio in June 2024 which is accounted as equity method in the Consolidated Financial Statements for the year ended March 31, 2025.

Liquidity, Cash Flows and Capital Resources

Liquidity is critical to maintaining ongoing operations. It underpins our ability to meet obligations like interest expense and principal repayment on outstanding debt, fund property development and maintenance, meet working capital requirements and make distributions to the Unitholders. It also determines our ability to fund growth opportunities in terms of acquiring new properties.

As of March 31, 2025, our cash and cash equivalents stood at ₹ 5,746.49M as against ₹ 3,784.07M as of March 31, 2024 supported by a strong cash flow generation from operating activities of ₹ 18,479.52M in FY2025. Cash and cash equivalents comprised balance with banks in current and deposit accounts. We expect to meet our working capital and cash flow requirements for the next 12 months, primarily from cash flows from business operations, cash and bank balances, and short-term and long-term borrowings from banks, financial institutions, investors, or as may be permitted under the REIT Regulations.

Discussion on the Key Financial Parameters

As the financial information in the Consolidated Financial Statements for the year ended March 31, 2025 and Consolidated Financial Statements for the year ended March 31, 2024 is not comparable due to the acquisition of Candor TechSpace G1 and Kairos during the year March 31, 2024, the comparison of certain key financial parameters for the Financial Year ended March 31, 2025 and Financial Year ended March 31, 2024 has been given for each Asset SPVs, CIOP and MIOP based on their historical standalone financial statements and acquisition of North Commercial Portfolio in June 2024 which is accounted as equity method in the Consolidated Financial Statements for the year ended March 31, 2025.

(a) Net Operating Income (NOI)

We use NOI internally as a performance measure as it provides useful information to investors regarding our financial condition and results of operations. We thus consider NOI as a meaningful supplemental financial measure of our performance when considered with the Consolidated Financial Statements determined in accordance with Ind AS. However, NOI does not have a standardized meaning, nor is it a recognized measure under Ind AS or International Financial Reporting Standards and may not be comparable with measures with similar names presented by other companies/ real estate investment trusts. NOI should not be considered by itself or as a substitute for comparable measures under Ind AS or International Financial Reporting Standards or other measures of operating performance, liquidity or ability to pay dividends. Accordingly, there can be no assurance that our basis for computing this non-Ind AS measure is comparable with that of other companies/real estate investment trusts.

We calculate NOI as revenue from operations less direct operating expenses such as operating and property maintenance expenses, facility usage charges, power and fuel, lease rent, repair and

maintenance expenses, etc., which are directly incurred in relation to the commercial properties of the respective Asset SPVs.

*As per Master Circular for Real Estate Investment Trusts dated May 15, 2024, the Trust is required to disclose the carrying value of liabilities as reflected in the Balance Sheet at the reporting date in the 'Statement of Net Assets at Fair Value'. Therefore, the Statement of Net Assets at Fair Value' includes the carrying value of liabilities as of March 31, 2025 and March 31, 2024. Further, fair value of investment property (including investment property under development) is after considering cash outflows towards lease liabilities. Hence, carrying amount of lease liabilities as of March 31, 2025 and March 31, 2024 has been adjusted to arrive at the NAV per unit.

** Since the property management companies namely CIOP and MIOP are wholly owned by REIT, while calculating noncontrolling interest, fair value pertaining to property management fees which is included in fair value of investment properties and investment properties under development of Kairos and Candor Gurgaon One respectively, has been excluded as of March 31, 2025.

Formula for computation of ratios are on the basis of Consolidated Financial Statements:

- (a) Net Debt to GAV = Net Debt/GAV. Net Debt = Consolidated borrowings (including interest accrued) - cash and cash equivalents and GAV = Fair value of investment properties and investment properties under development + Other Assets at Book value excluding cash and cash equivalents.
- (b) Interest service coverage ratio = Net Profit after taxes + depreciation+ finance costs/finance costs (net of capitalization)

Net Asset Value (NAV) and Valuation of Portfolio

The Net asset value as of March 31, 2025 stood at ₹ 336.35 per unit pursuant to the fair valuation of the assets of Brookfield India REIT by the independent valuer and calculated on the net assets of ₹ 204,416.30M as per audited Consolidated Financial Statements for the financial year ending March 31, 2025, as compared with the net asset value of ₹ 332.60 per unit based on audited Consolidated Financial Statements for the financial year ending March 31, 2024 calculated on the net assets at fair value as of March 31, 2024 of ₹ 146,040.79M.

Valuation Technique

The fair value of investment properties and investment property under development has been determined by independent external registered property valuers, having appropriately recognized professional qualifications and recent experience in the location and category of the properties being valued.

The fair value measurement of the investment properties and investment property under development has been categorized as a Level 3 fair value based on the inputs to the valuation technique used.

The valuers have followed a discounted cash flow method. The discounted cash flow method considers the

present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sf rent and lease incentive costs. The expected net cash flows are discounted using the risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return.

The fair value of investment property and investment property under development stood at ₹ 311,392.66M as of March 31, 2025 as compared with ₹ 292,250.00M as of March 31, 2024.*

*Fair value of Investment property and Investment property under development includes fair value pertaining to a property, which is for captive use w.e.f. December 27, 2024 and hence classified as property plant and equipment in the consolidated financial statement. Therefore, the carrying amount of said property as on March 31, 2025 amounting to ₹ 495.60M has been excluded from other assets.

**Includes ₹ 936.01M of finance receivable relating to income support and corresponding amount has been reduced from other assets.

***Rostrum Realty Private Limited is accounted as an equity method investee. The carrying value of equity method investment is ₹ 10,719.53M and fair value is ₹ 13,142.32M as on March 31, 2025. The fair value of equity method investment is determined based on the fair value of underlying investment properties and book value of other assets and liabilities (as adjusted for fair value under Ind AS 28, on initial recognition of an equity-method investee). The fair value of investment properties as of March 31, 2025 is determined by an independent external registered property valuer.

Fair value of Investment property and Investment property under development include impact of lease rent equalization, therefore carrying amount of lease rent equalization as of March 31, 2025 amounting to ₹ 1,164.06M (March 31, 2024 ₹ 661.82M) has been reduced from other assets.

Brookfield India REIT has been prudent in pre-empting the potential risks, which can pose a challenge to the Company through its comprehensive risk management and mitigation strategy enabling it to withstand and navigate challenges.

Head Risk Management, Senior Members of leadership team, including Board of Directors, periodically review the risk management policies and systems to incorporate any changes in the risk profile due to changes in the external environment and strategic priorities. The Board of Directors and the Committees of the Manager are assisted by risk management team in monitoring the risk profile and effectiveness of mitigation plans to manage the identified business risks. The major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis.

INTERNAL CONTROL SYSTEMS

Brookfield India REIT has a well-established internal control system to manage business operations, financial reporting and other compliance needs. The Manager reviews the design, implementation and ongoing monitoring of internal financial controls for efficient business operations, including adherence with policies and procedures, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information. The business performance vis-à-vis plan is monitored periodically and regular internal audits are performed to ensure sustenance of the internal control environment.

The Manager has a robust and well-embedded system of internal controls. The Internal Audit function provides assurance to the Audit Committee regarding the adequacy and efficacy of internal controls, advises management on the changing controls landscape and helps anticipate and mitigate emerging risks. The internal audit plan focuses on critical risks that matter and is aligned with business objectives. Progress to plan and key findings are reviewed by the Audit Committee each quarter. Further, the Audit Committee also monitors the status of management actions following internal audit reviews. The Manager’s focus continues to incorporate embedding technologies to strengthen internal control environment.

RISK MANAGEMENT

The business paradigm is continuously shifting owing to changes in customer expectations, regulatory updates and volatility in the economic environment. Our ability to create sustainable value in this environment is dependent on recognizing and effectively addressing key risks that impact the business. The Board of Directors of the Manager have formed a Risk Management Committee to frame, implement and monitor the risk management framework for the Manager. The Committee is responsible for monitoring and reviewing the risk management plan and ensuring its effectiveness. The major business and process risks are identified from time to time. The Board of Directors have devised roles and responsibilities of the Committee, which are in keeping with REIT Regulations and to ensure that the whole process of risk management is well coordinated and carried out as per the risk management framework.

G. NAV per Unit (E/F)	233.57	332.60	230.85	336.35

*As per Master Circular for Real Estate Investment Trusts dated 15 May 2024, the Trust is required to disclose the carrying value of liabilities as reflected in the Balance Sheet at the reporting date in the ‘Statement of Net Assets at Fair Value’. Therefore, the Statement of Net Assets at Fair Value’ includes the carrying value of liabilities as of 31 March 2025 and 31 March 2024. Further, fair value of investment property (including investment property under development) is after considering cash outflows towards lease liabilities. Hence, carrying amount of lease liabilities as of 31 March 2025 and 31 March 2024 has been adjusted to arrive at the NAV per unit.

** Since the property management companies namely CIOP and MIOP are wholly owned by REIT, while calculating non-controlling interest, fair value pertaining to property management fees which is included in fair value of investment properties and investment properties under development of Kairos and Candor Gurgaon I respectively, has been excluded as at 31 March 2025.

[#]Please refer page no. 414 to 415 of this report for calculation of NAV.

14. BRIEF DETAILS OF MATERIAL LITIGATIONS AND REGULATORY ACTIONS WHICH ARE PENDING, AGAINST BROOKFIELD INDIA REIT, SPONSOR(S), MANAGER OR ANY OF THEIR ASSOCIATES AND SPONSOR GROUP(S) AND THE TRUSTEE, IF ANY, AS AT THE END OF THE YEAR

This section of the Report contains disclosures, as on March 31, 2025, on all:

- pending title litigation and irregularities pertaining to the Portfolio and pending criminal matters, regulatory actions and material (as set out below) civil/ commercial matters against Brookfield India REIT, the Sponsor, the Manager or any of their Associates, Asset SPVs, CIOP, MIOP, Rostrum, the Sponsor Group and the Trustee (collectively, “Required Parties”); and
- pending direct tax, indirect tax and property tax matters against the Required Parties in a consolidated manner.

For the purposes of identifying “associates” with respect to disclosures to be made in the report under the REIT Regulations, the definition of ‘associates’ as set out in the REIT Regulations have been relied on except sub-clause (ii) of Regulation 2(1)(b) of the REIT Regulations, which requires any person who controls, both directly and indirectly, the said person to be identified as an associate. With respect to the aforesaid, only entities which directly control Brookfield India REIT, Sponsor or Manager, as applicable, have been considered.

All disclosures with respect to pending civil/ commercial matters, regulatory actions, criminal litigation and tax matters against Brookfield Corporation have been made in accordance with the materiality threshold separately disclosed below.

Except as disclosed in below, there is no pending title litigation or irregularity, criminal litigation, regulatory action and civil/ commercial matter (subject to the materiality thresholds set out below) or pending direct tax, indirect tax and property tax matters against the Required Parties:

- I. Title irregularities (including title litigation) pertaining to the Portfolio Nil
- II. Material litigation, criminal litigation and regulatory actions pending against Brookfield India REIT, its Associates, the Asset SPVs, HoldCo, CIOP and MIOP For the purpose of disclosure of pending civil/ commercial litigation against Brookfield India REIT, its Associates, the Asset SPVs, HoldCo, CIOP and MIOP, such matters exceeding ₹246.74M (being 1% of the consolidated income

of Brookfield India REIT as of March 31, 2025) have been considered material and proceedings where the amount is not determinable but the proceeding is considered material by the Manager from the perspective of Brookfield India REIT, have also been disclosed.

As of March 31, 2025, Brookfield India REIT, its Associates, the Asset SPVs, HoldCo, CIOP and MIOP do not have any criminal litigation, regulatory actions or material civil/ commercial litigation pending against them.

However, the Manager received a show cause notice dated June 11, 2024, in terms of Rule 4 of SEBI (Procedure for Holding Inquiry and Imposing Penalties) Rules 1995 read with Sections 15-I and 15HB of the SEBI Act, 1992 pertaining to provisions of Regulations 7(d) read with Clauses 5 & 7 of Schedule VI of the SEBI Real Estate Trust Regulations. 2014. The Manager has responded to this show cause notice and filed a settlement application which is currently pending.

The Manager has also received letters from SEBI, wherein SEBI has advised, among other things, to ensure compliance with the provisions of the SEBI REIT Regulations. In this regard please refer page 324 of the Report for details.

III. Material litigation, criminal litigation and regulatory actions pending against the Sponsor and its Associates

For the purpose of disclosure of pending civil/ commercial litigation against the Sponsor and its Associates, such matters exceeding ₹354.87M (being 5% of the net worth of the Sponsor as of March 31, 2025) have been considered material and proceedings where the amount is not determinable but the proceeding is considered material by the Manager from the perspective of Brookfield India REIT have also been disclosed.

As of March 31, 2025, the Sponsor and its Associates do not have any criminal litigation, regulatory action or any material civil/ commercial litigation pending against them.

IV. Material litigation, criminal litigation and regulatory actions pending against the Sponsor Group

For the purpose of disclosure of pending civil/ commercial litigation against the Sponsor Group (excluding the Sponsor and Brookfield Corporation), such matters exceeding ₹246.74M (being 1% of the consolidated income of Brookfield India REIT as of March 31, 2025) have been considered material and proceedings where the amount is not determinable but

the proceeding is considered material by the Manager have been disclosed.

As of March 31, 2025, the Sponsor Group (excluding the Sponsor and Brookfield Corporation) do not have any criminal litigation, regulatory action or material civil/ commercial litigation pending against them.

With respect to pending civil/ commercial, regulatory actions, criminal litigation and tax litigation against Brookfield Corporation (which is currently listed on NYSE and TSX), the disclosure below has been made on the basis of the public filings and periodic disclosures made by Brookfield Corporation in accordance with applicable securities law and stock exchange rules. The threshold for identifying material matters in such disclosures is based on periodically reviewed thresholds applied by the independent auditors of Brookfield Corporation in expressing their opinion on the financial statements and is generally linked to various financial metrics of Brookfield Corporation, including total equity, materiality for revenue and operating expenses which is based on funds from operations. The latest audit plan, prepared by the independent auditors of Brookfield Corporation, comprising such threshold has been approved by the audit committee and board of directors of Brookfield Corporation and set such threshold at USD 1.6B.

As of March 31, 2025, Brookfield Corporation is contingently liable with respect to litigation and claims that arise in the normal course of business. It is not reasonably possible that any of the ongoing litigation could result in a material settlement liability.

V. Material litigation, criminal litigation and regulatory actions pending against the Manager and its Associates

For the purpose of disclosure of pending civil/ commercial litigation against the Manager and its Associates, such matters exceeding ₹17.32M (being 5% of the total income of the Manager as of March 31, 2025) have been considered material and proceedings where the amount is not determinable but the proceeding is considered material by the Manager from the perspective of Brookfield India REIT, have also been disclosed.

As of March 31, 2025, the Manager and its Associates do not have any criminal litigation, regulatory action or material civil/ commercial litigation pending against them other than as disclosed in II.

VI. Material litigation, criminal litigation and regulatory actions pending against the Trustee

For the purpose of pending civil/ commercial litigation against the Trustee, matters involving amounts exceeding ₹10.77M (being 5% of the profit after tax of the Trustee for FY2025) have been considered material.

As of March 31, 2025, the Trustee does not have any criminal litigation, regulatory action or material civil/ commercial litigation pending against them, except as disclosed in the Annual Secretarial Compliance Report issued by Practicing Company Secretary. Please refer the page no. 232 to 327 of this Report.

However, that there is an ongoing investigation before the Competition Commission of India against the Trustee in its former official capacity as one of the office bearers of Trustees Association of India (TAI).

VII. Tax Matters

Details of all direct tax, indirect tax and property tax matters as of March 31, 2025 is set forth:

For the purposes of disclosure of tax matters against Brookfield Corporation, see the disclosure under “Material litigation, criminal litigation and regulatory actions pending against the Sponsor Group”, on this page above

Brookfield India REIT, Asset SPVs, HoldCo, CIOP and MIOP		
Direct tax	94	2,488.30
Indirect tax	18	998.35
Sponsor Group		
Direct tax	NIL	NIL

Notes:
The direct tax matters are primarily in the nature of demand notices and/ or orders issued by the income tax authorities alleging computation of taxable income on account of certain additions/ disallowances, deduction of tax incentive and classifications of income resulting in additional demand of TDS/ income tax. Such matters are pending before the relevant tax authorities including income tax appellate tribunal. These also include matters where the income- tax authorities have initiated penalty proceedings but not issued any penalty order / concluded the proceedings. The indirect tax matters are primarily in the nature of demand notices and/ or orders (excluding show cause notices where no demand has been raised yet and the order is pending) issued by the indirect tax authorities alleging non-payment of correct amount of value added tax or in the nature of ex-parte order. Such matters are pending before the indirect tax authorities, including indirect tax appellate tribunals.

15. RISK FACTORS

The risks and uncertainties described below are not the only risks that we face or may face or not the only ones relevant to Brookfield India REIT, the Asset SPVs, HoldCo, CIOP and MIOP or in the industry we operate. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations and financial condition.

Risks related to our Organization and Structure

1. The Manager does not provide any assurance or guarantee of any distributions to the Unitholders. The ability of our Manager to make distributions to the Unitholders may be affected by several factors including among other things:
 - The cash flows from operations generated by the HoldCo, Asset SPVs, CIOP and MIOP (being proportionate to the interest held by Brookfield India REIT, as applicable)
 - The debt service costs and other liabilities of the HoldCo and Asset SPVs, including terms of the financing and agreements
 - The working capital needs of the HoldCo and Asset SPVs
 - The extent of lease concessions, rent free periods, and incentives given to tenants to attract new tenants and retain existing tenants
 - The terms of and any payments under any agreements governing land leased or codeveloped by the HoldCo and Asset SPVs, as may be applicable.
 - Business, results of operations and financial condition of the HoldCo, Asset SPVs, CIOP and MIOP
 - Applicable laws and regulations, which may restrict the payment of dividends by the HoldCo and Asset SPVs or distributions by us
2. The ability of the Manager to acquire or dispose of assets or explore new investment opportunities or avail additional debt is subject to conditions provided in the REIT Regulations which may restrict our ability to make further investments and raise additional funds.
3. We have incurred a significant amount of debt in the operation of our business, and our cash flows and results of operations could be adversely affected by required repayments or related interest and other risks assumed in connection with procuring debt financing. Our

inability to service debt may adversely affect distributions to Unitholders.

Risks Related to our Business and Industry

4. Our business and profitability are dependent on the performance of the commercial real estate market in India as well as the general economic, demographic and political conditions. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India and in turn, our ability to lease office parks to tenants on favorable terms. The commercial real estate market in India may particularly be dependent on market prices for developable land and the demand for leasing of finished offices, both of which will continue to have a significant impact on our business, results of operations and financial condition.
5. Our business may be adversely affected by the illiquidity of real estate investments.
6. We are dependent on a limited number of tenants and sectors for our significant portion of our revenue and any adverse developments affecting such tenants or sectors may have an adverse effect on our business, results of operations and financial condition. On account of a majority of our assets being registered as SEZ for IT and IT enabled services, the tenants in the technology sector accounted for majority of the leased area of our assets. Our Portfolio is primarily located in five key geographies/ officemarkets and select micro markets within these markets resulting in market and micro market concentration.
7. A significant portion of our revenue is derived from leasing activities at Festus and Kairos and from North Commercial Portfolio, Candor TechSpace G2, Candor TechSpace N2 and Candor TechSpace N1 and Candor TechSpace G1 in the Delhi NCR area and any adverse development relating to these assets may adversely affect our business, results of operations and financial condition.
8. The review report of the Statutory auditor on the Financial Statements includes emphasis of matter.
9. Our dependence on rental income may adversely affect our profitability, ability to meet debt and other financial obligations and the Manager's ability to make distributions to Unitholders.
10. The Manager cannot assure you that it will be able to successfully complete future acquisitions, including under the ROFO agreements or efficiently manage the assets that we may acquire in the future. Further, any

future acquisitions may be subject to acquisition related risks.

11. There can be no assurance that the Under Construction Area or Future Development Potential will be completed in its entirety in accordance with anticipated timelines or cost, or that we will achieve the results expected from such projects, which may adversely affect our reputation, business, results of operations and financial condition.
12. The Manager may be unable to renew lease agreements or lease vacant area on favorable terms or at all, which could adversely affect our business, results of operations and cash flows.
13. The resurgence of the COVID-19 pandemic may affect our business and operations in the future.
14. Inability to lease the vacant portions of the properties owned by Brookfield India REIT, may adversely affect our revenue from operations.
15. Recent disruptions in the financial markets and current economic conditions could adversely affect the ability of the Manager to service existing indebtedness. We may also require additional debt financing in order to continue to grow our business, which may not be available on acceptable terms, or at all.
16. The actual rent received for the assets may be less than the leasing rent or the market rent and we may experience a decline in realized rent rates from time to time, which may adversely affect our business, results of operations, cash flows and distributions.
17. Brookfield India REIT, the HoldCo, Asset SPVs, CIOP and MIOP, and the Manager and the Sponsor have entered into several related party transactions, which could potentially pose a conflict of interest. Certain of our service providers or their affiliates (including accountants, consultants, property managers and investment or commercial banking firms) may also provide goods or services to or have business or other relationships with Brookfield and payments by us to such service providers may indirectly benefit Brookfield. The Manager may hire employees from Brookfield and such employees may also work on other projects of Brookfield, and therefore, conflicts may arise in the allocation of the employees and the employees' time.
18. The valuation report on the assets in our Portfolio is only indicative in nature as it is based on a set of assumptions and may not be representative of the true value of the Portfolio. The valuation report is based on

certain assumptions relating to the nature of the property, its location, lease rental forecasts and valuation methodologies and these assumptions add an element of subjectivity to these valuations and hence may not be accurate. Further, valuations do not necessarily represent the price at which a real estate asset would sell, since market prices of assets can only be determined by negotiation between a willing buyer and a seller

19. We may be subject to certain restrictive covenants under the financing agreements that could limit our flexibility in managing our business or to use cash or other assets or to make distributions to Unitholders.
20. We have a limited operating history and may not be able to operate our business successfully, achieve our investment objectives or generate sufficient cash flows to make or sustain distributions.
21. The Manager may not be able to successfully meet working capital or capital expenditure requirements of the Portfolio.
22. We have certain contingent liabilities as given in the Financial Statements, which if the materialize, may adversely affect our results of operations, financial condition and cash flows.
23. Non-compliance with, and changes in laws and regulations including, environmental, health and safety laws and regulations could adversely affect the development of the Portfolio and our financial condition. Our business and operations are subject to compliance with various laws, and any change in law or non-compliance in the future may adversely affect our business and results of operations. In addition to compliance with the REIT Regulations, we are also subject to compliance with applicable foreign exchange regulations due to the Sponsor and Manager not being Indian owned and controlled.
24. Any change in such laws or non-compliance or inability to obtain, maintain or renew required regulatory approvals and permits by our HoldCo, Assets SPVs, CIOP or MIOP, in a timely manner or at all may adversely affect our business, financial condition and results of operations.
25. Our HoldCo, Asset SPVs, CIOP and MIOP are subject to ongoing compliance requirements under various laws, and there have been certain past instances of non-compliance, any change in law or non-compliance in the future may adversely affect our business and results of operations.

26. Candor TechSpace N1 and Candor TechSpace N2 are located on land leased from NOIDA for a term of 90 years, Worldmark 1, Worldmark 2 and Worldmark 3 are located on land sub-leased from Delhi International Airport Limited ("DIAL") for a term of 30 years, and are required to comply with the terms and conditions provided in the lease/sub-lease deeds with NOIDA and DIAL, respectively, failing which NOIDA or DIAL may terminate the lease/sub-lease or take over the premises. Also, the Manager may not be able to renew these leases/ sub-leases upon their expiry or premature termination.
27. Majority of the assets in the Portfolio are located on land notified as SEZs and a few are registered as private IT parks and the relevant Asset SPVs are required to comply with the SEZ Act and the rules made thereunder along with their respective conditions of registration as private IT parks.
28. The title and development rights or other interests over land on which the Portfolio is located may be subject to legal uncertainties and defects which may have an adverse effect on our ability to own the assets and result in us incurring costs to remedy and cure such defects.
29. The Manager may not be able to control our operating costs, or the direct expenses may remain constant or increase, even if in-come from the portfolio decreases, resulting in an adverse effect on our business and results of operation.
30. The Manager, CIOP and MIOP utilize the services of certain third party operators to manage and operate the Portfolio. Any deficiency or interruption in their services may adversely affect our business.
31. We are exposed to a variety of risks associated with technology, safety, security and crisis management which may disrupt our business, result in losses or limit our growth.
32. We may be subject to the Competition Act, 2002, which may require us to receive approvals from the CCI and any adverse application or interpretation of the law could adversely affect our business.
33. We do not own the trademark or logo for the "Brookfield India Real Estate Trust" or "Brookfield India REIT" and hence our inability to use or protect these intellectual property rights may have an adverse effect on our business and results of operations.

34. We may be required to record significant charges to earnings in the future upon review of the Portfolio for potential impairment.
35. We operate in a competitive environment and increased competitive pressure could adversely affect our business and the ability of the Manager to execute our growth strategy.
36. CIOP and MIOP are not SPVs under the REIT Regulations and therefore it is not required to comply with the mandatory distribution requirements under the REIT Regulations.
37. There could be outstanding litigation proceedings involving us, our Asset SPVs and our Sponsor Group, which may adversely affect our financial condition.
38. The Manager may not be able to maintain adequate insurance to cover all losses that we may incur.
39. Lease agreements with some of the tenants in the Portfolio may not be adequately stamped or registered, and consequently, the Manager may be unable to successfully litigate over such deeds in the future and penalties may be imposed on us.
40. If the Manager is unable to maintain relationships with other stakeholders in the Portfolio, our results of operation and financial condition may be adversely affected.
41. Land is subject to compulsory acquisition by the Government and compensation in lieu of such acquisition may be inadequate.

Risks Related to the Relationships with the Sponsor and the Manager

42. We and parties associated with us are required to adhere to the eligibility conditions specified under Regulation 4 of the REIT Regulations as well as the certificate of registration on an ongoing basis. We may not be able to ensure such ongoing compliance by the Sponsor, the Manager and the Trustee, which could result in the cancellation of our registration.
43. The Sponsor and Sponsor Group will be able to exercise significant influence over certain activities and the interests of the Sponsor and Sponsor Group may conflict with the interests of other Unitholders.
44. Conflicts of interest may arise out of common business objectives shared by the Manager, the Sponsor, the Sponsor Group and us. Further, we may be subject to potential conflicts of interest arising out of our relationship with the Sponsor, Sponsor Group and their affiliates and the Manager, and may enter into transactions with

related parties in the future and the Manager cannot assure you that such potential conflicts of interest will always be resolved in favour of Brookfield India REIT and the Unitholders.

Our Manager has adopted the policy on related party transactions and conflicts of interest to mitigate such potential conflicts of interest instances. While our strategy will be to pursue substantially stabilized real estate investment opportunities, there can be no assurance that all potentially suitable investment opportunities that come to the attention of Brookfield will be made available to us.

45. We depend on the Manager and its personnel for our success and to manage our business and assets. Any failure by the Manager to perform satisfactorily could adversely affect our results of operations and financial condition. Further, we may not find a suitable replacement for the Manager if the Investment Management Agreement is terminated or if key personnel cease to be employed by the Manager or otherwise become unavailable.

Risks Related to ownership of Units and investments in India

46. Any downgrading of India's sovereign debt rating by a domestic or international rating agency could adversely affect our ability to obtain financing and, in turn, adversely affect our business.
47. The reporting and corporate governance requirements and other obligations of real estate investment trusts post-listing are still evolving. Accordingly, the level of ongoing disclosures made and the protections granted to the Unitholders may be more limited than those made to or available to the shareholders of a company that has listed its equity shares upon a recognized stock exchange in India.
48. Our business is dependent on economic growth in India and financial stability in Indian markets, and any slowdown in the Indian economy or in Indian financial markets could have an adverse effect on our business, results of operations, financial condition and the price of our Units.

49. Fluctuations in the exchange rate of the Indian Rupee with respect to other currencies will affect the foreign currency equivalent of the value of the Units and any distributions.
50. Trusts such as the Brookfield India REIT may be dissolved, and the proceeds from the dissolution thereof may be less than the amount invested by the Unitholders.
51. Tax laws are subject to changes and differing interpretations, which may adversely affect our operations and growth prospects.
52. Investors may be subject to Indian taxes arising out of capital gains on the sale of Units.
53. Unitholders will not have the right to redeem their Units.
54. The Units may also experience price and volume fluctuations and there may not be an active or liquid market for the Units.
55. NAV per Unit may be diluted if further issues are priced below the current NAV per Unit.
56. Any future issuance of Units by us or sales of Units by the Sponsor Group or any of the other significant Unitholders may adversely affect the trading price of the Units.
57. Our rights and the rights of our Unitholders to recover claims against the Manager or the Trustee are limited.

Corporate Governance Report

I. BROOKFIELD INDIA REIT’S PHILOSOPHY ON CORPORATE GOVERNANCE

Brookfield India REIT is India’s 100% institutionally managed public commercial real estate vehicle, sponsored by an affiliate of Brookfield Corporation (formerly known as Brookfield Asset Management Inc), whose asset management business is one of the world’s leading alternative asset managers, with over US\$ 1T of assets under management, which is listed on the New York Stock Exchange and Toronto Stock Exchange.

The corporate governance framework with respect to Brookfield India REIT is implemented by the Manager and reflects a rigorous approach to corporate governance, taking into account the interests of Unitholders while leveraging on the strong track record of high standards of governance established by the Brookfield Group.

The governance structure and philosophy of Brookfield India REIT is based on the following pillars that enable it to align and commensurately represent the interests of all our stakeholders:

- Entirely performance-linked fee structure for the Manager;
- Balanced board composition of the Manager between independent and Brookfield directors;
- Robust related party transaction and conflicts policy in place to facilitate arms-length evaluation of acquisition and divestment decisions, in line with global best practices and “majority of minority” approvals required;
- Commitment to ESG practices including installation of health infrastructure, focus on sustainability initiatives and activities that have a positive impact on the communities in which we operate; and
- Anti-bribery and anti-corruption policies in line with international standards.

II. GOVERNANCE FRAMEWORK

Brookfield India REIT is committed to highest standards of ethics, integrity, transparency and

regulatory compliance which provides Brookfield India REIT a distinctive differentiator. We ensure this through a robust corporate governance framework that guides our actions and priorities, helps protect the interests of all stakeholders and drives our stewardship.

*PAN of any director would not be displayed on the website of Stock Exchange.

*Category of directors means non-independent/independent/Nominee. If a director fits into more than one category write all categories separating them with hyphen.

*to be filled only for Independent Director. Tenure would mean total period from which Independent director is serving on Board of directors of the Manager in continuity without any cooling off period.

Note 1- As per Regulation 26(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 (“SEBI Listing Regulations”) read with FAQs no. 8 issued by SEBI on September 20, 2021, a director shall act as a member in maximum ten (10) Audit Committee(s) and/ or Stakeholders Relationship Committee(s) (“Committee”) and chairperson of more than five (5) Committees of listed entities and unlisted public limited companies put together. However, as per this format, the company has to report membership and/ or chairpersonship in Committee of all Managers / Investment Managers of REIT / InvIT and listed entities and not the unlisted public companies. Accordingly, the membership and chairpersonship in the Committee of Managers / Investment Managers of REIT / InvIT and listed entities is considered.

However, please note that one of the independent directors of Manager – Mr. Shailesh Vishnubhai Haribhakti also holds position of membership in four (4) committees of unlisted public companies including one position of chairmanship. Accordingly, the total number of membership held by said independent director across all public companies whether listed or not and in Managers/Investment Manager of REIT/ InvIT is nine (9) and chairmanship in six (6).

Mr. Ankur Gupta also holds position of membership in two (2) committees of unlisted public company.

Note

- 1

In the column “Compliance Status”, compliance or non-compliance may be indicated by Yes/No/N.A.
- 2

If status is “No” details of non-compliance may be given here.
- 3

If the Manager would like to provide any other information the same may be indicated here.
- 3A.

The above affirmation on the status of compliance with regard to copy of annual report on the website of the Brookfield India REIT is provided for the year ended March 31, 2024. The Annual Report of March 31, 2025 is under preparation and the same will be displayed on the website, once it is sent to the unitholders and stock exchanges with in the timelines provided under SEBI (Real Estate Investment Trust) Regulations 2014 (“**REIT Regulation**”). Further, the balance sheet, profit and loss account, compliance on governance report, secretarial compliance report is already displayed on Website, separately, however, the same will also be displayed as part of the Annual Report of March 31, 2025, once the same is circulated to the unitholders and stock exchanges within the timelines provided under the REIT Regulations.
- 3B.

The above affirmations on the status of compliance with regard to presence of chairperson of audit committee, nomination and remuneration and stakeholder relationship committee in the annual meeting of Brookfield India Real Estate Trust (“**Brookfield India REIT**”),is given with respect to the fourth annual meeting of Unitholders of Brookfield India REIT held on July 23, 2024. As pursuant to the provisions of REIT Regulation, Annual Meeting of unitholders of REIT should be conducted within 120 days from the end of financial year and the timeline for submission of this Part C of Compliance Report on Corporate Governance is within three months from the end of financial year. The affirmation on compliance upto June 30, 2025 cannot be given for any compliance which will be done in the month of July, 2025, as in our case, Brookfield India REIT is proposing to convene the annual meeting of its unitholders in the month of July, 2025. Since, we have to file the Part C of Compliance report on Corporate Governance on or before June 30, 2025, we are giving the above affirmation based on the previous year ended March 31, 2025.
- 3C.

As per the provisions of SEBI (Real Estate Investment Trust) Regulations 2014 (“**REIT Regulation**”), the Brookprop Management Services Private Limited (acting as Manager of Brookfield India REIT) is required to submit the Annual Report to the unitholders of REIT within three months from end of financial year and the timeline for submission of this Part C of Compliance Report on Corporate Governance is within three months from the end of financial year and moreover, the same is also to be attached with the Annual Report. So, it is not possible to attach the Part C of Compliance Report on Corporate Governance with the Annual Report of March 31, 2025, without filing it with the stock exchanges on or before June 30, 2025.

Since, pursuant to the applicability of the provisions, Manager is required to annex the Compliance Report on Corporate Governance and Secretarial Compliance Report in the Annual Report for the financial year ended March 31, 2025, and we are in the process of finalizing the Annual Report of March 31, 2025 the Corporate Governance and Secretarial Compliance Report will be attached and submitted to the unitholders on or before June 30, 2025 as part of the Annual Report of March 31, 2025, accordingly, the affirmation as required above in respect of Compliance Report on Corporate Governance and Secretarial Compliance Report for financial year 2025 is provided.

“**Board**” shall mean the board of directors of the Manager.

“**Brookfield India REIT**” / “**REIT**” shall mean the Brookfield India Real Estate Trust.

“**CIOP**” shall mean Candor India Office Parks Private Limited.

“**Distribution Policy**” / “**Policy**” shall mean this policy on distribution, as amended from time to time.

“**HoldCo**” shall mean a holdco/ holding company as defined under the Regulation 2(1)(qa) of the REIT Regulations.

“**Manager**” shall mean Brookprop Management Services Private Limited.

“**REIT Regulations**” shall mean SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time and circulars, notifications or guidelines issued by SEBI from time to time.

“**SEBI**” shall mean Securities and Exchange Board of India.

“**Unit**” shall mean an undivided beneficial interest in the Brookfield India REIT, and such Units together represent the entire beneficial interest in the Brookfield India REIT.

“**Unitholders**” shall mean any person who holds any Unit of the Brookfield India REIT.

4. Distribution Mechanism

- a. The net distributable cash flows of Brookfield India REIT are based on the cash flows generated from Brookfield India REIT’s assets.
- b. All REIT Distributions shall be made in accordance with Regulation 18(16) of the REIT Regulations.
- c. In terms of the REIT Regulations, not less than 90% of the net distributable cash flows of the Asset SPVs are required to be distributed to Brookfield India REIT, in proportion of its shareholding in the Asset SPV, subject to applicable provisions of the Companies Act, 2013. Presently, cash flows receivable by Brookfield India REIT may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs/ CIOP, sale proceeds out of disposal of investments of any or assets directly/indirectly held by Brookfield India REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the Applicable Laws.
- d. The Manager shall declare and distribute at least 90% of the net distributable cash flows of Brookfield India REIT as distributions (“REIT Distributions”) to the Unitholders. Such REIT Distributions shall be declared and made once every quarter of a financial year. Further, in accordance with the REIT Regulations, REIT Distributions shall be made no later than 15 days from the date of such declarations.
- e. The REIT Distributions, when made, shall be made in Indian Rupees.
- f. The REIT Distributions shall be made by electronic fund transfer or by such other manner of payment in accordance with Applicable Law;
- g. The form, frequency and amount of future REIT Distributions on the Units will depend on the earnings, financial position and results of operations of the Brookfield India REIT, as well as contractual restrictions, provisions of

Applicable Law, or any other force majeure events.

- h. Presently, the net distributable cash flows shall be calculated as per Annexure A of this Policy, as may be amended by the Manager from time to time in accordance with Applicable Laws.
- i. The Manager shall maintain records for at least seven years, pertaining to distribution declared and made to the Unitholders.
- j. If any property is sold by the Brookfield India REIT or its Asset SPVs or if the equity shares or interest in the Asset SPVs is sold by the Brookfield India REIT, and the Brookfield India REIT proposes not to invest the sales proceeds made into any other property, within a period of one year, it shall be required to distribute not less than 90% of the sales proceeds in accordance with the REIT Regulations.
- k. If any property is sold by the Brookfield India REIT or its Asset SPVs or if the equity shares or interest in the Asset SPVs is sold by the Brookfield India REIT, and if the Brookfield India REIT proposes to invest the sales proceeds made into any other property, it shall not be required to distribute proceeds from such sale to the Unitholders of the Brookfield India REIT.
- l. In terms of the REIT Regulations, if the distribution is not made within 5 working days from the record date¹, the Manager shall be liable to pay an interest to the Unitholders at the rate of 15% per annum until the distribution is made. Such interest shall not be recovered in the form of fees or any other form payable to the Manager by Brookfield India REIT.
- m. In the event of dissolution of the Brookfield India REIT, all of the assets of the Brookfield India REIT or the proceeds therefrom shall be distributed or used as follows and in the following order of priority:
 - (i) First, towards the payment of the debts and liabilities of the Brookfield India REIT, including without limitation of any statutory dues of the Brookfield India REIT and also any statutory dues and amounts due to the Trustee (including but not limited to trustee remuneration), the Manager, or a service provider to the Brookfield India REIT and any expenses incurred for the dissolution of the Brookfield India REIT;

- (ii) Second, towards the setting up of any reserves which the Trustee (on the advice of the Manager) or the authority in-charge of winding up of the affairs of the Brookfield India REIT may deem reasonably necessary for any contingent or unforeseen liabilities or obligations of the Brookfield India REIT; and
- (iii) Third, to the Unitholders in ratio of their Unitholding.

n. Deduction of taxes:

- (i) The Trustee shall, subject to advice of the Manager, make any deductions of taxes, cess, fees, charges, assessments and duties that may be required to be deducted or withheld under Applicable Law before making any payment to any Unitholder, whether by way of distribution, redemption of any Units or otherwise. However, the Manager shall be responsible for deducting all types of taxes and deposit with the relevant governmental agency as per the Applicable Law.
- (ii) The Trustee or the Manager, as the case may be, shall not be liable to account to any Unitholder or otherwise for any payment made or suffered by the Trustee or the Manager in good faith to any duly empowered revenue authority for taxes or other charges in any way arising out of or relating to any transactions of whatsoever nature under these presents, notwithstanding that any such payment ought not to be or need not have been made or suffered.

- o. In the event of formulation and adoption of a HoldCo structure by the Brookfield India REIT, the distribution of net distributable cash flows by the Holdco to the Brookfield India REIT shall be undertaken in accordance with the terms of the REIT Regulations and will be subject to applicable provisions of the Companies Act, 2013.

5. Amendment of the Policy

Notwithstanding the above, this Policy will stand amended to the extent of any change in Applicable Laws without any action of the Manager or approval of the Unitholders. The Board reserves the right to amend or modify this Policy, in whole or in part, from time to time, in accordance with Applicable Law.

¹Pursuant to the clause 5 of the policy, the above clause 4.l is substituted in accordance with the amendment made under regulation 18(16)(c) of REIT Regulations vide Securities and Exchange Board of India (Real Estate Investment Trusts) (Third Amendment) Regulations, 2024 dated September 26, 2024 by SEBI.

We have audited the accompanying standalone financial statements of Brookfield India Real Estate Trust (the “REIT”), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows, the Standalone Statement of Changes in Unitholders’ Equity for the year ended 31 March 2025, the Standalone Statement of Net Assets at fair value as at 31 March 2025, the Standalone Statement of Total Return at fair value and the Statement of Net Distributable Cash Flow for the year ended 31 March 2025 as an additional disclosure in accordance with Paragraph 4.6 of Securities Exchange Board of India SEBI/HO/DDHS-PoD- 2/P/CIR/2024/43 dated 15 May 2024 along with summary of the material accounting policies and select explanatory notes (together hereinafter referred as the “standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 (the “REIT regulations”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations, of the state of affairs of the REIT as at 31 March 2025, and its profit including other comprehensive

income, cash flows, changes in unitholders’ equity for the year ended 31 March 2025, net assets at fair value as at 31 March 2025, its total return at fair value for the year ended 31 March 2025 and Statement of Net Distributable Cash Flow for the year ended 31 March 2025 and other information of the REIT.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (“SA”), issued by Institute of Chartered Accountants of India (the “ICAI”). Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibility for the Audit of the Standalone Financial Statements’ section of our report. We are independent of the REIT in accordance with the Code of Ethics issued by the ICAI and we have fulfilled our other ethical responsibilities in accordance with the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

EMPHASIS OF MATTER

We draw attention to Note 9(a)(i) of the standalone financial statements, which describes the presentation of “Unit Capital” as “Equity” to comply with REIT Regulations. Our opinion is not modified in respect of this matter.

KEY AUDIT MATTER

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the standalone financial statements of the current period. This matter was addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor’s Response
Fair value of Investment in subsidiaries:	Principal audit procedures performed:
In accordance with REIT Regulations, the REIT discloses Statement of Net Assets at Fair Value and Statement of Total Return at Fair Value, which requires fair valuation of assets and liabilities. As at 31 March 2025, fair value of total assets was ₹ 211,552 million; out of which fair value of investment in subsidiaries is ₹ 196,120 million representing 93% of the fair value of total assets.	Our audit procedures related to the forecasted market rent, terminal capitalization rates and discount rate used to determine the fair value of investment property included the following, among others:
The fair value of investments in subsidiaries is primarily determined basis the fair value of the underlying investment property as at 31 March 2025 recorded in the books of accounts of its subsidiaries.	■ We obtained the independent valuer’s valuation reports and reviewed the source of information used by the independent valuer in determining these assumptions by comparing the source of information amongst other to market survey performed by property consultant and recent market transaction for comparable properties.
The fair value of investment property is determined by an independent external valuer using discounted cash flow method.	■ We tested the reasonableness of inputs, shared by management with the independent valuer, by comparing it to source information used in preparing the inputs such as rent rolls (leasing activities of REIT).
While there are several assumptions that are required to determine the fair value of investment property; assumptions with the highest degree of estimate, subjectivity and impact on fair values are forecasted market rent, terminal capitalization rate and discount rate. Auditing these assumptions required a high degree of auditor judgement as the estimates made by the independent external valuer contains significant measurement uncertainty.	■ We evaluated the reasonableness of management’s forecasted market rent by comparing it with sample of lease agreements for ongoing rentals, contractual lease escalations and other market information, as applicable.
Refer Standalone Statement of Net Assets at Fair Value and Standalone Statement of Total Return at Fair Value in the standalone financial statements.	■ With the assistance of our fair valuation specialist, we evaluated the reasonableness of forecasted market rent, terminal capitalization rates and discount rate by comparing it with market information such as recent market transactions for comparable properties, discount rate used by other listed REITs for comparable properties, market surveys by property consultants and non-binding broker quotes, as applicable.

INFORMATION OTHER THAN THE FINANCIAL
STATEMENTS AND AUDITOR’S REPORT THEREON

- Brookprop Management Services Private Limited (the “Manager”) acting in its capacity as Manager of REIT is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditor’s report thereon. The Annual Report is expected to be made available to us after the date of this auditor’s report.
- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 ‘The Auditor’s responsibilities Relating to Other Information’.

RESPONSIBILITIES OF MANAGEMENT AND
BOARD OF DIRECTORS FOR THE STANDALONE
FINANCIAL STATEMENTS

The Board of Directors of the Manager (the “Board”) is responsible for the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in unitholder’s equity, net asset at fair value, total return at fair value, Net Distributable Cash Flow and other financial information of the REIT in the conformity with the REIT Regulations, the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the REIT and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of the Manager is responsible for assessing the REIT's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the REIT or to cease operations, or has no realistic alternative but to do so.

The Board is also responsible for overseeing the financial reporting process of REIT.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management of the Manager.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the REIT's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the REIT to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit and as required by REIT regulations, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows, the Statement of Changes in Unitholders' Equity, the Statement of Net Assets at fair value, the Statement of Total Return at fair value and the Statement of Net Distributable Cash Flow dealt with by this Report are in agreement with the relevant books of account of REIT.
- c) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting

Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rule, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations.

adoption of the standalone financial statement by the Board of Director of the Manager to Trust in the calculation of Net Distributable Cash Flow.

- In order to promote standardisation of framework for computing NDCF, a revised framework was defined by SEBI vide master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 ("Revised NDCF Framework") (erstwhile SEBI Circular No. SEBI/HO/DDHS/DDHS-PoD/P/CIR/2023/185 dated December 6, 2023 on revised NDCF framework). As per the framework, the Manager is required to declare and distribute at least 90% of the NDCF of Brookfield India REIT as distributions ("REIT Distributions").This framework is applicable with effect from 1 April 2024. Accordingly, Brookfield India REIT has computed the NDCF for the year ended 31 March 2025 as per the revised framework. Comparatives have not been provided in this framework for all the previous periods presented.

E	NAV per unit (C/D)	253.63	336.35	250.10	332.60

1 Measurement of fair values

The fair value of investments in SPVs is primarily determined basis the fair value of the underlying investment property (including investment property under development) and book value of other assets and liabilities of the respective SPV's as at 31 March 2025 and 31 March 2024. The fair value of investment properties (including investment property under development) has been determined by independent external registered property valuer, having appropriately recognized professional qualifications and recent experience in the location and category of the properties being valued.

Valuation technique

The fair value measurement of the investment properties (including investment property under development) has been categorized as a Level 3 fair value based on the inputs to the valuation technique used.

The valuers have followed a discounted cash flow method. The discounted cash flow method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return.

2 Break up of Net asset value

Particulars	As at 31 March 2025 (Audited)	As at 31 March 2024 (Audited)
Fair value of investments in SPVs	2,09,262.02	1,51,092.22
Add: Other assets	2,289.82	2,418.15
Less: Liabilities	(7,134.99)	(7,469.58)
Net Assets	2,04,416.85	1,46,040.79

3 The Trust holds investment in SPVs which in turn hold the properties. Hence, the breakup of property wise fair values has been disclosed in the Consolidated Financial Statements.

Notes to the Standalone Financial Statements

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation of Standalone financial statements

The Standalone Financial Statements (Standalone Financial Statements) of Brookfield India REIT comprises:

- the Standalone Balance Sheet,
- the Standalone Statement of Profit and Loss (including other comprehensive income),
- the Standalone Statement of Cash Flows,
- the Standalone Statement of Changes in Unitholders' Equity,
- a summary of material accounting policies and other explanatory information.

Additionally, it includes the Statement of Net Assets at Fair Value, the Statement of Total Returns at Fair Value, the Statement of Net Distributable Cash Flow of Brookfield India REIT and other additional financial disclosures as required under the SEBI (Real Estate Investment Trusts) Regulations, 2014. The Standalone Financial Statements were authorized for issue in accordance with resolutions passed by the Board of Directors of the Manager on behalf of the Brookfield India REIT on 05 May 2025. The Standalone Financial Statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time including any guidelines and circulars issued there under read with SEBI master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 ("REIT Regulations"); Indian Accounting Standard (Ind AS), as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ('Ind AS') to the extent not inconsistent with the REIT Regulations (refer note 9(a) on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

The Standalone Financial Statements are presented in Indian Rupees in Millions, except when otherwise indicated.

Statement of compliance to Ind AS:

These Standalone financial statements for the year ended 31 March 2025 have been prepared in accordance with Indian Accounting Standards

as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ('Ind AS'), to the extent not inconsistent with the REIT regulations as more fully described above and in Note 9(a)(i) to the Standalone financial statements.

2.2 Material accounting policies

a) Functional and presentation currency

The Standalone Financial Statements are presented in Indian rupees, which is Brookfield India REIT's functional currency and the currency of the primary economic environment in which Brookfield India REIT operates. All financial information presented in Indian rupees has been rounded off to nearest million except unit and per unit data.

b) Basis of measurement

The Standalone Financial Statements have been prepared on historical cost basis except for certain financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

The Standalone Financial Statements have been prepared on a going concern basis.

c) Use of judgments and estimates

The preparation of Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS), to the extent not inconsistent with the REIT regulations, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

- (i) Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (Note 9)
- (ii) Impairment of investments and loans in subsidiaries

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

(iii) Fair valuation and disclosures

SEBI Circulars issued under the REIT Regulations require disclosures relating to net assets at fair value and total returns at fair value. (Refer Statement of net assets at fair value and Statement of total returns at fair value for details).

d) Current versus non-current classification

Brookfield India REIT presents assets and liabilities in the Standalone Balance Sheet based on current/ non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the normal operating cycle.
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Brookfield India REIT classifies all other assets as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in normal operating cycle of Brookfield India REIT;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Brookfield India REIT does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Brookfield India REIT classifies all other liabilities as non-current.

Current assets/liabilities include current portion of non-current financial assets/ liabilities respectively. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

e) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, Brookfield India REIT takes into account the characteristics of the asset or liability and how market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Inputs to fair value measurement techniques are disaggregated into three hierarchical levels, which are directly based on the degree to which inputs to fair value measurement techniques are observable by market participants:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2: Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the asset's or liability's anticipated life.
- Level 3: Inputs are unobservable and reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs in determining the estimate.

Fair value measurement framework is adopted by Brookfield India REIT to determine the fair value of various assets and liabilities measured or disclosed at fair value.

f) Impairment of non-financial assets

Brookfield India REIT assesses, at each reporting date, whether there is an indication that a non-financial asset other than deferred tax assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, Brookfield India REIT estimates the asset's

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

recoverable amount. Goodwill is tested annually for impairment.

An impairment loss is recognized in the Standalone Statement of Profit and Loss if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU on a pro rata basis. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups.

Impairment losses are recognized in the Standalone Statement of Profit and Loss, unless it reverses previous revaluation credited to equity, in which case it is charged to equity.

Goodwill (if any) arising from a business combination is allocated to CGUs or group of CGUs that are expected to benefit from the synergies of the combination.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. In estimating value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets, such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

g) Investment in SPV's

The Trust has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements.'

The details of such investment are given in note 3.

Assets representing investments in SPVs are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable, such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

h) Foreign currency transactions

Items included in the financial statements of the Brookfield India REIT are measured using the currency of the primary economic environment in which the Brookfield India REIT operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Brookfield India REIT functional and presentation currency.

Foreign currency transactions in currencies other than the functional currency are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at reporting period end exchange rates are generally recognized in the Statement of profit and loss.

i) Errors, estimates and change in accounting policy

The Brookfield India REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Standalone Financial Statements. Changes in accounting policies are applied retrospectively, wherever applicable.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

is discovered. The opening balances of the earliest period presented are also restated.

j) **Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) **Financial Assets - Recognition**

All financial assets are recognized initially at fair value (except for trade receivables which are initially measured at transaction price) plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

▪ **Debt instruments at amortized cost**

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

▪ **Debt instruments at fair value through other comprehensive income (FVOCI)**

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, interest income, impairment losses and reversals and foreign exchange gain or loss is recognized in statement of profit and loss. On derecognition of the asset, cumulative gains or losses previously recognized in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

▪ **Debt instruments at fair value through profit or loss (FVTPL)**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the Brookfield India REIT may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Brookfield India REIT has not designated any debt instrument as at FVTPL.

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit or loss.

▪ **Equity instruments measured at fair value through other comprehensive income (FVOCI)**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Brookfield India REIT may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Brookfield India REIT makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Brookfield India REIT decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Brookfield India REIT may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

(ii) **Financial Assets - Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Brookfield India REIT balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Brookfield India REIT has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Brookfield India REIT has transferred substantially all the risks

and rewards of the asset, or (b) the Brookfield India REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iii) **Impairment of financial assets**

Brookfield India REIT recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component and lease receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable and lease receivables, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date, is recognized as an impairment gain or loss in the Statement of Profit and Loss.

Trade Receivables are generally written off against the allowance only after all means of collection have been exhausted and the potential for recovery is considered remote.

(iv) **Financial liabilities – Recognition and Subsequent measurement**

Brookfield India REIT financial liabilities are initially measured at fair value less any attributable transaction costs. Subsequent to initial measurement, these are measured at amortized cost using the effective interest rate ('EIR') method or at fair value through profit or loss (FVTPL).

Brookfield India REIT financial liabilities include trade and other payables, Loans and borrowings including bank overdrafts.

The measurement of financial liabilities depends on their classification, as described below:

▪ **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through Statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

entered into by the Brookfield India REIT that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through Statement of profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains or losses are not subsequently transferred to statement of profit and loss. However, the Brookfield India REIT may transfer the cumulative gains or losses within equity. All other changes in fair value of such liability are recognized in Statement of profit and loss. The Brookfield India REIT has not designated any financial liability as at fair value through profit or loss.

- **Financial liabilities at amortized cost**
Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

(v) Financial liabilities - Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as

the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of profit and loss as other gains/(losses).

(vi) Income/loss recognition

■ **Interest income**

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Brookfield India REIT estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

k) Leases

At inception of a contract, the Brookfield India REIT assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Brookfield India REIT assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Brookfield India REIT has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Brookfield India REIT has the right to direct the use of the asset. The Brookfield India REIT has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used.

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Brookfield India REIT has the right to direct the use of the asset if either:

- o the Brookfield India REIT has the right to operate the asset; or
- o the Brookfield India REIT designed the asset in a way that predetermines how and for what purpose it will be used.

As a lessee

The Brookfield India REIT recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Brookfield India REIT incremental borrowing rate. Generally, the Brookfield India REIT uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Brookfield India REIT is reasonably certain to exercise, lease payments in an optional renewal period if the Brookfield India REIT is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Brookfield India REIT is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Brookfield India REIT's estimate of the amount expected to be payable under a residual value guarantee, or if the Brookfield India REIT changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Brookfield India REIT presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities (current and non-current) in the statement of financial position.

The Brookfield India REIT has elected not to recognize right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Brookfield India REIT recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

The Brookfield India REIT enters into lease agreements as a lessor with respect to its investment properties.

Leases for which the Brookfield India REIT is a lessor are classified as finance or operating leases. Whenever the terms of the lease

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Brookfield India REIT is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of the Brookfield India REIT's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Brookfield India REIT's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Brookfield India REIT applies Ind AS 115 to allocate the consideration under the contract to each component.

l) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. This *inter alia* involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognised when recovery of the consideration is probable and the amount of revenue can be measured reliably.

Recognition of dividend income, interest income

Dividend income is recognised in profit or loss on the date on which the Brookfield India REIT's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial

instrument to the gross carrying amount of the financial asset. In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

m) Taxation

Income tax expense comprises current and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or in other comprehensive income.

(i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither

accounting nor taxable profit or loss at the time of the transaction;

- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that the Brookfield India REIT is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on initial recognition of goodwill.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, Brookfield India REIT recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets—unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised. Further, no deferred tax asset/liabilities are recognized in respect of temporary differences that reverse within tax holiday period.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Brookfield India REIT expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis

or their tax assets and liabilities will be realised simultaneously.

n) Provisions and contingencies

A provision is recognized when the Brookfield India REIT has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Brookfield India REIT or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Brookfield India REIT does not recognize a contingent liability but discloses its existence in the financial statements.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

o) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Identification of segments:

In accordance with Ind AS 108- Operating Segment, the operating segments used to present segment information are identified on the basis of information reviewed by the Chief Operating Decision Maker ('CODM') to allocate resources to the segments and assess their performance. An operating segment is a component of the Brookfield India REIT that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Brookfield India REIT's other components.

Based on an analysis of Brookfield India REIT's structure and powers conferred to the Manager to Brookfield India REIT, the Governing Board of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

Decision Maker ('CODM'), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Brookfield India REIT is primarily engaged in the business of developing and maintaining commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 "Operating Segments" in respect of reportable segments are not applicable.

p) Subsequent events

The Standalone Financial Statements are prepared after reflecting adjusting and non-adjusting events that occur after the reporting period but before the Standalone Financial Statements are authorized for issue.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

r) Earnings per unit

Basic earnings per unit is calculated by dividing the net profit / (loss) for the period attributable to unit holders of the Brookfield India REIT by the weighted average number of units outstanding during the period.

For the purpose of calculating diluted earnings per unit, the profit or loss for the period attributable to unit holders of the Brookfield India REIT and the weighted average number of units outstanding

during the period are adjusted for the effects of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

s) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Standalone Balance Sheet when, and only when, the Brookfield India REIT currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

t) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Brookfield India REIT are segregated. For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits.

u) Cash distribution to Unitholders

The Brookfield India REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized, and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

(a) Terms/ rights attached to Units and accounting thereof

- (i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Unit is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Brookfield India REIT is required to distribute to Unitholders not less than 90% of the Net Distributable Cash Flows of Brookfield India REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Brookfield India REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contain both equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 issued under the REIT Regulations, the Unit Capital has been presented as “Equity” in order to comply with the requirements of Section H of Chapter 3 to the SEBI Master Circular dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders’ Equity when the distributions are approved by the Board of Directors of Investment Manager.

Brookfield India REIT is a business trust registered under SEBI REIT Regulations, 2014. Hence, the interest and dividend received or receivable by Brookfield India REIT from the SPVs is exempt from tax under section 10(23FC) of the Income Tax Act, 1961 (Act). Further, any expenditure incurred in relation to earning the exempt income is not tax deductible in view of the provisions of section 14A of the Act.

The income of Brookfield India REIT, other than exempt income mentioned above, is chargeable to tax at the maximum marginal rates in force (for the year ended 31 March 2025: 42.744%; for the year ended 31 March 2024: 42.744%), except for the income chargeable to tax on transfer of short term capital assets under section 111A of the Act and long term capital assets under section 112 of the Act.

Note A: The Finance (No. 2) Act, 2024 ("Act"), which was passed and enacted on August 16, 2024, announced changes to Capital Gains provision with effect from 23 July 2024. The Act amended the long-term tax rate on Capital Gains from 20% to 12.5% on all category of assets and removed the indexation benefit for calculation of long-term capital gains.

As at March 31, 2025, pursuant to such amended, Brookfield India REIT has remeasured the carrying value of deferred tax and accounted for reduction in deferred tax liability amounting to ₹ 97.26 million through statement of profit and loss. Excluding this, the PAT for the year ended 31 March 2025 would be ₹ 7,047.26 million.

24 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

i) **Financial instruments by category and fair value**

The below table summarizes the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. The Brookfield India REIT has classified its financial instruments, which are measured at fair value, into three levels in accordance with Ind AS.

	Carrying value		Fair value	
	As at 31 March 2025 (Audited)	As at 31 March 2024 (Audited)	As at 31 March 2025 (Audited)	As at 31 March 2024 (Audited)
At Amortized Cost				
Financial assets				
Cash and cash equivalents #	2,094.50	2,392.89	2,094.50	2,392.89
Other bank balances #	185.00	-	185.00	-
Loans *	45,424.64	19,053.69	45,160.34	20,364.88
Other financial assets #	1,696.15	443.93	1,696.15	443.93
Non convertible debentures*	7,516.00	8,430.00	7,991.60	8,968.30
At FVTPL				
Financial Assets				
Compulsorily Convertible Debentures^	15,724.75	13,636.85	15,724.75	13,636.85
Total financial assets	72,641.04	43,957.36	72,852.34	45,806.85
At Amortized Cost				
Financial liabilities				
Borrowings#	6,693.21	7,284.87	6,693.21	7,284.87
Trade payables #	80.57	51.25	80.57	51.25
Other financial liabilities #	22.94	102.81	22.94	102.81
Total financial liabilities	6,796.72	7,438.93	6,796.72	7,438.93

fair value of financial assets and financial liabilities which are recognized at amortized cost has been disclosed to be same as carrying value as the carrying value approximately equals to their fair value.

* Fair value of loans and Non convertible debentures which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate.

^ Fair value of Debentures (Compulsorily Convertible Debentures) is determined on the basis of Net assets value (NAV) method. These CCDs are classified as level 3 in the fair value hierarchy due to the inclusion of unobservable inputs. The key input to the NAV is fair value of the investment properties.

ii) **Measurement of fair values**

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices for instance listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Standalone Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Standalone Financial Statements

There have been no valuation under Level 1 and Level 2. There has been no transfers into or out of Level 3 of the fair value hierarchy for the period/year ended 31 March 2025 and year ended 31 March 2024.

Brookfield India REIT's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

iii) **Details of significant unobservable inputs**

Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets measured at fair value (15% CCDs)	
Fair value of investment property	The estimated fair value would increase (decrease) if fair value of investment property increases (decreases)

iv) **Sensitivity analysis of Level 3 fair values**

For the fair value of CCDs, reasonably possible changes at the reporting date due to one of the significant unobservable inputs, holding other inputs constant, would have following effects:

31 March 2025	Profit/ (Loss)	
	Increase	Decrease
Fair value of investment property (1% movement)	280.93	(280.93)

31 March 2024	Profit/ (Loss)	
	Increase	Decrease
Fair value of investment property (1% movement)	239.71	(239.71)

(v) **Reconciliation of Level 3 fair values**

	For the year ended 31 March 2024 (Audited)
Fair value of CCDs	
Balance as at 01 April 2023	5,795.00
Investment in CCDs during the period	8,215.80
Net change in fair value-unrealized (refer note 18 and 20)	(373.94)
Balance as at 31 March 2024	13,636.86
Balance as at 01 April 2024	13,636.86
Net change in fair value-unrealized (refer note 18)	2,087.90
Balance as at 31 March 2025	15,724.76

25 SEGMENT REPORTING

The Trust does not have any Operating segments as at 31 March 2025 and 31 March 2024. Hence disclosure under "Ind AS 108", Operating segments has not been provided in the Standalone Financial Statements.

26 EARNINGS PER UNIT (EPU)

Basic EPU amounts are calculated by dividing the profit for the year after income tax attributable to unitholders by the weighted average number of units outstanding during the year. Diluted EPU amounts are calculated by dividing the profit for the year after income tax attributable to unitholders by the weighted average number of units outstanding during year plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital. The units of the Trust were allotted on 08 February 2021, 11 February 2021, 24 January 2022, 02 August 2023, 28 August 2023, 21 June 2024 and 12 December 2024.

Notes to the Standalone Financial Statements

29. FINANCIAL RISK MANAGEMENT

i. Risk management framework

The Board of directors of the Manager of the Trust has overall responsibility for the establishment and oversight of the Trust's risk management framework. The Trust's risk management framework is established to identify and analyse the key risks faced by the Trust, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management framework and systems are reviewed regularly to reflect changes in market conditions and the Trust's activities.

The Board of directors of the Manager of the Trust, oversees compliance with the Trust's risk management framework and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Trust. The Audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to The Audit Committee.

The Trust financial risk management is carried out by a treasury department (Trust treasury). the Trust treasury identifies, evaluates and hedges financial risks.

ii. Credit risk

Credit risk is the risk of financial loss to the Trust if a counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Trust's receivables from loans given to its SPVs and cash and cash equivalents. The carrying amount of financial assets represents the maximum credit exposure.

The Trust establishes an allowance account for impairment that represents its estimate of losses in respect of its financial assets. The main component of this allowance is estimated losses that relate to specific tenants or counterparties. The allowance account is used to provide for impairment losses. Subsequently when the Trust is satisfied that no recovery of such losses is possible, the financial asset is considered irrecoverable and the amount charged to the allowance account is then written off against the carrying amount of the impaired financial asset.

Cash at bank are placed with financial institutions which are regulated and have low risk.

As at the reporting date, there is no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying value of each financial asset on the Balance Sheet.

iii. Liquidity risk

Liquidity risk is the risk that the Trust will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Trust's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Trust's reputation.

The Trust's primary sources of liquidity include cash, undrawn borrowings, construction facilities and cash flow from operating activities. The Trust seeks to increase income from its existing properties by maintaining quality standards for its properties that promote high occupancy rates and support increases in rental rates while reducing tenant turnover and related costs, and by controlling operating expenses.

Consequently, the Trust believes its revenue, along with proceeds from financing activities will continue to provide the necessary funds to cover its short term liquidity needs. In addition, the Trust projects cash flows and considering the level of liquid assets necessary to meet liquidity requirement.

iv. Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices which will affect the Trust's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return.

a) Currency risk

Majority of transitions entered into by the Trust are denominated in Indian Rupees. Accordingly the Trust does not have any currency risk.

b) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Trust is not exposed to any interest rate risk since all its debts are at fixed interest rates.

The Company is exposed to both fair value interest rate risk as well as cash flow interest rate risk arising both on short-term and long-term floating rate instruments as well as on the refinancing of fixed rate instrument. The Company's borrowings are principally denominated in Indian Rupees.

The fair value interest rate risk is the risk of changes in fair values of fixed interest bearing borrowings because of fluctuations in the interest rates and possible requirement to refinance such instruments. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments is as follows.

32 DISTRIBUTION POLICY

In terms of the Distribution policy and REIT Regulations, not less than 90% of the NDCFs of our Asset SPVs are required to be distributed to Brookfield REIT/Holdco, in proportion of its shareholding in our Asset SPVs, subject to applicable provisions of the Companies Act. Further, the Holdco shall distribute 100% of NDFC received from Asset SPVs and not less than 90% of NDCF generated on its own to Brookfield India REIT. The cash flows receivable by Brookfield REIT/Holdco may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from our Asset SPVs/CIOP/MIOP, sale proceeds out of disposal of investments of any or assets directly/ indirectly held by Brookfield REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable laws.

At least 90% of the NDCFs of Brookfield REIT ("REIT Distributions") shall be declared and made once every quarter of a Financial Year by our Manager. In accordance with the REIT Regulations, REIT Distributions shall be made within five working days from the record date. The REIT Distributions, when made, shall be made in Indian Rupees.

The NDCFs shall be calculated in accordance with the REIT Regulations and any circular, notification or guidelines issued thereunder including the SEBI Guidelines.

33 CAPITALIZATION STATEMENT

The Trust's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Trust's capital structure mainly constitutes equity in the form of unit capital. The projects of SPVs are initially funded through construction financing arrangements. On completion, these loans are restructured into lease-rental discounting arrangements. The Trust's capital structure is influenced by the changes in regulatory framework, government policies, available options of financing and the impact of the same on the liquidity position.

The Trust monitors its capital structure using ratio of 'Net debt' to 'Total Equity'). The capital structure of the Trust consists of net debt (comprising borrowings as disclosed in notes 12 offset by cash and cash equivalents as disclosed in note 6) and equity of the Group (comprising issued unit capital and retained earnings as disclosed in notes 9 and 10). The Trust's net debt to equity ratio as at 31 March 2025 and 31 March 2024 are as follows:

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“SA”), issued by Institute of Chartered Accountants of India (the “ICAI”). Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibility for the Audit of the Consolidated Financial Statements’ section of our report. We are independent of the Group and its joint venture in accordance with the Code of Ethics issued by the ICAI and we have fulfilled our other ethical responsibilities in accordance with the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

EMPHASIS OF MATTER

We draw attention to Note 15(a)(i) of the consolidated financial statements, which describes the presentation of “Unit Capital” as “Equity” to comply with REIT Regulations. Our opinion is not modified in respect of this matter.

KEY AUDIT MATTER

Key audit matter is the matter that, in our professional judgment, was of most significance in

our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor’s Response
Fair value of investment properties: In accordance with REIT Regulations, the REIT discloses Statement of Net Assets at Fair Value and Statement of Total Return at Fair Value, which requires fair valuation of assets. As at 31 March 2025, fair value of total assets was ₹ 340,313.06 million; out of which fair value of investment property is ₹ 311,392.66 million representing 91.5% of the fair value of total assets. The fair value of investment property is determined by an independent external valuer using discounted cash flow method. While there are several assumptions that are required to determine the fair value of investment property; assumptions with the highest degree of estimate, subjectivity and impact on fair values are forecasted market rent, terminal capitalization rate and discount rate. Auditing these assumptions required a high degree of auditor judgement as the estimates made by the independent external valuer contains significant measurement uncertainty. Refer Consolidated Statement of Net assets at fair value and Consolidated Statement of total return at fair value in the consolidated financial statements.	Principal audit procedures performed: Our audit procedures related to the forecasted market rent, terminal capitalization rates and discount rate used to determine the fair value of investment property included the following, among others: <ul style="list-style-type: none">■ We obtained the independent valuer’s valuation reports and reviewed the source of information used by the independent valuer in determining these assumptions by comparing the source of information amongst others to market survey performed by property consultant and recent market transaction for comparable properties.■ We tested the reasonableness of inputs, shared by management with the independent valuer, by comparing it to source information used in preparing the inputs such as rent rolls (leasing activities of the Group).■ We evaluated the reasonableness of management’s forecasted market rent by comparing it with sample of lease agreements for ongoing rentals, contractual lease escalations and other market information, as applicable.■ With the assistance of our fair valuation specialist, we evaluated the reasonableness of forecasted market rent, terminal capitalization rates and discount rate by comparing it with market information such as recent market transactions for comparable properties, discount rate used by other listed REITs for comparable properties, market surveys by property consultants and non-binding broker quotes, as applicable.

BOARD OF DIRECTORS FOR THE CONSOLIDATED
FINANCIAL STATEMENTS

The Board of Directors of the Manager (the “Board”) is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in unitholder’s equity, net asset at fair value, total return at fair value, Net Distributable Cash Flow of the REIT and each of its special purpose vehicle (subsidiaries and joint venture) and other information of the REIT in the conformity with the REIT Regulations, the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally

accepted in India, to the extent not inconsistent with REIT Regulations.

The Board and the respective Board of Directors of the subsidiaries included in the Group and Joint venture are responsible for maintenance of adequate accounting records for safeguarding the assets of the Group and Joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Board of the Manager, as aforesaid.

In preparing the consolidated financial statements, the management and Board of the Manager and the respective management and the Board of Directors of the subsidiaries included in the Group and Joint venture is responsible for assessing the ability of the REIT and respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board and the respective Board of Directors of the subsidiaries included in the Group and Joint venture either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The Board and the respective Board of Directors of the subsidiaries included in the Group and Joint venture is also responsible for overseeing the financial reporting process of Group and its Joint venture.

AUDITOR’S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management of the Manager.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information

of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the REIT and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit and as required by REIT regulations, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows, Consolidated Statement of Changes in Unitholders’ Equity, Statement of Net Assets at fair value, Statement of Total Return at fair value and the Statement of Net Distributable Cash Flow of the REIT and each of its special purpose vehicles (subsidiaries and joint venture) dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
- c) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rule, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations.

*As per Master Circular for Real Estate Investment Trusts dated 15 May 2024, the Trust is required to disclose the carrying value of liabilities as reflected in the Balance Sheet at the reporting date in the ‘Statement of Net Assets at Fair Value’. Therefore, the Statement of Net Assets at Fair Value’ includes the carrying value of liabilities as of 31 March 2025 and 31 March 2024. Further, fair value of investment property (including investment property under development) is after considering cash outflows towards lease liabilities. Hence, carrying amount of lease liabilities as of 31 March 2025 and 31 March 2024 has been adjusted to arrive at the NAV per unit. ** Since the property management companies namely CIOP and MIOP are wholly owned by REIT, while calculating non-controlling interest, fair value pertaining to property management fees which is included in fair value of investment properties and investment properties under development of Kairos and Candor Gurgaon 1 respectively, has been excluded as at 31 March 2025.

Measurement of fair values

The fair value of investment properties (including investment property under development) has been determined by independent external registered property valuers, having appropriately recognized professional qualifications and recent experience in the location and category of the properties being valued.

Valuation technique

The fair value measurement of the investment properties (including investment property under development) has been categorized as a Level 3 fair value based on the inputs to the valuation technique used.

The valuers have followed a discounted cash flow method. The discounted cash flow method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return.

For fair valuation of financial assets refer note 37.

Notes

- Candor Kolkata has plans to de-notify a portion of its SEZ into non SEZ. The denotification will be taken up prior to the construction commencement and is procedural in nature. Hence, the fair valuation of such SEZ portion has been computed by the valuers assuming non IT use.
- Project wise break up of Fair value of Assets :

	Total Return attributable to unit holders of Brookfield India REIT	22,500.77	13,271.66
	Total Return attributable to non- controlling interests	2,520.25	5,351.60

The changes in fair value for the respective periods presented has been computed based on the changes in fair value of the underlying assets of SPVs (including changes in fair value of equity method investment), which is not recognized in Total Comprehensive Income.

Pursuant to acquisition of MIOP on 07 January 2025, which is accounted for as per Appendix C of the Ind AS 103, comparable numbers for the year ended 31 March 2024 have been restated in the financial statements (refer note 48), however the same have not been considered here and hence the total comprehensive income considered for the year ended 31 March 2024 is same as was reported in these respective periods.

*This does not include difference between carrying value and fair value of borrowings pursuant to liabilities being reflected at carrying values in the statement of Net assets at fair value. This change does not impact the Total Return attributable to unit holders of Brookfield India REIT.

Notes to the Consolidated Financial Statements

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation of Consolidated financial statements

The Consolidated Financial Statements of Brookfield India REIT comprises:

- the Consolidated Balance Sheet,
- the Consolidated Statement of Profit and Loss (including other comprehensive income),
- the Consolidated Statement of Cash Flows,
- the Consolidated Statement of Changes in Unitholders' Equity,
- a summary of material accounting policies and other explanatory information.

Additionally, it includes the Statement of Net Assets at Fair Value, the Statement of Total Returns at Fair Value, the Statement of Net Distributable Cash Flow of Brookfield India REIT and each of the SPVs and other additional financial disclosures as required under the SEBI (Real Estate Investment Trusts) Regulations, 2014. The Consolidated Financial Statements were authorized for issue in accordance with resolutions passed by the Board of Directors of the Manager on behalf of the Brookfield India REIT on 05 May 2025. The Consolidated Financial Statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time including any guidelines and circulars issued there under read with SEBI master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 ("REIT Regulations"), Indian Accounting Standard (Ind AS), as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") to the extent not inconsistent with the REIT Regulations (refer note 15(a)(i) on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

The Consolidated Financial Statements are presented in Indian Rupees in Millions, except when otherwise indicated.

Statement of compliance to Ind AS:

These Consolidated financial statements for the year ended 31 March 2025 have been prepared in accordance with Indian Accounting Standards

as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS"), to the extent not inconsistent with the REIT regulations as more fully described above and in Note 15(a)(i) to the consolidated financial statements.

2.2 Material accounting policies

a) Basis of Consolidation

(i) Subsidiaries

The Brookfield India REIT consolidates entities which it owns or controls. The Consolidated Financial Statements comprise the financial statements of the Brookfield India REIT and its subsidiary SPVs as disclosed in Note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The procedure adopted for preparing Consolidated Financial Statements of Brookfield India REIT is stated below:

- The Consolidated Financial Statements have been prepared using the principles of consolidation as per Ind AS 110 - Consolidated Financial Statements.
- The financial statements of the Group are consolidated by combining/adding like items of assets, liabilities, equity, income, expenses and cash flows.
- Intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of Brookfield India REIT are eliminated in full.
- The figures in the notes to accounts and disclosures have been Consolidated line by line and intragroup transactions and balances including unrealized profit are eliminated in full on consolidation.
- Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the equity attributable to shareholders

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

of the Company. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis.

(ii) Interest in joint arrangement

A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. The results of joint ventures are incorporated in these Condensed Consolidated Financial Statements using the equity method of accounting as described below:

Under the equity method of accounting, the investments are initially recognised at cost on the date of acquisition and adjusted thereafter to recognize the Brookfield India REIT's share of the post-acquisition profits or losses of the investee in profit and loss, and Brookfield India REIT's share of other comprehensive income of the investee in other comprehensive income.

Goodwill is calculated at excess of cost of investment over share of fair value of net assets acquired on the date of acquisition.

Dividends received from joint ventures are recognised as a reduction in the carrying amount of the investment.

When Brookfield India REIT 's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, Brookfield India REIT does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between Brookfield India REIT and joint ventures are eliminated to the extent of Brookfield India REIT's interest in these entities. Unrealised

losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees are consistent with the policies adopted by the Brookfield India REIT.

The carrying amount of equity accounted investments are tested for impairment in accordance with the Brookfield India REIT's policy.

iii) Business combinations - common control transactions

Business combinations involving entities that are controlled by the ultimate holding company are accounted for using the pooling of interests' method as follows:

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values or recognize any new assets or liabilities. Adjustments are made only to harmonize accounting policies.
- The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.
- The difference, if any, between the purchase consideration in the form of cash/ other assets and the amount of net assets of the transferor is transferred to capital reserve. The amount of capital reserve is adjusted to the extent of reserves available with the Subsidiary Company as at 1 April 2023.

b) Functional and presentation currency

The Consolidated Financial Statements are presented in Indian rupees, which is Brookfield India REIT's functional currency and the currency of the primary economic environment in which Brookfield India REIT operates. All financial information presented in Indian rupees has been rounded off to nearest million except unit and per unit data.

c) Basis of measurement

The Consolidated Financial Statements have been prepared on historical cost basis except for certain

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

- financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

The Consolidated Financial Statements have been prepared on a going concern basis.
- d) Use of judgments and estimates**

The preparation of Consolidated Financial Statements in conformity with generally accepted accounting principles in India (Ind AS), to the extent not inconsistent with the REIT regulations, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements is included in the following notes:

(i) presentation of “Unit Capital” as “Equity” in accordance with the REIT Regulations instead of compound instrument (Note 15)

(ii) determination of useful life of investment property (Note 2.2 (g))

(iii) determination of recoverable amount / fair value of investment property (Note 2.2 (g), Statement of Net Assets at Fair Value, Statement of Total Return at Fair Value

(iv) determination of lease term (Note 2.2 (n))

(v) recognition / recoverability of deferred tax assets (Note 2.2 (p) and Note 6

e) Current versus non-current classification

Brookfield India REIT presents assets and liabilities in the Consolidated Balance Sheet based on current/ non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

 - it is expected to be realized in, or is intended for sale or consumption in, the normal operating cycle;
 - it is held primarily for the purpose of being traded;
 - it is expected to be realized within 12 months after the reporting date; or
 - it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Brookfield India REIT classifies all other assets as non-current.

A liability is classified as current when it satisfies any of the following criteria:

 - it is expected to be settled in normal operating cycle of Brookfield India REIT;
 - it is held primarily for the purpose of being traded;
 - it is due to be settled within 12 months after the reporting date; or
 - the Brookfield India REIT does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Brookfield India REIT classifies all other liabilities as non-current.

Current assets/liabilities include current portion of non-current financial assets/ liabilities respectively. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

f) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, Brookfield India REIT takes into account the characteristics of the asset or liability and how market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Inputs to fair value measurement techniques are disaggregated into three hierarchical levels, which are directly based on the degree to which inputs to fair value measurement techniques are observable by market participants:

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
 - Level 2: Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the asset’s or liability’s anticipated life.
 - Level 3: Inputs are unobservable and reflect management’s best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs in determining the estimate.

Fair value measurement framework is adopted by Brookfield India REIT to determine the fair value of various assets and liabilities measured or disclosed at fair value.
- g) Investment properties**

Recognition and measurement

Investment property consists of commercial properties which are primarily held to earn rental income and commercial developments that are being constructed or developed for future use as commercial properties. The cost of commercial development properties includes direct development costs, import duties and other non-refundable purchase taxes, borrowing costs directly attributable to the development and any directly attributable cost of bringing the asset to its working condition for its intended use. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and impairment losses, if any.

Equipment and furnishings physically attached and integral to a building are considered to be part of the investment property.

Subsequent expenditure and disposal

Subsequent expenditure is capitalized to the investment property’s carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Brookfield India REIT and the cost of the item can be measured reliably. The cost of the assets not ready for its intended use before such date, are disclosed as investment property under development. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Any gain or loss from disposal of an investment property is recognized in Statement of profit and loss.

Depreciation

Investment property is depreciated using the straight-line method over their estimated useful lives. The useful lives of the assets have been determined by management after considering nature of assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support.

The asset’s residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

The useful lives of the investment property are tabulated as below:

Particulars	Useful Life (Years)
Buildings	60
Plant and Machinery	4 - 15
Furniture and Fixtures	5 – 12
Electrical fittings	4 – 15
Diesel generator sets	15 – 25
Air conditioners	15
Office Equipment	5 – 12
Kitchen Equipment	5
Computers	3 – 6
Right of Use (Leasehold Land)	As per lease term

The fair value of investment property is disclosed in the statement of net assets at fair value. Fair values are determined by an independent registered valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued.
- h) Property, plant and equipment and intangible assets**

Recognition and measurement

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises the purchase price, including import duties and other non-refundable purchase taxes and any directly attributable cost of bringing the asset to its working condition for its intended use.

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, on initial recognition expenditure to be incurred towards major inspections and overhauls are required to be identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

Subsequent expenditure and disposal
Subsequent expenditure is capitalized to the property, plant and equipment's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Brookfield India REIT and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of a property, plant and equipment is replaced, the carrying amount of the replaced part is derecognized.

Any gain or loss from disposal of a property, plant and equipment is recognized in Statement of profit and loss.

Depreciation
Property, plant and equipment are depreciated using the straight-line method over their estimated useful lives. The useful lives of the assets have been determined by management after considering nature of assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support.

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on additions (disposals) is provided on pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed off).

Leasehold improvements are depreciated over primary period of lease or the useful life of the asset, whichever is lower.

Estimated useful lives of items of property, plant and equipment are tabulated as follows: -

Particulars	Useful Life (Years)
Buildings	60
Plant and Machinery	5 – 20
Furniture and Fixtures	3 – 14
Electrical fittings	10

Particulars	Useful Life (Years)
Air conditioners	3 – 15
Office Equipment	3 – 15
Kitchen Equipment	3 – 5
Vehicle	8
Computers	3 – 14
Computer Software	5

Intangible assets comprise purchase of software. Intangible assets are carried at cost and amortized over a period of 5 years, which represents the period over which the Brookfield India REIT expects to derive economic benefits from the use of the assets.

The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each reporting period and the amortization period is revised to reflect the changed pattern, if any.

i) Impairment of non-financial assets

Brookfield India REIT assesses, at each reporting date, whether there is an indication that a non-financial asset other than deferred tax assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, Brookfield India REIT estimates the asset's recoverable amount. Goodwill is tested annually for impairment.

An impairment loss is recognized in the Consolidated Statement of Profit and Loss if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU on a pro rata basis. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups.

Impairment losses are recognized in the Consolidated Statement of Profit and Loss, unless it reverses previous revaluation credited to equity, in which case it is charged to equity.

Goodwill (if any) arising from a business combination is allocated to CGUs or group of CGUs that are expected to benefit from the synergies of the combination.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. In estimating value in use, the estimated future cash flows are discounted to their

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets, such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

j) Foreign currency transactions

Items included in the financial statements of the Brookfield India REIT are measured using the currency of the primary economic environment in which the Brookfield India REIT operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Brookfield India REIT functional and presentation currency.

Foreign currency transactions in currencies other than the functional currency are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at reporting period end exchange rates are generally recognized in the Statement of profit and loss.

k) Errors, estimates and change in accounting policies

The Brookfield India REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Consolidated Financial Statements. Changes in accounting policies are applied retrospectively, wherever applicable.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

l) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets - Recognition

All financial assets are recognized initially at fair value (except for trade receivables which are initially measured at transaction price) plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

▪ Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

from impairment are recognized in the statement of profit and loss.

▪ **Debt instruments at fair value through other comprehensive income (FVOCI)**

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, interest income, impairment losses and reversals and foreign exchange gain or loss is recognized in statement of profit and loss. On derecognition of the asset, cumulative gains or losses previously recognized in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

▪ **Debt instruments at fair value through profit or loss (FVTPL)**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the Brookfield India REIT may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Brookfield India REIT has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value

with all changes recognized in Statement of profit or loss.

▪ **Equity instruments measured at fair value through other comprehensive income (FVOCI)**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Brookfield India REIT may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Brookfield India REIT makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Brookfield India REIT decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Brookfield India REIT may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

(ii) **Financial Assets - Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Brookfield India REIT balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Brookfield India REIT has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Brookfield India REIT has transferred substantially all the risks and rewards of the asset, or (b) the Brookfield India REIT has neither transferred nor retained

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iii) **Impairment of financial assets**

Brookfield India REIT recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component and lease receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable and lease receivables, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date, is recognized as an impairment gain or loss in the Statement of profit and loss.

Trade Receivables are generally written off against the allowance only after all means of collection have been exhausted and the potential for recovery is considered remote.

(iv) **Financial liabilities – Recognition and Subsequent measurement**

Brookfield India REIT financial liabilities are initially measured at fair value less any attributable transaction costs. Subsequent to initial measurement, these are measured at amortized cost using the effective interest rate ('EIR') method or at fair value through profit or loss (FVTPL).

Brookfield India REIT financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

The measurement of financial liabilities depends on their classification, as described below:

▪ **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through Statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of profit or loss. Financial liabilities are classified as held for trading if they are incurred

for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Brookfield India REIT that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through Statement of profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains or losses are not subsequently transferred to statement of profit and loss. However, the Brookfield India REIT may transfer the cumulative gains or losses within equity. All other changes in fair value of such liability are recognized in Statement of profit and loss. The Brookfield India REIT has not designated any financial liability as at fair value through profit or loss.

▪ **Financial liabilities at amortized cost**

Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

(v) Financial liabilities - Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of profit and loss as other gains/(losses).

(vi) Income/loss recognition

■ **Interest income**

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Brookfield India REIT estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

■ **Borrowing costs**

Borrowing cost includes interest expense as per effective interest rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs associated with direct expenditures on properties under development or redevelopment or property, plant and equipment are capitalized. The amount of borrowing costs capitalized is determined first by borrowings specific to a property where relevant, and then by a weighted average cost of borrowings to eligible expenditures after adjusting for borrowings associated with other specific developments. Where

borrowings are associated with specific developments, the amount capitalized is the gross borrowing costs incurred less any incidental investment income. Borrowing costs are capitalized from the commencement of the development until the date of practical completion. The Brookfield India REIT considers practical completion to have occurred when the physical construction of property is completed and the property is substantially ready for its intended use and is capable of operating in the manner intended by management. Capitalization of borrowing costs is suspended and charged to the Statement of profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

(vii) Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Embedded derivatives closely related to the host contracts are not separated. Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss.

m) Leases

At inception of a contract, the Brookfield India REIT assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Brookfield India REIT assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

- the Brookfield India REIT has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Brookfield India REIT has the right to direct the use of the asset. The Brookfield India REIT has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Brookfield India REIT has the right to direct the use of the asset if either:
 - o the Brookfield India REIT has the right to operate the asset; or
 - o the Brookfield India REIT designed the asset in a way that predetermines how and for what purpose it will be used.

As a lessee

The Brookfield India REIT recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Brookfield India REIT's incremental borrowing rate. Generally, the Brookfield India REIT uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Brookfield India REIT is reasonably certain to exercise, lease payments in an optional renewal period if the Brookfield India REIT is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Brookfield India REIT is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Brookfield India REIT's estimate of the amount expected to be payable under a residual value guarantee, or if the Brookfield India REIT changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Brookfield India REIT presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities (current and non-current) in the statement of financial position.

The Brookfield India REIT has elected not to recognize right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Brookfield India REIT recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

The Brookfield India REIT enters into lease agreements as a lessor with respect to its investment properties.

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

Leases for which the Brookfield India REIT is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Brookfield India REIT is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of the Brookfield India REIT's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Brookfield India REIT's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Brookfield India REIT applies Ind AS 115 to allocate the consideration under the contract to each component.

n) Revenue recognition

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as Goods and Services tax, and applicable service level credits, discounts or price concessions. The computation of these estimates involves significant judgment based on various factors including contractual terms, historical experience, expense incurred etc.

i. Income from Operating Lease Rentals
Assets given under operating lease are included in investment property. Revenue recognition under a lease commences when the tenant has a right to use the leased asset. Generally, this occurs on the lease commencement date. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. In determining the lease term, management considers all facts and

circumstances including renewal, termination and market conditions.

Income from Operating Lease Rentals also includes percentage participating rents. Percentage participating rents are recognized when tenants' specified sales targets have been met.

ii. Income from maintenance services
Income from maintenance services consists of revenue earned from the provision of daily maintenance, security and administration services, and is charged to tenants based on the occupied lettable area of the properties. Income from maintenance services is recognized when the entity has satisfied its performance obligation by delivering services as per terms of contract entered into with tenants.

o) Employee benefits

Employee benefits include provident fund, gratuity and compensated absences.

Provident fund
The Brookfield India REIT's contribution to provident fund is considered as defined contribution plans and is charged as an expense in statement of profit and loss based on the amount of contribution required to be made as and when services are rendered by the employees.

Gratuity
Brookfield India REIT has an obligation towards gratuity, a defined post-employment benefits plan covering eligible employees. The present value of the defined benefit liability and the related current service cost and past service cost are measured using projected unit credit method; with actuarial valuations being carried out at each balance sheet date. Remeasurements comprising actuarial gains and losses are recognized immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognized in other comprehensive income are not reclassified. Past service cost is recognized in profit or loss when the plan amendment or curtailment occurs, or when the Brookfield India REIT recognizes related restructuring costs or termination benefits, whichever is earlier.

Short-term employee benefits
The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

during the period when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Other Long-term employee benefits
The employees of the Brookfield India REIT are entitled to other long term benefit by way of accumulating compensated absences. Cost of long-term benefit by way of accumulating compensated absences arising during the tenure of the service is calculated taking into account the pattern of avilment of leave. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation based on actuarial valuations as at the balance sheet date by an independent actuary using the Projected Unit Credit method. Actuarial gains and losses relating to long-term employee benefits are recognised in the statement of Profit and Loss in the period in which they arise.

p) Taxation

Income tax expense comprises current and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or in other comprehensive income.

(i) Current tax
Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using

tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ("MAT") under the provisions of the Income Tax, 1961 is recognised as current tax in the Consolidated Statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Brookfield India REIT will pay normal income tax during the period for which MAT credit can be carried forward for set-off against normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(ii) Deferred tax
Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that the Brookfield India REIT is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on initial recognition of goodwill.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, Brookfield India REIT recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets—unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised. Further, no deferred tax asset/liabilities are recognized in respect of temporary differences that reverse within tax holiday period.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Brookfield India REIT expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

q) Provisions and contingencies

A provision is recognized when the Brookfield India REIT has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the

control of the Brookfield India REIT or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Brookfield India REIT does not recognize a contingent liability but discloses its existence in the financial statements.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

r) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Identification of segments:

In accordance with Ind AS 108- Operating Segment, the operating segments used to present segment information are identified on the basis of information reviewed by the Chief Operating Decision Maker ('CODM') to allocate resources to the segments and assess their performance. An operating segment is a component of the Brookfield India REIT that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Brookfield India REIT's other components.

Based on an analysis of Brookfield India REIT's structure and powers conferred to the Manager to Brookfield India REIT, the Governing Board of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker ('CODM'), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Brookfield India REIT is primarily engaged in the business of developing and maintaining commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 "Operating Segments" in respect of reportable segments are not applicable.

s) Subsequent events

The Consolidated Financial Statements are prepared after reflecting adjusting and non-adjusting events that occur after the reporting period but before the

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

Consolidated Financial Statements are authorized for issue.

t) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

u) Earnings per unit

Basic earnings per unit are calculated by dividing the net profit / (loss) for the period attributable to unit holders of the Brookfield India REIT by the weighted average number of units outstanding during the period.

For the purpose of calculating diluted earnings per unit, the profit or loss for the period attributable to unit holders of the Brookfield India REIT and the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

v) Business Combination/Asset Acquisition

The amendment to Ind AS 103 Business Combinations clarifies that while businesses usually have outputs, outputs are not required for an integrated set of activities and assets to qualify as a business. To be considered a business an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs.

The amendments remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs. The amendments also introduce additional guidance that helps to determine whether a substantive process has been acquired.

The amendments introduce an optional concentration test that permits a simplified assessment of whether an acquired set of activities

and assets is not a business. Under the optional concentration test, the acquired set of activities and assets is not a business if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar assets.

Brookfield India REIT has opted to apply optional concentration test in respect of acquisition of SPVs. Refer Note 45 of the financial statements for details.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

w) Consolidated Statement of Cash flows

Consolidated Cash flows are reported using the indirect method, whereby Profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated. For the purpose of the Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits.

x) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Consolidated Balance Sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

y) Cash distribution to Unitholders

The Brookfield India REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

z) Income support

The income support that is an integral part of an acquisition transaction is treated as deduction in the acquisition cost of such investment property. Where the right to receive the income support is spread over a period of time, the right to receive the income support is recognized as a financial asset at fair value and subsequently measured at fair value through profit or loss.

Notes to the Consolidated Financial Statements

Note:

- (i) Borrowing costs capitalized during the year amounts to ₹ 66.95 million (31 March 2024: ₹ 44.75 million) (refer note 31). The rate used to determine the amount of borrowing costs eligible for capitalization was 9.39% (31 March 2024: 9.47%) for Candor Kolkata and nil (31 March 2024 : 9.46%) for SDPL Noida.
- (ii) The fair value of investment property (including under development) as at 31 March 2025 amounts to ₹3,11,392.66 million (31 March 2024: ₹ 2,92,250 million) as per valuations performed by external registered property valuers who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The valuers have followed a discounted cash flow method. The discounted cash flow method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return. The fair value measurement of investment property has been categorized as Level 3.
- (iii) Refer Note 36 for disclosure of contractual commitments for purchase, construction or development of investment property.
- (iv) Refer note 17(a) in respect of investment property given as security in respect of secured borrowing taken from banks/others.
- (v) Candor Kolkata has received reimbursement from its customers for certain assets constructed / acquired on the specific requirement of the customer. The cost of the assets are included in fixed assets and the reimbursement has been disclosed as deferred income (also refer note 20 and 25).

(a) Terms/ rights attached to Units and accounting thereof

- (i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Unit is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Brookfield India REIT is required to distribute to Unitholders not less than 90% of the Net Distributable Cash Flows of Brookfield India REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Brookfield India REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contain both equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated 15 May 2024 issued under the REIT Regulations, the Unit Capital has been presented as “Equity” in order to comply with the requirements of Section H of Chapter 3 to the SEBI Master Circular dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders’ Equity when the distributions are approved by the Board of Directors of Investment Manager.

- (ii) Brookfield India REIT acquired controlling stake in Candor Gurgaon 1 and Kairos by acquiring 50% equity interest from certain members of the Sponsor Group. The purchase consideration for acquiring 50% stake in Candor Gurgaon 1 was discharged by paying cash of ₹ 4,533.04 million. The purchase consideration for acquiring 50% stake in Kairos was discharged by paying cash of ₹ 8,277.71 million and by allotting 12,696,800 number of Units at ₹ 315.04 per Unit, as per the table below.

On 21 June 2024, the Trust has allotted 40,930,000 Units at ₹300 per Unit to Bharti Sellers (refer note 1) on preferential allotment basis towards consideration for acquisition of 50% share capital of Rostrum.

Candor Kolkata One Hi-Tech Structures Private Limited (formerly known as “Candor Gurgaon Two Developers & Projects Private Limited”; amalgamated in Candor Kolkata One Hi-Tech Structures Private Limited w.e.f. 01 April 2017) has an agreement with Gurgaon Infospace Limited (GIL). The title to the land is held by Gurgaon Infospace Limited, a third party and is not affiliated to the Candor Kolkata One Hi-Tech Structures Private Limited. Candor Kolkata One Hi-Tech Structures Private Limited has developmental rights with respect to the property pursuant to a Joint Development Agreement (JDA) with GIL entered on 16 November 2006 as amended from time to time. Under the said agreement Candor Kolkata One Hi-Tech Structures Private Limited is entitled to 72% of the gross sale receipts and deposits from the tenants arising out of the lease of the developed areas and GIL is entitled to receive balance 28%.

In supplement to earlier JDA, a new co-development agreement was entered into between GIL (the developer) and Candor Kolkata One Hi-Tech Structures Private Limited (the co-developer) on 17 September 2007 as amended from time to time under which the developer and co-developer will jointly carry out the process of installation of fit-outs & fixtures and the cost of such installation shall be shared by the developer and co-developer in the same ratio as to sharing of gross proceeds i.e. 28% and 72% respectively. This agreement is accounted as joint operations as per Ind AS 111.

Candor Kolkata One Hi-Tech Structures Private Limited (“K1”) entered into a Joint Development Agreement (“JDA”) with Gurgaon Infospace Limited (“GIL”). As per the terms of the said JDA, GIL had to pay ₹ 1,000.00 million in various tranches between January 2021 to October 2023 for the development/construction of building to be used for commercial and retail purposes on certain land parcels, the title of which is in the name of K1. Under the JDA, K1 will be entitled to 72% of the gross sale receipts and deposits from the tenants arising out of the lease of the developed areas and GIL will be entitled to receive balance 28%.

Total financial liabilities	102,946.23	131,518.69	103,765.88	132,182.68

Fair value of financial assets and financial liabilities which are recognized at amortized cost has been disclosed to be same as carrying value as the carrying value approximately equals to their fair value. Further, other financial liabilities exclude ₹ 247.63 million and ₹ 563.40 million as of 31 March 2025 and 31 March 2024 respectively, towards lease liabilities. Lease liability is measured at amortized cost and the disclosure of the fair value, including the hierarchy level, is not required for lease liabilities.

^ The fair value of derivative assets (component of 14% compulsorily convertible debentures) is determined on the basis of monte carlo simulation method. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

* The fair value of the liability component of compound financial instruments, which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

** Fair value of 12.50% Non convertible debentures which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate.

*** Fair value of 14% Compulsorily Convertible Debentures which are recognized at amortized cost, has been calculated on the basis of Net assets value (NAV) method.

ii) Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices for instance listed equity instruments, traded bonds and mutual funds that have quoted price.

Consolidated Financial Statements

(All amounts are in Rupees millions unless otherwise stated)

Notes to the Consolidated Financial Statements

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no valuation under Level 1 and Level 2. There has been no transfers into or out of Level 3 of the fair value hierarchy for the period ended 31 March 2025 and year ended 31 March 2024.

Brookfield India REIT policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

iii) Details of significant unobservable inputs

Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets measured at fair value (Derivative asset relating to compulsorily convertible debentures)	
Volatility rate	The estimated fair value would increase/ (decrease) if the volatility rate is higher/ (lower)
Unadjusted equity value	The estimated fair value would increase/ (decrease) if the unadjusted equity value is (lower)/ higher

iv) Sensitivity analysis of Level 3 fair values

For the financial assets measured at fair value (Derivative asset relating to compulsorily convertible debentures), reasonably possible changes at the reporting date due to one of the significant unobservable inputs, holding other inputs constant, would have following effects:

31 March 2025	Profit/ (Loss)	
	Increase	Decrease
Financial assets measured at fair value (Derivative asset relating to compulsorily convertible debentures)		
Volatility (1.5% movement)	50.30	(50.10)
Unadjusted equity value (10% movement)	(42.50)	48.60
31 March 2024	Profit/ (Loss)	
	Increase	Decrease
Financial assets measured at fair value (Derivative asset relating to 14% compulsorily convertible debentures)		
Volatility (1.5% movement)	46.30	(45.60)
Unadjusted equity value (10% movement)	43.50	(37.50)

v) Reconciliation of Level 3 fair values

a) Fair Value relating to derivative asset (14% compulsorily convertible debentures)

Balance as at 28 August 2023 (acquisiton date of Kairos)	214.60
Net change in fair value - unrealised (refer note 33)	45.65
Balance as at 31 March 2024	260.25

39 FINANCIAL RISK MANAGEMENT

i. Risk management framework

The Board of directors of the Manager of the Trust has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management framework is established to identify and analyse the key risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management framework and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Board of directors of the Manager of the Trust, oversees compliance with the Group's risk management framework and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to The Audit Committee.

The Group's financial risk management is carried out by a treasury department (Group's treasury). the Group's treasury identifies, evaluates and hedges financial risks.

ii. Credit risk

Credit risk is the risk of the financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The Group ensures through appropriate background checks that the office premises are leased to parties of reputе and of good credit standing only. It has also taken refundable interest free security deposits equivalent to 3-6 months of lease rentals from its customers which is used to mitigate credit risk. Further Management also monitors its receivables on a monthly basis and does not expect any default of its trade receivables. Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks. However, the maximum amount exposed to credit risk is limited to amount disclosed in financial statements.

Movement in loss allowance for trade receivables during the year are as follows:

	For the year ended 31 March 2025 (Audited)	For the year ended 31 March 2024 (Audited)
Balance at the beginning of the period	127.80	25.00
Loss allowance created during the year	18.34	79.52
Others	(110.32)	23.28
Balance at the end of the year	35.82	127.80

iii. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's primary sources of liquidity include cash, undrawn borrowings, construction facilities and cash flow from operating activities. The Group seeks to increase income from its existing properties by maintaining quality standards for its properties that promote high occupancy rates and support increases in rental rates while reducing tenant turnover and related costs, and by controlling operating expenses.

Consequently, the Group believes its revenue, along with proceeds from financing activities will continue to provide the necessary funds to cover its short term liquidity needs. In addition, the Group projects cash flows and considering the level of liquid assets necessary to meet liquidity requirement.

Notes to the Consolidated Financial Statements

iv. Market risk

The Group is exposed to market risk preliminary relating to the risk of changes in market prices (including lease rentals) that will affect the Group's income or expense or the value of its holdings of financial instruments.

a) Currency risk

The Group's exposure to foreign currency risk is mainly on account of imports of capital goods and services taken, which is not material in proportion to the total expenses incurred by the Group.

Particulars	Currency	As at	As at
		31 March 2025 (Audited)	31 March 2024 (Audited)
Financial Liabilities	SGD	0.02	(0.13)
Financial Liabilities/Assets	USD	(7.43)	(16.60)
		(7.41)	(16.73)

10% appreciation/depreciation in foreign currencies (SGD) at the reporting date would result in (decrease)/ increase in the Group's profit/(loss) before tax by approximately (₹ 0.00) million (31 March 2024 : (₹ 0.01 million)).

10% appreciation/depreciation in foreign currencies (USD) at the reporting date would result in (decrease)/ increase in the Group's profit/(loss) before tax by approximately (₹ 0.74) million (31 March 2024 : (₹ 1.66 million)).

b) Interest rate risk

The Group is exposed to both fair value interest rate risk as well as cash flow interest rate risk arising both on short-term and long-term floating rate instruments as well as on the refinancing of fixed rate instrument. the Group's borrowings are principally denominated in Indian Rupees.

The fair value interest rate risk is the risk of changes in fair values of fixed interest bearing borrowings because of fluctuations in the interest rates and possible requirement to refinance such instruments. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates."

Exposure to interest rate risk

The interest rate profile of the Group's interest-bearing financial instruments is as follows:

Particulars	As at	As at
	31 March 2025 (Audited)	31 March 2024 (Audited)
Fixed-rate instruments		
Financial assets	6,497.52	5,047.40

40 SEGMENT REPORTING

Ind AS 108 establishes requirements to identify the operating segment and related disclosures, basis how the Chief Operating Decision Maker (‘CODM’) evaluates the performance and allocates resources to different segments. Based on an analysis of Brookfield India REIT structure and powers conferred to the Manager to REIT, Board of Directors of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker (‘CODM’), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Group is primarily engaged in the business of developing, maintaining and leasing commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 “Operating Segments” in respect of reportable segments are not applicable.

There are no changes during the period in the methodology for computation of fees paid to the Investment Manager.

43 CAPITALIZATION STATEMENT

The Group’s policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group’s capital structure mainly constitutes equity in the form of unit capital and debt. The projects of SPVs are initially funded through construction financing arrangements. On completion, these loans are restructured into lease-rental discounting arrangements or debentures. The Group’s capital structure is influenced by the changes in regulatory framework, government policies, available options of financing and the impact of the same on the liquidity position.

The Group monitors its capital structure using ratio of ‘Net debt’ to ‘Total Equity’). The capital structure of the Group consists of net debt (comprising borrowings as disclosed in notes 17 and 21 and lease liabilities offset by cash and cash equivalents as disclosed in note 10) and equity of the Group (comprising issued unit capital, Non- controlling interest, reserves and retained earnings as disclosed in notes 15 and 16). 45 ASSETS ACQUISITION

- (i) On 18 August 2023, Brookfield India REIT acquired controlling stake by acquiring 50% of the equity interest and compulsorily convertible debentures of Candor Gurgaon 1 as described in more detail in Note 1 - Organization structure; for a total consideration of ₹ 8,602.64 million. Brookfield India REIT has also incurred directly attributable expenses in relation to this asset acquisition, amounting to ₹ 66.87 million, resulting in the total purchase consideration of ₹ 8,669.51 million (the “Purchase consideration”).

Brookfield India REIT applied the optional concentration test, under Ind AS 103, and concluded that the acquired set of activities and assets is not a business because substantially all of the fair value of the gross assets acquired is concentrated in investment properties, with similar risk characteristics. Accordingly, this transaction has been accounted for as an asset acquisition.

Brookfield India REIT identified and recognized the individual identifiable assets acquired and liabilities assumed; and allocated the purchase consideration to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of acquisition.

The allocated value of the identifiable assets and liabilities of Candor Gurgaon 1 as at the date of acquisition were:

Assets	Amount (in million)
Property, plant and equipment	58.51
Investment property	42,954.58
Investment property under development	211.74
Other assets	4,741.86

Significant management judgement is required in determining provision for income tax, deferred tax assets and liabilities and recoverability of deferred tax assets. The recoverability of deferred tax assets is based on estimates of taxable income and the period over which deferred tax assets will be recovered. It also depends on availability of taxable temporary differences when the deductible temporary differences are expected to reverse.

3 VALUATION APPROACH AND METHODOLOGY

3.1 Purpose of Valuation

The Report is being prepared to be relied upon by the Reliant Parties and inclusion, as a whole, a summary thereof or any extracts of the report, in any documents prepared in relation for the disclosure of valuation of assets forming part of the portfolio of Brookfield India REIT under the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 [SEBI (REIT) Regulations], as amended, together with circulars, clarifications, guidelines and notifications thereunder by SEBI and also disclosure as per fair value accounting under Indian Accounting Standards (Ind AS 40).

3.2 Valuation Guideline and Definition

Given the purpose of valuation as mentioned above, the valuation exercise has been carried out to estimate the “Market Value” of the Subject Properties in accordance with the IVSC International Valuation Standards issued in 2021 and effective from 31 January 2022.

As per IVSC International Valuation Standards, “Market Value” is defined as per IVS Standard 104 as ‘The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.’

3.3 Valuation Approach

The basis of valuation for the Subject Property being Market Value, the same has been derived by the following approach:

Discounted Cash Flow Method using Rental Reversion

The market practice in most commercial/ IT developments involves contracting tenants in the form of pre-commitments at sub-market rentals to increase attractiveness of the property to prospective tenants typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rentals for certain properties as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, we have considered the impact of such sub/above market leases on the valuation of the Subject Property.

For the purpose of the valuation of Subject Properties, Income Approach – Discounted Cash Flow Method using Rental Reversion has been adopted.

3.4 Valuation Methodology

In order to compute the Market Value of the Subject Property the following understanding /assessment is required:

- a. Micro Market Assessment where the Subject Property is located.
- b. Portfolio Assessment (existing and future supply, demand from occupiers, average office space take up by an occupier in a particular sector, existing vacancy and the rentals)
- c. Situation of the Subject Property (current achievable rentals, vacancy numbers, competing supply in the micro market etc.) with respect to the micro market.

The details are elaborated below:

Market Assessment:

The Client appointed Cushman & Wakefield (C&W) to prepare an independent industry and market research report, which has been relied upon to develop the understanding and assess the relevant micro-markets of the Subject Property. The said review, was carried out in the following manner:

- Details study of the market dynamics influencing the rents along with Subject Property rents.
- Assessment of the location setting of the Subject Property in the respective micro-markets.
- Ascertain the transaction activity of office space based on the findings of the industry/market report prepared by C&W and readily available information in public domain.
- Review of comparable properties in terms of potential competition (both completed and under-construction/ future developments), comparable recent lease transactions witnessed in the micro-market along with the trends in leasing within the Subject Property in recent past, wherever available.

The above analysis support to form an opinion on the applicable rental for the micro-market where the respective Subject Property are located (market rent) and on achievable rent for the respective Subject Property for leasing vacant spaces, as well as upon re-leasing of the existing let out area.

Portfolio & Rental Assessment:

- Property Documents and architect certificates were reviewed for validation of area details, ownership interests of the Subject Property.
- Physical site inspections were conducted to assess the current status of the Subject Property.
- The rent rolls along with corresponding leases deeds (on a reasonable sample basis) were reviewed to identify tenancy characteristics for the Subject Property.

Preparation of Future Cash Flows:

- Computing the monthly rental income projected and translating the same to a quarterly cash flow.
- The operational expenses of the respective properties are reviewed to understand the recurring, non-recurring, recoverable and non-recoverable nature expenses and accordingly estimate the margins on the common area maintenance income, which accrues as cash inflows to the Subject Property and normalised for the purpose of cash flow projections
- The projected future cash flows from the Subject Property are based on existing lease terms for the operational area till the expiry of the leases or re-negotiation, whichever is earlier, following which, the lease terms have been aligned with market rents achievable by the Subject Property.
- The cash flows for the operational, under construction and future development area have been projected separately for the purpose of estimating and reporting valuation in accordance with the SEBI (REIT) Regulations
- For vacant area, under-construction area and future development area, the achievable market rent-led cash flows are projected factoring appropriate lease-up time frame for vacant/under-construction/future development area.
- Recurring operational expenses, fit-out income (wherever applicable, however, the same has not been included in the NOI for the purpose of arriving at the terminal value by capitalisation) and vacancy provision have been adopted in-line with prevalent market practices and conditions.
- In addition, appropriate rent-free periods have been adopted during lease roll-overs to consider potential rent-free terms as well as outflows towards brokerage.

These cash flows have been projected for 10-year duration from the date of valuation wherein 11th year Net operating income (NOI) is capitalized for the assessment of terminal value. These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate to arrive at the Market Value of the Subject Property.

For Subject Property those are leasehold in nature, these cash flows have been projected for a duration until the land lease for the Subject Property expires. These future cash flows are then discounted to present day value (valuation date) at an appropriate discount rate to arrive at the Market Value of the Subject Property.

3.5 Information Sources

The Subject Property related information for the valuation exercise have been provided by the Client and the market data has been provided by Cushman and Wakefield, unless otherwise mentioned. The documents provided has been assumed to be a true copy of the original. The rent rolls have been cross checked with the lease deeds on a sample basis only to ensure its correctness.

5.3 Discount Rate

The discount rate applied to the available cash flows reflects the opportunity cost to all the capital providers, namely shareholders (Cost of Equity) and creditors (Cost of Debt), weighted by the relative contribution to the total capital of the company (WACC). The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

• Cost of Debt

The cost of debt is the return that a company provides to its debtholders and creditors. These capital providers need to be compensated for any risk exposure that comes with lending to a company. The cost of debt for real estate assets is often influenced by the stage of development of the asset. The mature and income-generating assets are considered less risky, leading to lower interest rates. In this context, the cost of debt for Brookfield India REIT properties is benchmarked to the interest rates observed in REITs, as all bear similar characteristics in terms of type and development status of properties. Since a major portion of REITs' portfolios consists of completed, income-generating assets, the cost of debt aligns more closely with the Lease Rent Discounting (LRD) rate.

This approach ensures that the cost of debt is aligned with the risk profile of the property and current market conditions,

Please find below Cost of Debt for Comparable REIT.

Entity Name	Cost of Debt
Brookfield (March 2024)	8.3%
Embassy (March 2024)	7.4%
Mindspace (March 2024)	7.8%

Source: Analyst Presentation for respective REIT

The cost of debt for March 2025 valuation is considered as ~ 8.4 %, which been determined based on the cost of debt for the REITs.

• Cost of Equity

We have considered the cost of equity at 14.50% as per the market return expectations of various investors for commercial office. Apart from that we have also benchmarked CAPM model and inputs of same is detailed out as under

- o We have considered risk free rate of 6.97% based on average 10-year treasury bond yield.
- o For calculation of beta, we have benchmarked industry (Nifty Realty Index). We have considered average 5-year Beta of Nifty Realty index with respect to Nifty 50.
- o We have considered market risk premium of 4.53% based on the returns of broad-based BSE 500 stock index for the past 10 to 15 years.

Debt-Equity Ratio (weightage of WACC)

As discussed earlier, the cost of debt has been derived based on prevailing LRD rates, while the cost of equity has been calibrated to account for both asset-specific and market-specific factors, reflecting investor expectations from an operational Grade A office spaces. Additionally, the debt-to-equity mix has been determined considering the typical LRD tenures and the extent to which debt financing contributes to the overall asset value.

It may be noted basis management representation that the current debt equity structure of Brookfield India REIT is 30:70. However, SEBI REIT Regulations states that the maximum permissible limit for debt is 49%. Hence, we have considered the debt and equity mix of 45% and 55% which lies well within the limit specified as per the SEBI REIT Regulations and is also accepted by the market participants.

Derivation of WACC

Based on above, the following WACC rate has been assumed for completed commercial assets part of the Brookfield India REIT:

	Cost	Weightage	
Cost of Debt	8.4%	45.0%	~11.75%
Cost of Equity	14.5%	55.0%	

Note: As per management representation planned debt equity structure for Brookfield India REIT is 45:55.

Capitalisation rate assumptions

The capitalization rate adopted for valuing various assets has been based on factors such as:

- Relevant parameters of some key investments in comparable properties of similar quality, use, tenant profile made by institutional real estate investors were perused. Further, considering that these investments have been made through institutional player, the cap rate for the Subject Property was suitably adjusted.

The selected comparable investments consist of investment-grade A properties with a similar tenant profile, commercial usage backed by institutional investors. These properties primarily include large office parks, aligning closely with the characteristics of the REIT properties. Considering these criteria, following comparable transactions have been analyzed to derive the capitalization rate:

Name of Seller	Name of Buyer	Location	City	Name of Building	Type of Building	Year of Transaction	Area (sq. ft.)	Deal Size (INR mn)	Capitalization Rate
Shapoorji Pallonji-Allianz	GIC	Gachibowli	Hyderabad	Waverock 2.1	Commercial	2024	22,84,918	21,500	~8%
MFAR Developers	Edelweiss Alternatives	Outer Ring Road	Bangalore	Embassy Manyata Tech Park	Commercial	2024	11,00,000	15,000	~8%
Kalyani Developers	Tablespace Technologies	Whitefield	Bangalore	Kalyani Camellia	Commercial	2024	5,00,000	5,000	~8%
Bhartiya Group	GIC	Hebbal	Bangalore	Bhartiya City	Commercial	2023	30,00,000	28,000	~8%
Brookfield Asset Management	GIC & Brookfield REIT	Powai	Mumbai	9 Grade A Properties in Downtown Powai	Commercial	2023	27,00,000	65,000	~8%
Brookfield Properties	Brookfield REIT & GIC	Gurugram	NCR	Candor TechSpace G1	Commercial	2023	37,98,366	47,250	~8%
Salarpuria Sattva	Continental Automotive	Electronic city	Bangalore	South Gate	Commercial	2022	8,50,885	7,516	8.32%
TRIL Properties	CPPIB	Suburban South	Chennai	TRIL Info Park	Commercial	2022	46,67,000	63,000	~7.6% - 7.7%
Embassy Property Developments Pvt. Ltd.	Embassy Office Parks REIT	ORR, Bangalore	Bangalore	Embassy Tech Village	Commercial	2020	91,00,000	97,824	7.50%

• Source: Secondary Market Research

• Note: The above information is based on information published in public domain and discussions with various market players

Based on these considerations, an exit capitalisation rate ranging between 7.5% and 8.5% has been adopted, with the lower end of the range applied to assets demonstrating superior performance and fundamentals within the portfolio. Thus we have considered the cap rate as 8% for the valuation of G1, G2, N1, N2, Worldmark Gurgaon, Airtel Centre, Kairos, Kensington. For K1 we have considered cap rate of 8.5% and for Pavilion Mall cap rate has been assumed to be 8.75% in line with the available market information and appropriately adjusted for the overall occupancy/performance level of the Subject Property and location of the Subject property being in Tier 3 city, as the comparable transactions are located in Tier 1 City.

NOTES:

1. In order to allow maximum participation of unit holders in the meeting and for better governance, Security Exchange Board of India (**“SEBI”**) vide circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated May 15, 2024 (**“Master Circular”**), allowed real estate investment trusts (**“REITs”**) to conduct the meetings of unitholders through Video Conference (**“VC”**) or Other Audio-Visual Means (**“OAVM”**), without the physical presence of unitholders at a common venue. Hence, in compliance with the above Circular,

the annual meeting of unitholders of Brookfield India REIT (**“AM”**) is being held through VC/ OAVM.

Brookprop Management Services Private Limited (**“Manager”**), on behalf of Brookfield India REIT, is providing a facility to the unitholders as on the cut-off date, being Friday, July 18, 2025, (the **“Cut-Off Date”**) to exercise their right to vote by electronic voting systems from a place other than venue of the AM (**“Remote e-voting”**) on any or all the items of business specified in the accompanying Notice. Voting by electronic mode is a convenient means of exercising voting rights and may help to increase the unitholders’ participation in the decision making process. It may be noted that the Remote e-voting facility is optional. The Manager, on behalf of Brookfield India REIT, has engaged the services of MUFG Intime India Private Limited (formerly known as Link Intime India Private Limited (**“Registrar and Transfer Agent”**) for the purpose of providing Remote e-voting facility to the unitholders. The resolution assented to by the requisite majority of unitholders shall be deemed to have been passed at the date of the meeting convened in that behalf.

The detailed instructions and procedure for voting and participation is given as follows:

Procedure and Instructions for participating in the AM through VC/ OAVM and voting on the date of AM is detailed in the Notice as below:

- (i) participation in the annual meeting through VC/ OAVM and voting through the Instameet platform of our Registrar and Transfer Agent detailed in **Annexure B** or;
 - (ii) Procedure and Instructions for “Remote e-voting” as **Annexure C**.
2. Only those Unitholders whose names are recorded in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date i.e., Friday, July 18, 2025 will be entitled to cast their votes by Remote e-voting as well as voting in the AM.
 3. The Manager, on behalf of Brookfield India REIT, has engaged the services of MUFG Intime India Private Limited (formerly Link Intime India Private Limited) (Registrar and Transfer Agent) for the purpose of providing remote e-voting facility to the unitholders.
 4. Unitholders are requested to read the instructions printed in the Notice for exercising their vote. Unitholders can exercise their vote on any or all the items of business specified in the Notice
 5. Unitholders may note that in accordance with the circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 issued by SEBI dated December 9, 2020 read with Master Circular, only the unitholders whose email Ids are updated with the depository would be able

to cast their vote through remote e-voting facility. Unitholders whose email Ids are not registered are therefore requested to update their email Id with their depository in order to cast vote through remote-evoting facility.

In case the unitholders are unable to update their email Id before the expiry of remote e-voting period, the unitholders may cast their vote through e-voting facility provided during the AM by following the instructions provided in Annexure B of this Notice.

6. As the AM shall be conducted through VC/OAVM, the facility for appointment of proxy by the unitholders is not available for this AM, and hence, the proxy form and attendance slip including route map is not annexed.
7. **The explanatory statement setting out material facts, relating to businesses to be transacted at the annual meeting is provided under Annexure A.**
8. Unitholders should read this notice alongwith the explanatory statement.
9. Relevant documents referred to in the accompanying Notice, if any, are open for inspection by the Unitholders by mentioning the name, demat account number, e-mail id, mobile number to reit.compliance@brookfield.com.
10. The facility of participation at the AM through VC/OAVM will be made available to atleast 1,000 unitholders on a first come first served basis as per the SEBI Circular no. SEBI/HO/DDHS/DDHS_Div2/P/CIR/2021/697 dated December 22, 2021, circular no. SEBI/HO/DDHS/DDHS_Div2/P/CIR/2022/079 dated June 3, 2022 read with SEBI circular no. SEBI/HO/DDHS/DDHS/CIR/P/2020/102 dated June 22, 2020.
11. The facility for joining the meeting shall be kept open 15 minutes before the time scheduled to start the AM and shall not be closed until the expiry of 15 minutes after such scheduled time.
12. Unitholders connecting from mobile devices or tablets or through laptops connecting via mobile hotspot may experience audio/visual loss due to fluctuation in their network. It is therefore recommended to use stable Wi-Fi or LAN connection to mitigate any kind of aforesaid glitches. Further, the unitholders are encouraged to join the meeting through laptops/tablets/desktops instead of mobile phone due to connectivity issues.
13. Unitholders are requested to address all correspondence, including distribution matters, on the email Id reit.compliance@brookfield.com.
14. A copy of this notice is available on the website of Brookfield India REIT viz <https://www.brookfieldindiareit.in> and may also be accessed

Neither we, nor any of our affiliates, as such, make any representation or warranty, express or implied, as to, and do not accept any responsibility or liability with respect to, any loss, howsoever, arising from any use or reliance on this Report or its content or otherwise arising in connection therewith. Unless otherwise stated in this Report, the information contained herein is based on management information as they exist as of the date indicated in this Report or as on March 31, 2025 if no date is mentioned and estimates. The information contained herein is subject to change without notice and past performance is not indicative of future results.

Brookfield India REIT acquired a 50% interest in Rostrum, which in turn holds (a) 100% interest in Aspen, Oak and Arnon. The investment in Rostrum is accounted for in the Consolidated Financial Statements using the equity method of accounting with effect from June 21, 2024. Under the equity method of accounting, the investment is initially recognised at cost on the date of acquisition and adjusted thereafter, to recognise the Brookfield India REIT's share of the post-acquisition profits or losses (after tax) of Rostrum.

The operational numbers given in this Report with respect to Rostrum, Aspen, Arnon and Oak are on hundred percent basis, however, Brookfield India REIT owns fifty percent stake through Rostrum. Brookfield India REIT owns assets through various Asset SPVs. Some of the Asset SPVs owns more than one asset, for the purpose of calculation of number of total assets, assets held by Festus and Kairos in Downtown Powai, Mumbai are counted as one Grade A, asset in Mumbai and assets held by Oak and Aspen in Aerocity, New Delhi are counted as single Grade A asset.

Certain information contained herein constitutes forward-looking statements. Due to various risks and uncertainties, actual events or results or the actual performance of Brookfield India REIT may differ materially from those reflected or contemplated in such forward looking statements. Although Brookfield India REIT believes that the anticipated future results, performance or achievements expressed or implied by the forward looking statements and information are based upon reasonable assumptions and expectations in light of the information presently available, you should not place undue reliance on forward-looking statements and information because they involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Brookfield India REIT to differ materially from anticipated future results, performance or achievement expressed or implied by such forward-looking statements and information. Factors that could cause actual results to differ materially from those set forward in the forward looking statements or information include but are not limited to: general economic conditions, changes in interest and exchange rates, availability of equity and debt financing and risks particular to underlying portfolio company investments. There is no guarantee that Brookfield India REIT will be able to successfully execute on all or any future deals, projects or exit strategies, achieve leasing plans, secure debt or receive development approvals as set forth herein. Projected results reflected herein have been prepared based on various estimations and assumptions made by management, including estimations and assumptions about events that have not yet occurred. Due to various risks, uncertainties and changes beyond the control of the Manager, the actual performance of Brookfield India REIT could differ materially from the projected results set forth herein, if any. There is no assurance, representation or warranty being made by any person that any of the projected results set forth herein will be achieved and undue

reliance shall not be placed on them. Industry experts may disagree with the assumptions used in presenting the projected results.

Any changes to assumptions could have a material impact on projections and actual returns. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, legal and contractual restrictions on transfer that may limit liquidity, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the valuations used in the prior performance data contained herein are based. Accordingly, the actual realized returns on unrealized investments may differ materially from the returns indicated herein, if any.

While considering investment performance information contained herein, you should bear in mind that past performance is not necessarily indicative of future results and there can be no assurance that comparable results will be achieved, that an investment will be similar to the historic investments presented herein (because of economic conditions, the availability of investment opportunities or otherwise), that targeted returns, diversification or asset allocations will be met or that an investment strategy or investment objectives will be achieved. Any information regarding prior investment activities and returns contained herein has not been calculated using generally accepted accounting principles and has not been audited or verified by an auditor or any independent party. Nothing contained herein should be deemed to be a prediction or projection of future performance.

Certain of the information contained herein is based on or derived from information provided by independent third party sources. While Brookfield India REIT believes that such information is accurate as of the date it was produced and that the sources from which such information has been obtained are reliable, Brookfield India REIT does not guarantee the accuracy or completeness of such information and has not independently verified such information or the assumptions on which such information is based. This document is subject to the assumptions (if any) and notes contained herein.

Nothing contained in this Report should be construed as legal, business or tax advice. Each prospective investor should consult its own attorney, business adviser and tax advisor as to legal, business, tax and related matters concerning the information contained herein.

Other than as described in the preceding paragraph, which sets out the scope of our engagement, we did not perform assurance procedures on the remaining information included in the sustainability reporting, and accordingly, we do not express a conclusion on this information. It was not part of our engagement to review product- or service-related information, references to external information sources, expert opinions and future-related statements in the Report.

Responsibility of the Company

The legal representatives of the Company are responsible for the preparation of the

sustainability information in accordance with the Reporting Criteria. This responsibility includes in particular the selection and use of appropriate methods for sustainability reporting, the collection and compilation of information and the making of appropriate assumptions or, where appropriate, the making of appropriate estimates. Furthermore, the legal representatives are responsible for necessary internal controls to enable the preparation of a sustainability report that is free of material - intentional or unintentional - erroneous information.

Verification methodology and procedures performed

The verification engagement has been planned and performed in accordance with the verification methodology developed by the TÜV SÜD Group, which is based upon the ISAE 3000, and ISO 17029. The applied level of assurance was “limited assurance”. Because the level of assurance obtained in a limited assurance, the engagement is lower than in a reasonable assurance engagement, the procedures the verification team performs in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. A limited assurance engagement consists of making inquiries, primarily of persons responsible for the preparation of the Sustainability information and applying analytical and other limited assurance procedures.
The verification was based on a systematic and evidence-based assurance process limited as stated above. The selection of assurance procedures is subject to the auditor’s own judgment.

The procedures included amongst others:

- Inquiries of personnel who are responsible for the stakeholder engagement und materiality analysis to understand the reporting boundaries.
- Evaluation of the design and implementation of the systems and processes for compiling, analysing, and aggregating sustainability information as well as for internal controls
- Inquiries of company’s representatives responsible for collecting, preparing and consolidating sustainability information and performing internal controls
- Analytical procedures and inspection of sustainability information as reported at group level by all locations (35 Properties (21 REIT and 14 Non- REIT Properties)
- Assessment of local data collection and management procedures, along with control mechanisms, through onsite and offsite verification and Below sites are selected for Onsite Visit.

Conclusion

On the basis of the assessment procedures carried out from 2025-05-13 - 2025-05-27 TÜV SÜD has not become aware of any facts that lead to the conclusion that the selected sustainability information has not been prepared, in all material aspects, in reference to the Reporting Criteria.

Limitations

The assurance process was subject to the following limitations:

The subject matter information covered by the engagement are described in the “scope of the engagement”. Assurance of further information included in the integrated reporting was not performed. Accordingly, TÜV SÜD do not express a conclusion on this information.

Financial data were only considered to the extent to check the compliance with the economic indicators provided by the GRI Standards and were drawn directly from independently audited financial accounts. TÜV SÜD did not perform any further assurance procedures on data, which were subject of the annual financial audit.

The assurance scope excluded forward-looking statements, product- or service-related information, external information sources and expert opinions.

Use of this Statement

The Company must reproduce the TÜV SÜD statement and possible attachments in full and without omissions, changes, or additions.

This statement is by the scope of the engagement solely intended to inform the Company as to the results of the mandated assessment. TÜV SÜD has not considered the interest of any other party in the selected sustainability information, this assurance report or the conclusions TÜV SÜD has reached. Therefore, nothing in the engagement or this statement provides third parties with any rights or claims whatsoever.

Independence and competence of the verifier

TÜV SÜD South Asia Pvt Ltd. is an independent certification and testing organization and member of the international TÜV SÜD Group, with accreditations also in the areas of social responsibility and environmental protection.
