

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED STANDALONE INTERIM FINANCIAL STATEMENTS

TO THE BOARD OF DIRECTORS OF

Brookprop Management Services Private Limited (the "Investment Manager") (Acting in capacity as the Investment Manager of Brookfield India Real Estate Trust)

Introduction

1. We have reviewed the accompanying unaudited Condensed Standalone Interim Financial Statements of **Brookfield India Real Estate Trust** ("the REIT"), ("the Condensed Standalone Interim Financial Statements") which comprise of the following:
 - the unaudited Condensed Standalone Balance Sheet as at June 30, 2022;
 - the unaudited Condensed Standalone Statement of Profit and Loss (including other comprehensive income) for the quarter ended June 30, 2022;
 - the unaudited Condensed Standalone Statement of Cash flow for the quarter ended June 30, 2022;
 - the unaudited Condensed Standalone Statement of Changes in Unitholders' Equity for quarter ended June 30, 2022;
 - the unaudited Condensed Statement of Net Distributable Cash Flow for the quarter ended June 30, 2022; and
 - summary of the significant accounting policies and select explanatory notes

These Condensed Standalone Interim Financial Statements are being submitted by the REIT pursuant to the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 (the "REIT Regulations").

2. The Condensed Standalone Interim Financial Statements, which is the responsibility of the Investment Manager and approved by the Board of Directors of the Investment Manager, have been prepared in accordance with the requirements of the REIT Regulations; Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations. Our responsibility is to express a conclusion on the Condensed Standalone Interim Financial Statements based on our review.

Scope of Review

3. We conducted our review of the Condensed Standalone Interim Financial Statements in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Investment Manager's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing issued by ICAI and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

4. Based on our review, nothing has come to our attention that causes us to believe that the accompanying Condensed Standalone Interim Financial Statements, have not been prepared in accordance with the REIT Regulations, Ind AS 34, prescribed under Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations.

Emphasis of matter

5. We draw attention to Note 10(a)(i) which describe the presentation of "Unit Capital" as "Equity" to comply with REIT Regulations. Our conclusion is not modified in respect of this matter.

	NDCF	1,719.34	1,558.06	1,944.77	6,884.58

a) The difference between SPV level NDCF and REIT level NDCF is primarily on account of utilization of opening cash at the SPV level for the quarter and year ended 31 March 2022 and quarter ended 30 June 2021.

b) The difference between REIT level NDCF and distributions to unitholders for the quarter ended 31 March 2022 is on account of utilization of surplus NDCF post distribution to unitholders till 30 September 2021.

Notes:

- The Board of Directors of the Manager to the Trust, in their meeting held on 03 August 2022, have declared distribution to Unitholders of Rs. 5.10 per unit which aggregates to Rs. 1,708.94 million for the quarter ended 30 June 2022. The distributions of Rs. 5.10 per unit comprises Rs. 2.45 per unit in the form of interest payment on shareholder loan and CCD's, Rs. 0.06 per unit in the form of dividend, Rs. 2.56 per unit in the form of repayment of SPV debt and the balance Rs. 0.03 per unit in the form of interest on fixed deposit and income tax refund.
- NDCF for the quarter ended 30 June 2022 is computed in accordance with the NDCF framework under the Distribution Policy as approved in the Offer Document.

The principal activity of Brookfield India REIT is to own and invest in rent or income generating real estate and related assets in India with the objective of producing stable and sustainable distributions to Unitholders.

Activities during the period ended 31 March 2021:

Brookfield India REIT acquired the following Special Purpose Vehicles ('SPVs') by acquiring all the equity interest held by the Sponsor and certain members of Sponsor Group (refer note 27) on 08 February 2021. In exchange for these equity interests, the above shareholders have been allotted 164,619,801 Units of Brookfield India REIT valued at Rs. 275/- each.

Brookfield India REIT went public as per its plan for Initial Public Offer of Units after obtaining the required approvals from the relevant authorities. The Units were allotted to the successful applicants on 08 February 2021 and 11 February 2021.

All these Units were subsequently listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) on 16 February 2021.

The brief activities and shareholding pattern of the SPVs are provided below:

<u>Name of SPV</u>	<u>Activities</u>	<u>Shareholding up to 08 February 2021 (in percentage)</u>	<u>Shareholding from 08 February 2021 (in percentage)</u>
Shantiniketan Properties Private Limited ('SPPL Noida')	Developing and leasing of commercial real estate property in India, primarily in IT/ITeS sector in Sector 62, Noida, Uttar Pradesh.	BSREP India Office Holdings Pte. Ltd.: 100% BSREP Moon C1 L.P.: 0.00% (10 Shares)	Brookfield India REIT : 100% Candor India Office Parks Private Limited : 0.00% (1 share) (as nominee of Brookfield India REIT)
Candor Kolkata One Hi-Tech Structures Private Limited ('Candor Kolkata')	Developing and leasing of commercial real estate property in India, primarily in IT/ITeS Special Economic Zone (SEZ) in New Town, Rajarhat, Kolkata and Sector 21,	BSREP India Office Holdings V Pte. Ltd.: 99.97% BSREP India Office Holdings Pte. Ltd.: 0.03%	Brookfield India REIT : 100% Candor India Office Parks Private Limited : 0.00% (1 share) (as nominee of Brookfield India REIT)

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

2. Basis of preparation and significant accounting policies

2.1 Basis of preparation of Condensed Standalone financial statements

The Interim Condensed Standalone Financial Statements (Condensed Standalone Financial Statements) of Brookfield India REIT comprises:

- the Condensed Standalone Balance Sheet,
- the Condensed Standalone Statement of Profit and Loss (including other comprehensive income),
- the Condensed Standalone Statement of Cash Flows,
- the Condensed Standalone Statement of Changes in Unitholders' Equity,
- a summary of significant accounting policies and other explanatory information.

Additionally, it includes the Statement of Net Distributable Cash Flow of Brookfield India REIT and other additional financial disclosures as required under the SEBI (Real Estate Investment Trusts) Regulations, 2014. The Condensed Standalone Financial Statements were authorized for issue in accordance with resolutions passed by the Board of Directors of the Manager on behalf of the Brookfield India REIT on 03 August 2022. The Condensed Standalone Financial Statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time read with the SEBI circular number CIR/IMD/DF/146/2016 dated 29 December 2016 ("REIT Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ('Ind AS') to the extent not inconsistent with the REIT Regulations (refer note 10(a)(i) on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

Accordingly, these Condensed Standalone Financial Statements do not include all the information required for a complete set of financial statements. These Condensed Standalone Financial Statements should be read in conjunction with the standalone financial statements and related notes included in the Trust's standalone financial statements under IND AS for the year ended 31 March 2022. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Condensed Standalone Financial Statements are presented in Indian Rupees in Millions, except when otherwise indicated.

2.2 Significant accounting policies

a) Functional and presentation currency

The Condensed Standalone Financial Statements are presented in Indian rupees, which is Brookfield India REIT's functional currency and the currency of the primary economic environment in which Brookfield India REIT operates. All financial information presented in Indian rupees has been rounded off to nearest million except unit and per unit data.

b) Basis of measurement

The Condensed Standalone Financial Statements have been prepared on historical cost basis except for certain financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

The Condensed Standalone Financial Statements have been prepared on a going concern basis.

c) Use of judgments and estimates

The preparation of Condensed Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS), to the extent not inconsistent with the REIT regulations, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Condensed Standalone Financial Statements is included in the following notes:

- (i) Presentation of “Unit Capital” as “Equity” in accordance with the REIT Regulations instead of compound instrument (Note 10)
- (ii) Estimation of uncertainties relating to the global health pandemic from Covid-19 (Note 25)
- (iii) Impairment of investments and loans in subsidiaries
- (iv) Fair valuation and disclosures
SEBI Circulars issued under the REIT Regulations require disclosures relating to net assets at fair value and total returns at fair value.

d) Current versus non-current classification

Brookfield India REIT presents assets and liabilities in the Condensed Standalone Balance Sheet based on current/ non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the normal operating cycle.
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Brookfield India REIT classifies all other assets as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in normal operating cycle of Brookfield India REIT;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Brookfield India REIT does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Brookfield India REIT classifies all other liabilities as non-current.

Current assets/liabilities include current portion of non-current financial assets/ liabilities respectively. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

e) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, Brookfield India REIT takes into account the characteristics of the asset or liability and how market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Inputs to fair value measurement techniques are disaggregated into three hierarchical levels, which are directly based on the degree to which inputs to fair value measurement techniques are observable by market participants:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2: Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the asset's or liability's anticipated life.
- Level 3: Inputs are unobservable and reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs in determining the estimate.

Fair value measurement framework is adopted by Brookfield India REIT to determine the fair value of various assets and liabilities measured or disclosed at fair value.

f) Impairment of non-financial assets

Brookfield India REIT assesses, at each reporting date, whether there is an indication that a non-financial asset other than deferred tax assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, Brookfield India REIT estimates the asset's recoverable amount. Goodwill is tested annually for impairment.

An impairment loss is recognized in the Condensed Standalone Statement of Profit and Loss if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU on a pro rata basis. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups.

Impairment losses are recognized in the Condensed Standalone Statement of Profit and Loss, unless it reverses previous revaluation credited to equity, in which case it is charged to equity.

Goodwill (if any) arising from a business combination is allocated to CGUs or group of CGUs that are expected to benefit from the synergies of the combination.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. In estimating value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets, such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

g) Investment in SPV's

The Trust has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements.'

The details of such investment are given in note 3.

Assets representing investments in SPVs are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable, such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

h) Foreign currency transactions

Items included in the financial statements of the Brookfield India REIT are measured using the currency of the primary economic environment in which the Brookfield India REIT operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Brookfield India REIT functional and presentation currency.

Foreign currency transactions in currencies other than the functional currency are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at reporting period end exchange rates are generally recognized in the Statement of profit and loss.

i) Errors, estimates and change in accounting policy

The Brookfield India REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Condensed Standalone Financial Statements. Changes in accounting policies are applied retrospectively, wherever applicable.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets,

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

j) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets - Recognition

All financial assets are recognized initially at fair value (except for trade receivables which are initially measured at transaction price) plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

• Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

• Debt instruments at fair value through other comprehensive income (FVOCI)

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, interest income, impairment losses and reversals and foreign exchange gain or loss is recognized in statement of profit and loss. On derecognition of the asset, cumulative gains or losses previously recognized in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

• **Debt instruments at fair value through profit or loss (FVTPL)**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. In addition, the Brookfield India REIT may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Brookfield India REIT has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit or loss.

• **Equity instruments measured at fair value through other comprehensive income (FVOCI)**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Brookfield India REIT may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Brookfield India REIT makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Brookfield India REIT decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Brookfield India REIT may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

(ii) Financial Assets - Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Brookfield India REIT balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Brookfield India REIT has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Brookfield India REIT has transferred substantially all the risks and rewards of the asset, or (b) the Brookfield India REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iii) Impairment of financial assets

Brookfield India REIT recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component and lease receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable and lease receivables, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

allowance at the reporting date, is recognized as an impairment gain or loss in the Statement of Profit and Loss.

Trade Receivables are generally written off against the allowance only after all means of collection have been exhausted and the potential for recovery is considered remote.

(iv) Financial liabilities – Recognition and Subsequent measurement

Brookfield India REIT financial liabilities are initially measured at fair value less any attributable transaction costs. Subsequent to initial measurement, these are measured at amortized cost using the effective interest rate ('EIR') method or at fair value through profit or loss (FVTPL).

Brookfield India REIT financial liabilities include trade and other payables, Loans and borrowings including bank overdrafts.

The measurement of financial liabilities depends on their classification, as described below:

• Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through Statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Brookfield India REIT that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through Statement of profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains or losses are not subsequently transferred to statement of profit and loss. However, the Brookfield India REIT may transfer the cumulative gains or losses within equity. All other changes in fair value of such liability are recognized in Statement of profit and loss. The Brookfield India REIT has not designated any financial liability as at fair value through profit or loss.

• Financial liabilities at amortized cost

Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

(v) Financial liabilities - Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of profit and loss as other gains/(losses).

(vi) Income/loss recognition

• Interest income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Brookfield India REIT estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

k) Leases

At inception of a contract, the Brookfield India REIT assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Brookfield India REIT assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Brookfield India REIT has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Brookfield India REIT has the right to direct the use of the asset. The Brookfield India REIT has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Brookfield India REIT has the right to direct the use of the asset if either:
 - the Brookfield India REIT has the right to operate the asset; or
 - the Brookfield India REIT designed the asset in a way that predetermines how and for what purpose it will be used.

As a lessee

The Brookfield India REIT recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Brookfield India REIT incremental borrowing rate. Generally, the Brookfield India REIT uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Brookfield India REIT is reasonably certain to exercise, lease payments in an optional renewal period if the Brookfield India REIT is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Brookfield India REIT is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Brookfield India REIT's estimate of the amount expected to be payable under a residual value guarantee, or if the Brookfield India REIT changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Brookfield India REIT presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities (current and non-current) in the statement of financial position.

The Brookfield India REIT has elected not to recognize right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Brookfield India REIT recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

The Brookfield India REIT enters into lease agreements as a lessor with respect to its investment properties.

Leases for which the Brookfield India REIT is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

When the Brookfield India REIT is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of the Brookfield India REIT's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Brookfield India REIT's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Brookfield India REIT applies Ind AS 115 to allocate the consideration under the contract to each component.

l) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. This *inter alia* involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognised when recovery of the consideration is probable and the amount of revenue can be measured reliably.

Recognition of dividend income, interest income

Dividend income is recognised in profit or loss on the date on which the Brookfield India REIT's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset. In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

m) Taxation

Income tax expense comprises current and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or in other comprehensive income.

(i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that the Brookfield India REIT is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on initial recognition of goodwill.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, Brookfield India REIT recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets—unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised. Further, no deferred tax asset/liabilities are recognized in respect of temporary differences that reverse within tax holiday period.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Brookfield India REIT expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

n) Provisions and contingencies

A provision is recognized when the Brookfield India REIT has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

control of the Brookfield India REIT or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Brookfield India REIT does not recognize a contingent liability but discloses its existence in the financial statements.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

o) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Identification of segments:

In accordance with Ind AS 108- Operating Segment, the operating segments used to present segment information are identified on the basis of information reviewed by the Chief Operating Decision Maker ('CODM') to allocate resources to the segments and assess their performance. An operating segment is a component of the Brookfield India REIT that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Brookfield India REIT's other components.

Based on an analysis of Brookfield India REIT's structure and powers conferred to the Manager to Brookfield India REIT, the Governing Board of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker ('CODM'), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Brookfield India REIT is primarily engaged in the business of developing and maintaining commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 "Operating Segments" in respect of reportable segments are not applicable.

p) Subsequent events

The Condensed Standalone Financial Statements are prepared after reflecting adjusting and non-adjusting events that occur after the reporting period but before the Condensed Standalone Financial Statements are authorized for issue.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

r) Earnings per unit

Basic earnings per unit is calculated by dividing the net profit / (loss) for the period attributable to unit holders of the Brookfield India REIT by the weighted average number of units outstanding during the period.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

For the purpose of calculating diluted earnings per unit, the profit or loss for the period attributable to unit holders of the Brookfield India REIT and the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

s) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Condensed Standalone Balance Sheet when, and only when, the Brookfield India REIT currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

t) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Brookfield India REIT are segregated. For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits.

u) Cash distribution to Unitholders

The Brookfield India REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized, and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

(a) Terms/ rights attached to Units and accounting thereof

(i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Unit is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Investment Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Brookfield India REIT is required to distribute to Unitholders not less than 90% of the Net Distributable Cash Flows of Brookfield India REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Brookfield India REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contain both equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circulars (No. CIR/MD/DF/146/2016 dated 29 December 2016 and No. CIR/MD/DF/141/2016 dated 26 December 2016) issued under the REIT Regulations, the Unit Capital has been presented as "Equity" in order to comply with the requirements of Section H of Annexure A to the SEBI Circular dated 26 December 2016 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

(ii) Initial Public Offering of 138,181,800 Units for cash at price of Rs. 275 per Unit aggregating to Rs. 38,000.00 million. Refer note 28 for utilization of IPO proceeds. Further preferential allotment of 16,821,856 Units for cash at price of Rs. 294.25 per unit aggregating to Rs. 4,949.83 was made during the year ended 31 March 2022. The preferential allotment was mainly used to fund the SDPL Noida acquisition.

(iii) Brookfield India REIT acquired the SPVs by acquiring all the equity interest held by our Sponsor and certain members of our Sponsor Group. The acquisition of equity interest in the SPVs has been done by issue of 127,892,403 Units of Rs. 275 each and 15,463,616 Units of Rs. 294.25 each during the period ended 31 March 2022 respectively, as per the table below.

Name of SPV	Number of Units allotted for acquiring all the equity interest held in the SPVs		
	Sponsor	Sponsor Group (excluding Sponsor)	Total
During the period ended 31 March 2021:			
Candor Kolkata	54,117,888	16,364	54,134,252
Festus	-	31,474,412	31,474,412
SPPL Noida	-	41,483,012	41,483,012

Brookfield India REIT is a business trust registered under SEBI REIT Regulations, 2014. Hence, the interest and dividend received or receivable by Brookfield India REIT from the SPVs is exempt from tax under section 10(23FC) of the Income Tax Act, 1961 (Act). Further, any expenditure incurred in relation to earning the exempt income is not tax deductible in view of the provisions of section 14A of the Act.

The income of Brookfield India REIT, other than exempt income mentioned above, is chargeable to tax at the maximum marginal rates in force (for the quarter ended 30 June 2022 : 42.744%; for the quarter and year ended 31 March 2022: 42.744%), except for the income chargeable to tax on transfer of short term capital assets under section 111A of the Act and long term capital assets under section 112 of the Act.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements
(All amounts are in Rupees millions unless otherwise stated)
Notes to the Condensed Standalone Financial Statements

20 Contingent liabilities

There are no contingent liabilities as at 30 June 2022 and 31 March 2022.

21 Capital commitments

There are no capital commitments as at 30 June 2022 and 31 March 2022.

22 Financial instruments – Fair values and risk management

i) Financial instruments by category and fair value

The below table summarizes the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. The Brookfield India REIT has classified its financial instruments, which are measured at fair value, into three levels in accordance with Ind AS.

	Carrying value		Fair value	
	As at 30 June 2022	As at 31 March 2022	As at 30 June 2022	As at 31 March 2022
<i>At Amortized Cost</i>				
Financial assets				
Cash and cash equivalents #				
Loans *	1,750.12	1,755.13	1,750.12	1,755.13
Other financial assets #	25,030.50	25,891.50	27,819.00	28,680.00
	658.52	675.72	658.52	675.72
<i>At FVTPL</i>				
Financial Assets				
15% Compulsorily Convertible Debentures^	5,438.00	5,438.00	5,438.00	5,438.00
Total financial assets	32,877.14	33,760.35	35,665.64	36,548.85
<i>At Amortized Cost</i>				
Financial liabilities				
Trade payables #				
Other financial liabilities #	30.51	31.72	30.51	31.72
Total financial liabilities	47.11	6.32	47.11	6.32
	77.62	38.04	77.62	38.04

fair value of financial assets and financial liabilities which are recognized at amortized cost has been disclosed to be same as carrying value as the carrying value approximately equals to their fair value.

* Fair value of loan which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate.

^ Fair value of 15% Compulsorily Convertible Debentures (15% CCDs) is determined on the basis of Net assets value (NAV) method. These 15% CCDs are classified as level 3 in the fair value hierarchy due to the inclusion of unobservable inputs. The key input to the NAV is fair value of the investment properties.

ii) Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices for instance listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no valuation under Level 1 and Level 2. There has been no transfers into or out of Level 3 of the fair value hierarchy for the quarter/year ended 30 June 2022 and 31 March 2022.

The Brookfield India REIT's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements
(All amounts are in Rupees millions unless otherwise stated)
Notes to the Condensed Standalone Financial Statements

iii) Details of significant unobservable inputs

Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets measured at fair value (15% CCDs)	
Fair value of investment property	The estimated fair value would increase (decrease) if fair value of investment property increases (decreases)

iv) Sensitivity analysis of Level 3 fair values

For the fair value of 15% CCDs, reasonably possible changes at the reporting date due to one of the significant unobservable inputs, holding other inputs constant, would have following effects:

	Profit/ (Loss)	
	Increase	Decrease
30 June 2022		
Fair value of investment property (1% movement)	111.52	(111.52)
31 March 2022		
Fair value of investment property (1% movement)	111.52	(111.52)

(v) Reconciliation of Level 3 fair values

Fair value of 15% CCDs	Amount
Balance as at 24 January 2022	5,311.22
Net change in fair value-unrealized (refer note 17)	126.78
Balance as at 31 March 2022	5,438.00
Balance as at 01 April 2022	5,438.00
Net change in fair value-unrealized (refer note 17)	-
Balance as at 30 June 2022	5,438.00

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements
 (All amounts are in Rupees millions unless otherwise stated)
 Notes to the Condensed Standalone Financial Statements

23 Segment reporting

The Trust does not have any Operating segments as at 30 June 2022 and 31 March 2022, hence disclosure under Ind AS 108, Operating segments has not been provided in the Condensed Standalone Financial Statements.

24 Earnings Per Unit (EPU)

Basic EPU amounts are calculated by dividing the profit for the quarter/year attributable to Unitholders by the weighted average number of units outstanding during the quarter/year. Diluted EPU amounts are calculated by dividing the profit attributable to Unitholders by the weighted average number of units outstanding during the period plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital. The Units of the Trust were allotted on 08 February 2021, 11 February 2021 and 24 January 2022.

Particulars	For the quarter ended 30 June 2022	For the quarter ended 31 March 2022	For the quarter ended 30 June 2021	For the year ended 31 March 2022
Profit after tax for calculating basic and diluted EPU	829.72	1,023.35	1,237.81	4,524.75

25 Uncertainty relating to the global health pandemic on COVID-19:

The COVID-19 pandemic has continued to cause disruption to business activities as well as disrupted travel and adversely impacted local, regional, national and international economic conditions. Brookfield India REIT has considered possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of Investments in Subsidiaries. In developing assumptions relating to possible future uncertainties in the Indian economic conditions because of this pandemic; Brookfield India REIT, as at the date of approval of these Condensed Standalone Financial Statements, has used internal and external sources of information including economic forecast and other information from market sources on the expected future performance of Brookfield India REIT. Based on this analysis, Brookfield India REIT has concluded that there is no impairment to the carrying amount of investments in subsidiaries as on the reporting date.

The impact of COVID-19 on Brookfield India REIT Condensed Standalone Financial Statements may differ from that estimated as at the date of approval of these Condensed Standalone Financial Statements.

26 Investment Management fee

REIT Management Fees

Pursuant to the Investment Management Agreement dated 17 July 2020, Investment Manager is entitled to fees @ 1% of NDCF, exclusive of applicable taxes (also refer note 29). The fees has been determined for undertaking management of the REIT and its investments. The said Management fees for the quarter ended 30 June 2022 amounts to Rs. 20.32 million. There are no changes during the period in the methodology for computation of fees paid to the Manager.

Note: Amount of Rs. 322.45 million has been used for general corporate purposes from the proposed utilization towards issue expenses.

29 Distribution Policy

In terms of the Distribution policy and REIT Regulations, not less than 90% of the NDCFs of our Asset SPVs are required to be distributed to Brookfield REIT, in proportion of its shareholding in our Asset SPVs, subject to applicable provisions of the Companies Act. The cash flows receivable by Brookfield REIT may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from our Asset SPVs/ CIOP, sale proceeds out of disposal of investments of any or assets directly/ indirectly held by Brookfield REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable laws.

At least 90% of the NDCFs of Brookfield REIT ("REIT Distributions") shall be declared and made once every quarter of a Financial Year by our Manager. The first distribution shall be made upon completion of the first full quarter after the listing of our Units on the Stock Exchanges. Further, in accordance with the REIT Regulations, REIT Distributions shall be made no later than 15 days from the date of such declarations. The REIT Distributions, when made, shall be made in Indian Rupees.

The NDCFs shall be calculated in accordance with the REIT Regulations and any circular, notification or guidelines issued thereunder including the SEBI Guidelines.

30 Capitalization Statement

The Trust's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Trust's capital structure mainly constitutes equity in the form of unit capital. The projects of SPVs are initially funded through construction financing arrangements. On completion, these loans are restructured into lease-rental discounting arrangements. The Trust's capital structure is influenced by the changes in regulatory framework, government policies, available options of financing and the impact of the same on the liquidity position.

The Trust monitors Capital by a careful scrutiny of the cash and bank balances, and a regular assessment of any debt requirements. In the absence of any interest bearing debt, the maintenance of Net debt to GAV ratio may not be of any relevance to the Trust as at 30 June 2022.

31 On 1 April 2021, 12% Compulsorily Convertible Debentures issued by Candor Kolkata and held by Brookfield India REIT (45,535 numbers of 12% Compulsorily Convertible Debentures) have been converted into 37,981 number of equity shares each of Rs.10 at a premium of Rs. 265,912.43.

32 The figures for the quarter ended 31 March 2022 are the derived figures between the audited figures in respect of the year ended 31 March 2022 and the unaudited published year-to-date figures upto period ended 31 December 2021 which were subject to limited review.

33 "0.00" Represents value less than Rs. 0.01 million.
