These financial statements are included in the accompanying "Condensed Standalone Financial Statements" of **Brookfield India Real Estate Trust** ("the REIT"), ("the Condensed Standalone Financial Statements"), being submitted by the REIT pursuant to the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated July 06, 2023 (the "REIT regulations") and Regulation 52 of the Securities and

Deloitte Haskins & Sells

Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing regulations").

(a) Opinion on Condensed Standalone Financial Statements

In our opinion and to the best of our information and according to the explanations given to us, the Condensed Standalone Financial Statements for the year ended 31 March 2024:

- i) Is presented in accordance with the requirements of the REIT regulations and the Listing regulations in the manner so required; and
- ii) gives a true and fair view in conformity with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34") and other accounting principles generally accepted in India to the extent not inconsistent with the REIT Regulations, of the state of affairs of the REIT as at 31 March 2024, its profit including other comprehensive income, its cash flows, its changes in Unitholder's equity, its net assets at fair value, its total return at fair value, its net distributable cash flow and other financial information of the REIT for the year then ended.

(b) Conclusion on Unaudited Condensed Standalone Financial Statements for the quarter and half year ended 31 March 2024

With respect to the Condensed Standalone Financial Statements for the quarter and half year ended 31 March 2024, based on our review conducted and procedures performed as stated in paragraph (b) of Auditor's Responsibilities section below, nothing has come to our attention that causes us to believe that the Condensed Standalone Financial Statements for the quarter and half year ended 31 March 2024, prepared in accordance with the REIT regulations, the Listing regulations, Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations, has not disclosed the information required to be disclosed in terms of the REIT regulations and the Listing regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Basis for Opinion on the Audited Condensed Standalone Financial Statements for the year ended 31 March 2024

We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by Institute of Chartered Accountants of India (the "ICAI"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the REIT in accordance with the Code of Ethics issued by the ICAI and have fulfilled our ethical responsibilities in accordance with the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

We draw attention to Note 9(a)(i) of the Condensed Standalone Financial Statements, which describes the presentation of "Unit Capital" as "Equity" to comply with the REIT Regulations. Our opinion and conclusion are not modified in respect of this matter.

Responsibilities of the Management and Those Charged with Governance for the Condensed Standalone Financial Statements

The Condensed Standalone Financial Statements is the responsibility of the Board of Directors of the Manager (the "Board") and has been approved by them for the issuance.

This responsibility includes the preparation and presentation of the Condensed Standalone Financial Statements that give a true and fair view of the state of affairs as at 31 March 2024, its profit including other comprehensive income and cash flows for the quarter, half year and year ended 31 March 2024, its changes in Unitholder's equity for the year ended 31 March 2024, its net assets at fair value as at 31 March 2024, its total return at fair value for the half year and year ended 31 March 2024, its net distributable cash flows for the quarter, half year and year ended 31 March 2024 and other financial information of the REIT in conformity with the REIT Regulations, the Listing regulations, Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the REIT and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Condensed Standalone Financial Statements that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Condensed Standalone Financial Statements, the management and Board of the Manager is responsible for assessing the REIT's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the REIT or to cease operations, or has no realistic alternative but to do so.

The Board is also responsible for overseeing the financial reporting process of the REIT.

Auditor's Responsibilities

(a) Audit of the Condensed Standalone Financial Statements for the year ended 31 March 2024

Our objectives are to obtain reasonable assurance about whether the Condensed Standalone Financial Statements for the year ended 31 March 2024 as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Condensed Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Condensed Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the REIT's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of the Manager.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board in terms of the requirements specified under the REIT regulations and the Listing regulations.
- Conclude on the appropriateness of the Board of Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the REIT to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Condensed Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the REIT to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Condensed Standalone Financial Statements, including the disclosures, and whether the Condensed Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Condensed Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Condensed Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Condensed Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(b) Review of the Condensed Standalone Financial Statements for the quarter and half year ended 31 March 2024

We conducted our review of the Condensed Standalone Financial Statements for the quarter and half year ended 31 March 2024 in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Manager's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Deloitte Haskins & Sells

Other Matter

As stated in Note 32 of the Condensed Standalone Financial Statements, the financial information for the quarter and half year ended 31 March 2024 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter and second quarter of the current financial year which were subject to limited review by us. Our report on the Condensed Standalone Financial Statements is not modified in respect of this matter.

a) The difference between SPV level NDCF and REIT level NDCF is primarily on account of utilization of opening cash at the SPV level for the half year ended 30 September 2023 and quarter ended 31 March 2023.

b) The difference between REIT level NDCF and distributions to unitholders for the quarter ended 31 March 2024 is on account of utilization of surplus NDCF post distribution to unitholders till 30 September 2023.

Notes:

1 The Board of Directors of the Manager to the Trust, in their meeting held on 15 May 2024, have declared distribution to Unitholders of Rs. 4.75 per unit which aggregates to Rs. 2,085.66 million for the quarter ended 31 March 2024. The distributions of Rs. 4.75 per unit comprises Rs. 2.18 per unit in the form of interest payment on shareholder loan, CCDs and NCDs, Rs. 2.51 per unit in the form of repayment of SPV debt and NCD and the balance Rs. 0.06 per unit in the form of interest on fixed deposit.

Along with distribution of Rs. 5,659.24 million/ Rs. 13.00 per unit for the nine months ended 31 December 2023, the cumulative distribution for the year ended 31 March 2024 aggregates to Rs. 7,744.90 million/ Rs. 17.75 per unit.

2 NDCF for the quarter ended 31 March 2024 is computed in accordance with the NDCF framework under the Distribution Policy as approved in the Offer Document.

1 Measurement of fair values

The fair value of investments in SPVs is primarily determined basis the fair value of the underlying investment property, along with fair value of other assets and liabilities of the respective SPV's as at 31 March 2024 and 31 March 2023. The fair value of investment properties and investment property under development has been determined by independent external registered property valuer, having appropriately recognized professional qualifications and recent experience in the location and category of the properties being valued.

Valuation technique

The fair value measurement of the investment properties and investment property under development has been categorized as a Level 3 fair value based on the inputs to the valuation technique used.

The valuers have followed a discounted cash flow method. The discounted cash flow method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return.

2 Break up of Net asset value

Particulars	As at	As at
	31 March 2024	31 March 2023
Fair value of investments in SPVs	151,092.22	109,861.35
Add: Other assets	2,418.15	1,839.47
Less: Liabilities	(7,469.58)	(187.92)
Net Assets	146,040.79	111,512.90

3 The Trust holds investment in SPVs which in turn hold the properties. Hence, the breakup of property wise fair values has been disclosed in the Condensed Consolidated Financial Statements.

Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

2. Basis of preparation and material accounting policies

2.1 Basis of preparation of Condensed Standalone financial statements

The Condensed Standalone Financial Statements (Condensed Standalone Financial Statements) of Brookfield India REIT comprises:

- the Condensed Standalone Balance Sheet,
- the Condensed Standalone Statement of Profit and Loss (including other comprehensive income),
- the Condensed Standalone Statement of Cash Flows,
- the Condensed Standalone Statement of Changes in Unitholders' Equity,
- a summary of material accounting policies and other explanatory information.

Additionally, it includes the Statement of Net Assets at Fair Value, the Statement of Total Returns at Fair Value, the Statement of Net Distributable Cash Flow of Brookfield India REIT and other additional financial disclosures as required under the SEBI (Real Estate Investment Trusts) Regulations, 2014. The Condensed Standalone Financial Statements were authorized for issue in accordance with resolutions passed by the Board of Directors of the Manager on behalf of the Brookfield India REIT on 15 May 2024. The Condensed Standalone Financial Statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time read with the Paragraph 4.6 to SEBI master circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 ("REIT Regulations"); Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ('Ind AS') to the extent not inconsistent with the REIT Regulations (refer note 9(a) on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

Accordingly, these Condensed Standalone Financial Statements do not include all the information required for a complete set of financial statements. These Condensed Standalone Financial Statements should be read in conjunction with the standalone financial statements and related notes included in the Trust's standalone financial statements under IND AS for the year ended 31 March 2024. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Condensed Standalone Financial Statements are presented in Indian Rupees in Millions, except when otherwise indicated.

2.2 Material accounting policies

a) Functional and presentation currency

The Condensed Standalone Financial Statements are presented in Indian rupees, which is Brookfield India REIT's functional currency and the currency of the primary economic environment in which Brookfield India REIT operates. All financial information presented in Indian rupees has been rounded off to nearest million except unit and per unit data.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

b) Basis of measurement

The Condensed Standalone Financial Statements have been prepared on historical cost basis except for certain financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

The Condensed Standalone Financial Statements have been prepared on a going concern basis.

c) Use of judgments and estimates

The preparation of Condensed Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS), to the extent not inconsistent with the REIT regulations, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Condensed Standalone Financial Statements is included in the following notes:

- (i) Presentation of “Unit Capital” as “Equity” in accordance with the REIT Regulations instead of compound instrument (Note 9)
- (ii) Impairment of investments and loans in subsidiaries
- (iii) Fair valuation and disclosures
SEBI Circulars issued under the REIT Regulations require disclosures relating to net assets at fair value and total returns at fair value. (Refer Statement of net assets at fair value and Statement of total returns at fair value for details).

d) Current versus non-current classification

Brookfield India REIT presents assets and liabilities in the Condensed Standalone Balance Sheet based on current/ non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the normal operating cycle.
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Brookfield India REIT classifies all other assets as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in normal operating cycle of Brookfield India REIT;
- it is held primarily for the purpose of being traded;

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

- it is due to be settled within 12 months after the reporting date; or
- the Brookfield India REIT does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Brookfield India REIT classifies all other liabilities as non-current.

Current assets/liabilities include current portion of non-current financial assets/ liabilities respectively. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

e) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, Brookfield India REIT takes into account the characteristics of the asset or liability and how market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Inputs to fair value measurement techniques are disaggregated into three hierarchical levels, which are directly based on the degree to which inputs to fair value measurement techniques are observable by market participants:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2: Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the asset's or liability's anticipated life.
- Level 3: Inputs are unobservable and reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs in determining the estimate.

Fair value measurement framework is adopted by Brookfield India REIT to determine the fair value of various assets and liabilities measured or disclosed at fair value.

f) Impairment of non-financial assets

Brookfield India REIT assesses, at each reporting date, whether there is an indication that a non-financial asset other than deferred tax assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, Brookfield India REIT estimates the asset's recoverable amount. Goodwill is tested annually for impairment.

An impairment loss is recognized in the Condensed Standalone Statement of Profit and Loss if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU on a pro rata basis. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Impairment losses are recognized in the Condensed Standalone Statement of Profit and Loss, unless it reverses previous revaluation credited to equity, in which case it is charged to equity.

Goodwill (if any) arising from a business combination is allocated to CGUs or group of CGUs that are expected to benefit from the synergies of the combination.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. In estimating value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets, such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

g) Investment in SPV's

The Trust has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements.'

The details of such investment are given in note 3.

Assets representing investments in SPVs are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable, such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

h) Foreign currency transactions

Items included in the financial statements of the Brookfield India REIT are measured using the currency of the primary economic environment in which the Brookfield India REIT operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Brookfield India REIT functional and presentation currency.

Foreign currency transactions in currencies other than the functional currency are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at reporting period end exchange rates are generally recognized in the Statement of profit and loss.

i) Errors, estimates and change in accounting policy

The Brookfield India REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Condensed Standalone Financial Statements. Changes in accounting policies are applied retrospectively, wherever applicable.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

j) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets - Recognition

All financial assets are recognized initially at fair value (except for trade receivables which are initially measured at transaction price) plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

• Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

• Debt instruments at fair value through other comprehensive income (FVOCI)

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, interest income, impairment losses and reversals and foreign exchange gain or loss is recognized in statement of profit and loss. On derecognition of the asset, cumulative gains or losses previously recognized in OCI is reclassified from the equity to statement of profit

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

• **Debt instruments at fair value through profit or loss (FVTPL)**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the Brookfield India REIT may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Brookfield India REIT has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit or loss.

• **Equity instruments measured at fair value through other comprehensive income (FVOCI)**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Brookfield India REIT may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Brookfield India REIT makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Brookfield India REIT decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Brookfield India REIT may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

(ii) Financial Assets - Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Brookfield India REIT balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Brookfield India REIT has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Brookfield India REIT has transferred substantially all the risks and rewards of the asset, or (b) the Brookfield India REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iii) Impairment of financial assets

Brookfield India REIT recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component and lease receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

and lease receivables, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date, is recognized as an impairment gain or loss in the Statement of Profit and Loss.

Trade Receivables are generally written off against the allowance only after all means of collection have been exhausted and the potential for recovery is considered remote.

(iv) Financial liabilities – Recognition and Subsequent measurement

Brookfield India REIT financial liabilities are initially measured at fair value less any attributable transaction costs. Subsequent to initial measurement, these are measured at amortized cost using the effective interest rate ('EIR') method or at fair value through profit or loss (FVTPL).

Brookfield India REIT financial liabilities include trade and other payables, Loans and borrowings including bank overdrafts.

The measurement of financial liabilities depends on their classification, as described below:

• Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through Statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Brookfield India REIT that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through Statement of profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains or losses are not subsequently transferred to statement of profit and loss. However, the Brookfield India REIT may transfer the cumulative gains or losses within equity. All other changes in fair value of such liability are recognized in Statement of profit and loss. The Brookfield India REIT has not designated any financial liability as at fair value through profit or loss.

• Financial liabilities at amortized cost

Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

(v) Financial liabilities - Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of profit and loss as other gains/(losses).

(vi) Income/loss recognition

• Interest income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Brookfield India REIT estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

k) Leases

At inception of a contract, the Brookfield India REIT assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Brookfield India REIT assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Brookfield India REIT has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Brookfield India REIT has the right to direct the use of the asset. The Brookfield India REIT has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Brookfield India REIT has the right to direct the use of the asset if either:
 - the Brookfield India REIT has the right to operate the asset; or
 - the Brookfield India REIT designed the asset in a way that predetermines how and for what purpose it will be used.

As a lessee

The Brookfield India REIT recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Brookfield India REIT incremental borrowing rate. Generally, the Brookfield India REIT uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Brookfield India REIT is reasonably certain to exercise, lease payments in an optional renewal period if the Brookfield India REIT is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Brookfield India REIT is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Brookfield India REIT's estimate of the amount expected to be payable under a residual value guarantee, or if the Brookfield India REIT changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Brookfield India REIT presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities (current and non-current) in the statement of financial position.

The Brookfield India REIT has elected not to recognize right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Brookfield India REIT recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

The Brookfield India REIT enters into lease agreements as a lessor with respect to its investment properties.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Leases for which the Brookfield India REIT is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Brookfield India REIT is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of the Brookfield India REIT's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Brookfield India REIT's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Brookfield India REIT applies Ind AS 115 to allocate the consideration under the contract to each component.

l) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. This *inter alia* involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognised when recovery of the consideration is probable and the amount of revenue can be measured reliably.

Recognition of dividend income, interest income

Dividend income is recognised in profit or loss on the date on which the Brookfield India REIT's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset. In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

m) Taxation

Income tax expense comprises current and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or in other comprehensive income.

(i) *Current tax*

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that the Brookfield India REIT is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on initial recognition of goodwill.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, Brookfield India REIT recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets—unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised. Further, no deferred tax asset/liabilities are recognized in respect of temporary differences that reverse within tax holiday period.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Brookfield India REIT expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

n) Provisions and contingencies

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

A provision is recognized when the Brookfield India REIT has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Brookfield India REIT or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Brookfield India REIT does not recognize a contingent liability but discloses its existence in the financial statements.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

o) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Identification of segments:

In accordance with Ind AS 108- Operating Segment, the operating segments used to present segment information are identified on the basis of information reviewed by the Chief Operating Decision Maker ('CODM') to allocate resources to the segments and assess their performance. An operating segment is a component of the Brookfield India REIT that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Brookfield India REIT's other components.

Based on an analysis of Brookfield India REIT's structure and powers conferred to the Manager to Brookfield India REIT, the Governing Board of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker ('CODM'), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Brookfield India REIT is primarily engaged in the business of developing and maintaining commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 "Operating Segments" in respect of reportable segments are not applicable.

p) Subsequent events

The Condensed Standalone Financial Statements are prepared after reflecting adjusting and non-adjusting events that occur after the reporting period but before the Condensed Standalone Financial Statements are authorized for issue.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Brookfield India Real Estate Trust
Condensed Standalone Financial Statements

Notes to the Condensed Standalone financial statements

r) Earnings per unit

Basic earnings per unit is calculated by dividing the net profit / (loss) for the period attributable to unit holders of the Brookfield India REIT by the weighted average number of units outstanding during the period.

For the purpose of calculating diluted earnings per unit, the profit or loss for the period attributable to unit holders of the Brookfield India REIT and the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

s) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Condensed Standalone Balance Sheet when, and only when, the Brookfield India REIT currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

t) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Brookfield India REIT are segregated. For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits.

u) Cash distribution to Unitholders

The Brookfield India REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized, and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

(a) Terms/ rights attached to Units and accounting thereof

(i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Unit is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Brookfield India REIT is required to distribute to Unitholders not less than 90% of the Net Distributable Cash Flows of Brookfield India REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Brookfield India REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contain both equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023 issued under the REIT Regulations, the Unit Capital has been presented as "Equity" in order to comply with the requirements of Section H of Chapter 3 to the SEBI Master Circular dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

23 Financial instruments – Fair values and risk management

i) Financial instruments by category and fair value

The below table summarizes the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. The Brookfield India REIT has classified its financial instruments, which are measured at fair value, into three levels in accordance with Ind AS.

Total financial liabilities	7,438.93	67.28	7,438.93	67.28

Fair value of financial assets and financial liabilities which are recognized at amortized cost has been disclosed to be same as carrying value, as the carrying value approximately equals to their fair value.

* Fair value of loans which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate.

^ Fair value of Debentures (CCDs) is determined on the basis of Net assets value (NAV) method. These CCDs are classified as level 3 in the fair value hierarchy due to the inclusion of unobservable inputs. The key input to the NAV is fair value of the investment properties.

ii) Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices for instance listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no valuation under Level 1 and Level 2. There has been no transfers into or out of Level 3 of the fair value hierarchy for the period ended 31 March 2024 and year ended 31 March 2023.

The Brookfield India REIT's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

iii) Details of significant unobservable inputs

Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets measured at fair value (15% CCDs)	
Fair value of investment property	The estimated fair value would increase (decrease) if fair value of investment property increases (decreases)

iv) Sensitivity analysis of Level 3 fair values

For the fair value of CCDs, reasonably possible changes at the reporting date due to one of the significant unobservable inputs, holding other inputs constant, would have following effects:

31 March 2024	Profit/ (Loss)	
	Increase	Decrease
Fair value of investment property (1% movement)	239.71	(239.71)

31 March 2023	Profit/ (Loss)

24 Segment reporting

The Trust does not have any Operating segments as at 31 March 2024 and 31 March 2023. Hence disclosure under "Ind AS 108", Operating segments has not been provided in the Condensed Standalone Financial Statements.

25 Earnings Per Unit (EPU)

Basic EPU amounts are calculated by dividing the profit for the period / year after income tax attributable to unitholders by the weighted average number of units outstanding during the period / year. Diluted EPU amounts are calculated by dividing the profit for the period / year after income tax attributable to unitholders by the weighted average number of units outstanding during period / year plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital. The units of the Trust were allotted on 08 February 2021, 11 February 2021, 24 January 2022, 02 August 2023 and 28 August 2023.

29 Distribution Policy

In terms of the Distribution policy and REIT Regulations, not less than 90% of the NDCFs of our Asset SPVs are required to be distributed to Brookfield REIT, in proportion of its shareholding in our Asset SPVs, subject to applicable provisions of the Companies Act. The cash flows receivable by Brookfield REIT may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from our Asset SPVs/ CIOP, sale proceeds out of disposal of investments of any or assets directly/indirectly held by Brookfield REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable laws.

At least 90% of the NDCFs of Brookfield REIT ("REIT Distributions") shall be declared and made once every quarter of a Financial Year by our Manager. In accordance with the REIT Regulations, REIT Distributions shall be made no later than 15 days from the date of such declarations. The REIT Distributions, when made, shall be made in Indian Rupees.

The NDCFs shall be calculated in accordance with the REIT Regulations and any circular, notification or guidelines issued thereunder including the SEBI Guidelines.

30 Capitalization Statement

The Trust's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Trust's capital structure mainly constitutes equity in the form of unit capital. The projects of SPVs are initially funded through construction financing arrangements. On completion, these loans are restructured into lease-rental discounting arrangements. The Trust's capital structure is influenced by the changes in regulatory framework, government policies, available options of financing and the impact of the same on the liquidity position. The Trust monitors its capital structure using ratio of 'Net debt' to 'Total Equity'. The capital structure of the Trust consists of net debt (comprising borrowings as disclosed in notes 12 offset by cash and cash equivalents as disclosed in note 6) and equity of the Group (comprising issued unit capital and retained earnings as disclosed in notes 9 and 10). The Trust's net debt to equity ratio as at 31 March 2024 and 31 March 2023 are as follows:

Particulars	For the year ended 31 March 2024 (Audited)	For the year ended 31 March 2023 (Audited)
Gross debt	7,284.87	-
Less : Cash and cash equivalents	(2,392.89)	-

- Current ratio = Current Assets/Current Liabilities
- Debt Equity ratio= Total Debt/Total Equity
- Debt Service Coverage Ratio = (Earnings available for debt service) / (Interest expense+Principle repayments made during the period)
- Interest Service Coverage Ratio =Earnings available for debt service / Interest expense
- Current Liability Ratio= Current Liability / Total Liability
- Total debts to Total assetc = Total debts / Total assets;
- Debtors turnover = Revenue from operations (Annualized) / Average trade receivable
- Brookfield REIT's income is earned from its investment in assets SPVs and classified as income from investment activity and therefore, operating margin ratio is not applicable and not disclosed
- Net profit margin =Profit after tax / Total Income

6	Candor Gurgaon One Realty Projects Private Limited
7	Kairos Properties Private Limited (formerly known as Kairos Property Managers Private Limited)

- ii) is presented in accordance with the requirements of the REIT regulations and the Listing regulations in the manner so required; and
- iii) gives a true and fair view in conformity with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34") and other accounting principles generally accepted in India to the extent not inconsistent with the REIT Regulations, of the state of affairs of the Group as at 31 March 2024, its consolidated loss including other comprehensive loss, its consolidated cash flows, its consolidated changes in Unitholder's equity, its consolidated net assets at fair value, its consolidated total return at fair value, statement of Net Distributable Cash Flow of the REIT and each of its subsidiaries and other financial information of the Group for the year then ended.

(b) Conclusion on Unaudited Condensed Consolidated Financial Statements for the quarter and half year ended 31 March 2024

With respect to the Condensed Consolidated Financial Statements for the quarter and half year ended 31 March 2024, based on our review conducted and procedures performed as stated in paragraph (b) of Auditor's Responsibilities section below, nothing has come to our attention that causes us to believe that the Condensed Consolidated Financial Statements for the quarter and half year ended 31 March 2024, prepared in accordance with the REIT regulations, the Listing regulations, Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations, has not disclosed the information required to

be disclosed in terms of the REIT regulations and the Listing regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Basis for Opinion on the Audited Condensed Consolidated Financial Statements for the year ended 31 March 2024

We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by Institute of Chartered Accountants of India (the "ICAI"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the Group in accordance with the Code of Ethics issued by the ICAI and have fulfilled our ethical responsibilities in accordance with the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

We draw attention to Note 15(a)(i) of the Condensed Consolidated Financial Statements, which describes the presentation of "Unit Capital" as "Equity" to comply with the REIT Regulations. Our opinion and conclusion are not modified in respect of this matter.

Responsibilities of the Management and Those Charged with Governance for the Condensed Consolidated Financial Statements

The Condensed Consolidated Financial Statements is the responsibility of the Board of Directors of the Manager (the "Board") and has been approved by them for the issuance. This responsibility includes the preparation and presentation of the Condensed Consolidated Financial Statements that give a true and fair view of the state of affairs as at 31 March 2024, its consolidated profit including other comprehensive income for the quarter and half year ended 31 March 2024, its consolidated loss including other comprehensive loss for the year ended 31 March 2024, consolidated cash flows for the quarter, half year and year ended 31 March 2024, its consolidated changes in Unitholder's Equity for the year ended 31 March 2024, its consolidated net assets at fair value as at 31 March 2024, its consolidated total return at fair value for the half year and year ended 31 March 2024, its net distributable cash flows of the REIT and each of its subsidiaries for the quarter, half year and year ended 31 March 2024 and other financial information of the Group in conformity with the REIT Regulations, the Listing regulations, Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations.

The Board and the respective Board of Directors of the subsidiaries included in the Group are responsible for maintenance of adequate accounting records for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Condensed Consolidated Financial Statements that give a true and fair view and is free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Board of the Manager, as aforesaid.

In preparing the Condensed Consolidated Financial Statements, the management and Board of the Manager and the respective management and the Board of Directors of the subsidiaries included in the Group are responsible for assessing the ability of the REIT and its respective subsidiaries, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board and the respective Board of Directors of the subsidiaries either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The Board and the respective Board of Directors of the subsidiaries included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities

(a) Audit of the Condensed Consolidated Financial Statements for the year ended 31 March 2024

Our objectives are to obtain reasonable assurance about whether the Condensed Consolidated Financial Statements for the year ended 31 March 2024 as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Condensed Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Condensed Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of the Manager.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board in terms of the requirements specified under the REIT regulations and the Listing Regulations.
- Conclude on the appropriateness of the Board of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Condensed Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the REIT and/or its respective subsidiaries to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Condensed Consolidated Financial Statements, including the disclosures, and whether the Condensed Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Condensed Consolidated Financial Statements of the Group to express an opinion on the Condensed Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Condensed Consolidated Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the Condensed Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Condensed Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Condensed Consolidated Financial Statements.

We communicate with those charged with governance of the REIT and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(b) Review of the Condensed Consolidated Financial Statements for the quarter and half year ended 31 March 2024

We conducted our review of the Condensed Consolidated Financial Statements for the quarter and half year ended 31 March 2024 in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Manager's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Other Matter

As stated in Note 48 of the Condensed Consolidated Financial Statements, the financial information for the quarter and half year ended 31 March 2024 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter and second quarter of the current financial year which were subject to limited review by us. Our report on the Condensed Consolidated Financial Statements is not modified in respect of this matter.

Notes:

1. The cash flow statement has been prepared in accordance with "Indirect Method" as set out in Indian Accounting Standard -7: "Statement on Cash Flows".

2. The Trust has issued Units in exchange for investments in Kairos during the year ended 31 March 2024. The same has not been reflected in Condensed Consolidated Statement of Cash Flows since these were non-cash transactions. (refer note 42)

3. The Group has changed its presentation relating to brokerage paid on operating leases to "Cash flows from investing activities" from "Cash flows from operating activities" as the brokerage is capitalized to the carrying amount of the underlying assets as initial direct cost as per the requirement of Ind AS 116-Leases. The impact of this change in presentation is not material and has increased the cash inflows from operating activities and has increased the cash outflows from investing activities by Rs. 117.73 million, Rs. 108.71 million, Rs. 72.18 million, Rs. 147.19 million and Rs. 280.69 million for the quarter ended 31 December 2023, 31 March 2023, half year ended 30 September 2023, 31 March 2023 and year ended 31 March 2023 respectively. The change in presentation in cash flows does not have any impact on the NDCF reported for prior periods.

*The Trust is required to disclose in the 'Statement of Net Assets at Fair Value', as per Master Circular for Real Estate Investment Trusts dated 6 July 2023, the value of liabilities should be as reflected in the Balance Sheet i.e. carrying value of liabilities. Further, fair value of investment property is after considering cash outflows towards lease liabilities. Hence, carrying amount of lease liabilities as of 31 March 2024 and 31 March 2023 has been adjusted to arrive at the NAV per unit.

Measurement of fair values

The fair value of investment properties and investment property under development has been determined by independent external registered property valuers, having appropriately recognized professional qualifications and recent experience in the location and category of the properties being valued.

Valuation technique

The fair value measurement of the investment properties and investment property under development has been categorized as a Level 3 fair value based on the inputs to the valuation technique used. The valuers have followed a discounted cash flow method. The discounted cash flow method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investors expected return.

For fair valuation of financial assets and financial liabilities refer note 37.

Notes

1. Candor Kolkata has plans to de-notify a portion of its SEZ into non SEZ. The denotification will be taken up prior to the construction commencement and is procedural in nature. Hence, the fair valuation of such SEZ portion has been computed by the valuers assuming non IT use.

2. Project wise break up of Fair value of Assets :

As at 31 March 2024

Brookfield India REIT acquired investments in SPVs on 8 February 2021, 24 January 2022, 18 August 2023 and 28 August 2023 as fully described in Note 1. The changes in fair value for the half year ended 31 March 2024, 30 September 2023, 31 March 2023 and year ended 31 March 2024 and 31 March 2023 has been computed based on the changes in fair value of the underlying assets and liabilities of SPVs (including investment properties and investment property under development) as at 31 March 2024, 30 September 2023, 31 March 2023 and 31 March 2024 and 31 March 2023 as compared with the values as at 30 September 2023, 31 March 2023, 30 September 2022 and 31 March 2023 and 31 March 2022 respectively, after adjusting changes in book value of assets and liabilities between these dates. The fair values of the investment properties and investment property under development as at 31 March 2024, 30 September 2023, 31 March 2023, 30 September 2022 and 31 March 2022 are solely based on the valuation report of the independent registered valuer appointed under the REIT Regulations.

*This does not include difference between carrying value and fair value of borrowings pursuant to liabilities being reflected at carrying values in the statement of Net assets at fair value. This change does not impact the Total Return attributable to unit holders of Brookfield India REIT. Total returns for half year ended 30 September 2023 has been revised by Rs. 572.43 million to align the presentation.

a) The difference between SPV level NDCF and REIT level NDCF is primarily on account of utilization of opening cash at the SPV level for the half year ended 30 September 2023 and quarter ended 31 March 2023.

b) The difference between REIT level NDCF and distributions to unitholders for the quarter ended 31 March 2024 is on account of utilization of surplus NDCF post distribution to unitholders till 30 September 2023.

Notes:

1 The Board of Directors of the Manager to the Trust, in their meeting held on 15 May 2024, have declared distribution to Unitholders of Rs. 4.75 per unit which aggregates to Rs. 2,085.66 million for the quarter ended 31 March 2024. The distributions of Rs. 4.75 per unit comprises Rs. 2.18 per unit in the form of interest payment on shareholder loan, CCDs and NCDs, Rs. 2.51 per unit in the form of repayment of SPV debt and NCD and the balance Rs. 0.06 per unit in the form of interest on fixed deposit.

Along with distribution of Rs. 5,659.24 million/ Rs. 13.00 per unit for the nine months ended 31 December 2023, the cumulative distribution for the year ended 31 March 2024 aggregates to Rs. 7,744.90 million/ Rs. 17.75 per unit.

2 NDCF for the quarter ended 31 March 2024 is computed in accordance with the NDCF framework under the Distribution Policy as approved in the Offer Document.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

2. Basis of preparation and material accounting policies

2.1 Basis of preparation of Condensed Consolidated financial statements

The Condensed Consolidated Financial Statements of Brookfield India REIT comprises:

- the Condensed Consolidated Balance Sheet,
- the Condensed Consolidated Statement of Profit and Loss (including other comprehensive income),
- the Condensed Consolidated Statement of Cash Flows,
- the Condensed Consolidated Statement of Changes in Unitholders' Equity,
- a summary of material accounting policies and other explanatory information.

Additionally, it includes the Statement of Net Assets at Fair Value, the Statement of Total Returns at Fair Value, the Statement of Net Distributable Cash Flow of Brookfield India REIT and each of the SPVs and other additional financial disclosures as required under the SEBI (Real Estate Investment Trusts) Regulations, 2014. The Condensed Consolidated Financial Statements were authorized for issue in accordance with resolutions passed by the Board of Directors of the Manager on behalf of the Brookfield India REIT on 15 May 2024. The Condensed Consolidated Financial Statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014, as amended from time to time read with the Paragraph 4.6 to SEBI master circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 ("REIT Regulations"); Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") to the extent not inconsistent with the REIT Regulations (refer note 15(a)(i) on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

Accordingly, these condensed consolidated financial statements do not include all the information required for a complete set of financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's consolidated financial statements under IND AS for the year ended 31 March 2024. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Condensed Consolidated Financial Statements are presented in Indian Rupees in Millions, except when otherwise indicated.

2.2 Material accounting policies

a) Basis of Consolidation

The Brookfield India REIT consolidates entities which it owns or controls. The Condensed Consolidated Financial Statements comprise the financial statements of the Brookfield India REIT and its subsidiary SPVs as disclosed in Note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

Brookfield India Real Estate Trust

Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

The procedure adopted for preparing Condensed Consolidated Financial Statements of Brookfield India REIT is stated below:

- i) The Condensed Consolidated Financial Statements have been prepared using the principles of consolidation as per Ind AS 110 - Consolidated Financial Statements.
- ii) The financial statements of the Group are consolidated by combining/adding like items of assets, liabilities, equity, income, expenses and cash flows.
- iii) Intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of Brookfield India REIT are eliminated in full.
- iv) The figures in the notes to accounts and disclosures have been Consolidated line by line and intragroup transactions and balances including unrealized profit are eliminated in full on consolidation.

b) Functional and presentation currency

The Condensed Consolidated Financial Statements are presented in Indian rupees, which is Brookfield India REIT's functional currency and the currency of the primary economic environment in which Brookfield India REIT operates. All financial information presented in Indian rupees has been rounded off to nearest million except unit and per unit data.

c) Basis of measurement

The Condensed Consolidated Financial Statements have been prepared on historical cost basis except for certain financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

The Condensed Consolidated Financial Statements have been prepared on a going concern basis.

d) Use of judgments and estimates

The preparation of Condensed Consolidated Financial Statements in conformity with generally accepted accounting principles in India (Ind AS), to the extent not inconsistent with the REIT regulations, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Condensed Consolidated Financial Statements is included in the following notes:

- (i) presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (Note 15)
- (ii) determination of useful life of investment property (Note 2.2 (g))
- (iii) determination of recoverable amount / fair value of investment property (Note 2.2 (g), Statement of Net Assets at Fair Value, Statement of Total Return at Fair Value)
- (iv) determination of lease term (Note 2.2 (n))
- (v) recognition / recoverability of deferred tax assets (Note 2.2 (p) and Note 6)

Brookfield India Real Estate Trust

Notes to the Condensed Consolidated financial statements

e) Current versus non-current classification

Brookfield India REIT presents assets and liabilities in the Condensed Consolidated Balance Sheet based on current/ non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Brookfield India REIT classifies all other assets as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in normal operating cycle of Brookfield India REIT;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Brookfield India REIT does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Brookfield India REIT classifies all other liabilities as non-current.

Current assets/liabilities include current portion of non-current financial assets/ liabilities respectively. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

f) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, Brookfield India REIT takes into account the characteristics of the asset or liability and how market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Inputs to fair value measurement techniques are disaggregated into three hierarchical levels, which are directly based on the degree to which inputs to fair value measurement techniques are observable by market participants:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2: Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the asset's or liability's anticipated life.
- Level 3: Inputs are unobservable and reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs in determining the estimate.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

Fair value measurement framework is adopted by Brookfield India REIT to determine the fair value of various assets and liabilities measured or disclosed at fair value.

g) Investment properties

Recognition and measurement

Investment property consists of commercial properties which are primarily held to earn rental income and commercial developments that are being constructed or developed for future use as commercial properties. The cost of commercial development properties includes direct development costs, import duties and other non-refundable purchase taxes, borrowing costs directly attributable to the development and any directly attributable cost of bringing the asset to its working condition for its intended use. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and impairment losses, if any.

Equipment and furnishings physically attached and integral to a building are considered to be part of the investment property.

Subsequent expenditure and disposal

Subsequent expenditure is capitalized to the investment property's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Brookfield India REIT and the cost of the item can be measured reliably. The cost of the assets not ready for its intended use before such date, are disclosed as investment property under development. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Any gain or loss from disposal of an investment property is recognized in Statement of profit and loss.

Depreciation

Investment property is depreciated using the straight-line method over their estimated useful lives. The useful lives of the assets have been determined by management after considering nature of assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support.

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

The useful lives of the investment property are tabulated as below:

Particulars	Useful Life (Years)
Buildings	60
Plant and Machinery	4 - 15
Furniture and Fixtures	5 – 12
Electrical fittings	4 – 15
Diesel generator sets	15 – 25
Air conditioners	15
Office Equipment	5 – 12
Kitchen Equipment	5
Computers	3 – 6
Right of Use (Leasehold Land)	As per lease term

The fair value of investment property is disclosed in the statement of net assets at fair value. Fair values are determined by an independent registered valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

h) Property, plant and equipment and intangible assets

Recognition and measurement

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises the purchase price, including import duties and other non-refundable purchase taxes and any directly attributable cost of bringing the asset to its working condition for its intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, on initial recognition expenditure to be incurred towards major inspections and overhauls are required to be identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

Subsequent expenditure and disposal

Subsequent expenditure is capitalized to the property, plant and equipment's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Brookfield India REIT and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of a property, plant and equipment is replaced, the carrying amount of the replaced part is derecognized.

Any gain or loss from disposal of a property, plant and equipment is recognized in Statement of profit and loss.

The useful lives of the assets have been determined by management after considering nature of assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement and maintenance support.

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on additions (disposals) is provided on pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed off).

Leasehold improvements are depreciated over primary period of lease or the useful life of the asset, whichever is lower.

Estimated useful lives of items of property, plant and equipment are tabulated as follows: -

Particulars	Useful Life (Years)
Buildings	60
Plant and Machinery	5 – 20
Furniture and Fixtures	3 – 14
Electrical fittings	10
Air conditioners	3 – 15
Office Equipment	3 – 15
Kitchen Equipment	3 – 5
Vehicle	8
Computers	3 – 14
Computer Software	5

Intangible assets comprise purchase of software. Intangible assets are carried at cost and amortized over a period of 5 years, which represents the period over which the Brookfield India REIT expects to derive economic benefits from the use of the assets.

The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each reporting period and the amortization period is revised to reflect the changed pattern, if any.

i) Impairment of non-financial assets

Brookfield India REIT assesses, at each reporting date, whether there is an indication that a non-financial asset other than deferred tax assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, Brookfield India REIT estimates the asset's recoverable amount. Goodwill is tested annually for impairment.

An impairment loss is recognized in the Condensed Consolidated Statement of Profit and Loss if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU on a pro rata basis. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

Impairment losses are recognized in the Condensed Consolidated Statement of Profit and Loss, unless it reverses previous revaluation credited to equity, in which case it is charged to equity.

Goodwill (if any) arising from a business combination is allocated to CGUs or group of CGUs that are expected to benefit from the synergies of the combination.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. In estimating value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets, such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

j) Foreign currency transactions

Items included in the financial statements of the Brookfield India REIT are measured using the currency of the primary economic environment in which the Brookfield India REIT operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Brookfield India REIT functional and presentation currency.

Foreign currency transactions in currencies other than the functional currency are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at reporting period end exchange rates are generally recognized in the Statement of profit and loss.

k) Errors, estimates and change in accounting policies

The Brookfield India REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Condensed Consolidated Financial Statements. Changes in accounting policies are applied retrospectively, wherever applicable.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

l) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

(i) Financial Assets - Recognition

All financial assets are recognized initially at fair value (except for trade receivables which are initially measured at transaction price) plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

• Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

• Debt instruments at fair value through other comprehensive income (FVOCI)

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, interest income, impairment losses and reversals and foreign exchange gain or loss is recognized in statement of profit and loss. On derecognition of the asset, cumulative gains or losses previously recognized in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

• Debt instruments at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the Brookfield India REIT may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Brookfield India REIT has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit or loss.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

• **Equity instruments measured at fair value through other comprehensive income (FVOCI)**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Brookfield India REIT may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Brookfield India REIT makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Brookfield India REIT decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Brookfield India REIT may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

(ii) Financial Assets - Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Brookfield India REIT balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Brookfield India REIT has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Brookfield India REIT has transferred substantially all the risks and rewards of the asset, or (b) the Brookfield India REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(iii) Impairment of financial assets

Brookfield India REIT recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component and lease receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable and lease receivables, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date, is recognized as an impairment gain or loss in the Statement of profit and loss.

Trade Receivables are generally written off against the allowance only after all means of collection have been exhausted and the potential for recovery is considered remote.

(iv) Financial liabilities – Recognition and Subsequent measurement

Brookfield India REIT financial liabilities are initially measured at fair value less any attributable transaction costs. Subsequent to initial measurement, these are measured at amortized cost using the effective interest rate ('EIR') method or at fair value through profit or loss (FVTPL).

Brookfield India REIT financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

The measurement of financial liabilities depends on their classification, as described below:

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

• **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through Statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Brookfield India REIT that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through Statement of profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains or losses are not subsequently transferred to statement of profit and loss. However, the Brookfield India REIT may transfer the cumulative gains or losses within equity. All other changes in fair value of such liability are recognized in Statement of profit and loss. The Brookfield India REIT has not designated any financial liability as at fair value through profit or loss.

• **Financial liabilities at amortized cost**

Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

(v) Financial liabilities - Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of profit and loss as other gains/(losses).

(vi) Income/loss recognition

• **Interest income**

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating

Brookfield India Real Estate Trust

Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

the effective interest rate, the Brookfield India REIT estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

• Borrowing costs

Borrowing cost includes interest expense as per effective interest rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs associated with direct expenditures on properties under development or redevelopment or property, plant and equipment are capitalized. The amount of borrowing costs capitalized is determined first by borrowings specific to a property where relevant, and then by a weighted average cost of borrowings to eligible expenditures after adjusting for borrowings associated with other specific developments. Where borrowings are associated with specific developments, the amount capitalized is the gross borrowing costs incurred less any incidental investment income. Borrowing costs are capitalized from the commencement of the development until the date of practical completion. The Brookfield India REIT considers practical completion to have occurred when the physical construction of property is completed and the property is substantially ready for its intended use and is capable of operating in the manner intended by management. Capitalization of borrowing costs is suspended and charged to the Statement of profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

(vii) Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Embedded derivatives closely related to the host contracts are not separated. Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss.

m) Leases

At inception of a contract, the Brookfield India REIT assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Brookfield India REIT assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Brookfield India REIT has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Brookfield India REIT has the right to direct the use of the asset. The Brookfield India REIT has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what

Brookfield India Real Estate Trust Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

purpose the asset is used is predetermined, the Brookfield India REIT has the right to direct the use of the asset if either:

- the Brookfield India REIT has the right to operate the asset; or
- the Brookfield India REIT designed the asset in a way that predetermines how and for what purpose it will be used.

As a lessee

The Brookfield India REIT recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Brookfield India REIT's incremental borrowing rate. Generally, the Brookfield India REIT uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Brookfield India REIT is reasonably certain to exercise, lease payments in an optional renewal period if the Brookfield India REIT is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Brookfield India REIT is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Brookfield India REIT's estimate of the amount expected to be payable under a residual value guarantee, or if the Brookfield India REIT changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Brookfield India REIT presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities (current and non-current) in the statement of financial position.

Brookfield India Real Estate Trust

Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

The Brookfield India REIT has elected not to recognize right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Brookfield India REIT recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

The Brookfield India REIT enters into lease agreements as a lessor with respect to its investment properties.

Leases for which the Brookfield India REIT is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Brookfield India REIT is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of the Brookfield India REIT's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Brookfield India REIT's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Brookfield India REIT applies Ind AS 115 to allocate the consideration under the contract to each component.

n) Revenue recognition

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as Goods and Services tax, and applicable service level credits, discounts or price concessions. The computation of these estimates involves significant judgment based on various factors including contractual terms, historical experience, expense incurred etc.

i. Income from Operating Lease Rentals

Assets given under operating lease are included in investment property. Revenue recognition under a lease commences when the tenant has a right to use the leased asset. Generally, this occurs on the lease commencement date. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. In determining the lease term, management considers all facts and circumstances including renewal, termination and market conditions.

Income from Operating Lease Rentals also includes percentage participating rents. Percentage participating rents are recognized when tenants' specified sales targets have been met.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

ii. Income from maintenance services

Income from maintenance services consists of revenue earned from the provision of daily maintenance, security and administration services, and is charged to tenants based on the occupied lettable area of the properties. Income from maintenance services is recognized when the entity has satisfied its performance obligation by delivering services as per terms of contract entered into with tenants.

o) Employee benefits

Employee benefits include provident fund, gratuity and compensated absences.

Provident fund

The Brookfield India REIT 's contribution to provident fund is considered as defined contribution plans and is charged as an expense in statement of profit and loss based on the amount of contribution required to be made as and when services are rendered by the employees.

Gratuity

Brookfield India REIT has an obligation towards gratuity, a defined post-employment benefits plan covering eligible employees. The present value of the defined benefit liability and the related current service cost and past service cost are measured using projected unit credit method; with actuarial valuations being carried out at each balance sheet date. Remeasurements comprising actuarial gains and losses are recognized immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognized in other comprehensive income are not reclassified. Past service cost is recognized in profit or loss when the plan amendment or curtailment occurs, or when the Brookfield India REIT recognizes related restructuring costs or termination benefits, whichever is earlier.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the period when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Other Long-term employee benefits

The employees of the Brookfield India REIT are entitled to other long term benefit by way of accumulating compensated absences. Cost of long-term benefit by way of accumulating compensated absences arising during the tenure of the service is calculated taking into account the pattern of availment of leave. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation based on actuarial valuations as at the balance sheet date by an independent actuary using the Projected Unit Credit method. Actuarial gains and losses

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

relating to long-term employee benefits are recognised in the statement of Profit and Loss in the period in which they arise.

p) Taxation

Income tax expense comprises current and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or in other comprehensive income.

(i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT') under the provisions of the Income Tax, 1961 is recognised as current tax in the Condensed Consolidated Statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Brookfield India REIT will pay normal income tax during the period for which MAT credit can be carried forward for set-off against normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that the Brookfield India REIT is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on initial recognition of goodwill.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, Brookfield India REIT recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets—unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

probable respectively that the related tax benefit will be realised. Further, no deferred tax asset/liabilities are recognized in respect of temporary differences that reverse within tax holiday period.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Brookfield India REIT expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

q) Provisions and contingencies

A provision is recognized when the Brookfield India REIT has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Brookfield India REIT or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Brookfield India REIT does not recognize a contingent liability but discloses its existence in the financial statements.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

r) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Identification of segments:

In accordance with Ind AS 108- Operating Segment, the operating segments used to present segment information are identified on the basis of information reviewed by the Chief Operating Decision Maker ('CODM') to allocate resources to the segments and assess their performance. An operating segment is a component of the Brookfield India REIT that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Brookfield India REIT's other components.

Based on an analysis of Brookfield India REIT's structure and powers conferred to the Manager to Brookfield India REIT, the Governing Board of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker ('CODM'), since they are

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Brookfield India REIT is primarily engaged in the business of developing and maintaining commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 “Operating Segments” in respect of reportable segments are not applicable.

s) Subsequent events

The Condensed Consolidated Financial Statements are prepared after reflecting adjusting and non-adjusting events that occur after the reporting period but before the Condensed Consolidated Financial Statements are authorized for issue.

t) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

u) Earnings per unit

Basic earnings per unit are calculated by dividing the net profit / (loss) for the period attributable to unit holders of the Brookfield India REIT by the weighted average number of units outstanding during the period.

For the purpose of calculating diluted earnings per unit, the profit or loss for the period attributable to unit holders of the Brookfield India REIT and the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

v) Business Combination/Asset Acquisition

The amendment to Ind AS 103 Business Combinations clarifies that while businesses usually have outputs, outputs are not required for an integrated set of activities and assets to qualify as a business. To be considered a business an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs.

The amendments remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs. The amendments also introduce additional guidance that helps to determine whether a substantive process has been acquired.

The amendments introduce an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business. Under the optional concentration test, the acquired set of activities and assets is not a business if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar assets.

Brookfield India REIT has opted to apply optional concentration test in respect of acquisition of SPVs. Refer Note 42 of the financial statements for details.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements

Notes to the Condensed Consolidated financial statements

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

w) Condensed Consolidated Statement of Cash flows

Condensed Consolidated Cash flows are reported using the indirect method, whereby Profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated. For the purpose of the Condensed Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits.

x) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Condensed Consolidated Balance Sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

y) Cash distribution to Unitholders

The Brookfield India REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

z) Income support

The income support that is an integral part of an acquisition transaction is treated as deduction in the acquisition cost of such investment property. Where the right to receive the income support is spread over a period of time, the right to receive the income support is recognized as a financial asset at fair value and subsequently measured at fair value through profit or loss.

Brookfield India Real Estate Trust
Condensed Consolidated Financial Statements
(All amounts are in Rupees millions unless otherwise stated)
Notes to the Condensed Consolidated Financial Statements

(a) Terms/ rights attached to Units and accounting thereof

(i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Unit is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Brookfield India REIT is required to distribute to Unitholders not less than 90% of the Net Distributable Cash Flows of Brookfield India REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Brookfield India REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contain both equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Master Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023 issued under the REIT Regulations, the Unit Capital has been presented as "Equity" in order to comply with the requirements of Section H of Chapter 3 to the SEBI Master Circular dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

37 Financial instruments – Fair values and risk management
i) Financial instruments by category and fair value

The below table summarizes the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortized cost and for which fair values are disclosed in the financial statements. There are no financial instruments, which are subsequently measured at fair value.

	Carrying value		Fair value

Total financial liabilities	130,987.35	61,013.53	131,651.34	61,013.53

fair value of financial assets and financial liabilities which are recognized at amortized cost has been disclosed to be same as carrying value as the carrying value approximately equals to their fair value.

[^] Fair value of Receivable for income support is determined on the basis of present value of expected future cash flows. These are classified as level 3 in the fair value hierarchy due to the inclusion of unobservable inputs. The key input for determining the same is discount rate.

[^] The fair value of derivative assets (component of 14% compulsorily convertible debentures) is determined on the basis of monte carlo simulation method. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

* The fair value of the liability component of compound financial instruments, which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

** Fair value of 12.50% Non convertible debentures which are recognized at amortized cost, has been calculated at the present value of the future cash flows discounted at the current borrowing rate.

*** Fair value of 14% Compulsorily Convertible Debentures which are recognized at amortized cost, has been calculated on the basis of Net assets value (NAV) method.

ii) Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices for instance listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no valuation under Level 1 and Level 2. There has been no transfers into or out of Level 3 of the fair value hierarchy for the year ended 31 March 2024 and 31 March 2023.

(All amounts are in Rupees millions unless otherwise stated)
Notes to the Condensed Consolidated Financial Statements

The Brookfield India REIT policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

iii) Details of significant unobservable inputs

Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets measured at fair value (Receivable for income support)	
Discount rate (31 March 2024- 11.75% ; 31 March 2023- 11.75%)	The estimated fair value would decrease (increase) if discount rate is higher (lower)
Financial assets measured at fair value (Derivative asset relating to compulsorily convertible debentures)	
Volatility rate	The estimated fair value would increase/ (decrease) if the volatility rate is higher/ (lower)
Unadjusted equity value	The estimated fair value would increase/ (decrease) if the unadjusted equity value is (lower)/ higher

iv) Sensitivity analysis of Level 3 fair values

For the fair value of receivable for income support, reasonably possible changes at the reporting date due to one of the significant unobservable inputs, holding other inputs constant, would have following effects:

31 March 2024	Profit/ (Loss)	
	Increase	Decrease
Financial assets measured at fair value (Receivable for income support)		
Discount rate (1% movement)	(4.18)	4.18
Financial assets measured at fair value (Derivative asset relating to compulsorily convertible debentures)		
Volatility (1.5% movement)	46.30	(45.60)
Unadjusted equity value (10% movement)	43.50	(37.50)

31 March 2023	Profit/ (Loss)	
	Increase	Decrease
Financial assets measured at fair value (Receivable for income support)		
Discount rate (1% movement)	(2.52)	2.52
Financial assets measured at fair value (Derivative asset relating to 14% compulsorily convertible debentures)		
Volatility (5% movement)	NA	NA
Unadjusted equity value (5% movement)	NA	NA

38 Segment reporting

Ind AS 108 establishes requirements to identify the operating segment and related disclosures, basis how the Chief Operating Decision Maker ('CODM') evaluates the performance and allocates resources to different segments. Based on an analysis of Brookfield India REIT structure and powers conferred to the Manager to REIT, Board of Directors of the Manager (Brookprop Management Services Private Limited) has been identified as the Chief Operating Decision Maker ('CODM'), since they are empowered for all major decisions w.r.t. the management, administration, investment, disinvestment, etc.

As the Group is primarily engaged in the business of developing, maintaining and leasing commercial real estate properties in India, CODM reviews the entire business as a single operating segment and accordingly disclosure requirements of Ind AS 108 "Operating Segments" in respect of reportable segments are not applicable.

40 Capitalization Statement

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group's capital structure mainly constitutes equity in the form of unit capital and debt. The projects of SPVs are initially funded through construction financing arrangements. On completion, these loans are restructured into lease-rental discounting arrangements or debentures. The Group's capital structure is influenced by the changes in regulatory framework, government policies, available options of financing and the impact of the same on the liquidity position.

The Group monitors its capital structure using ratio of 'Net debt' to 'Total Equity'. The capital structure of the Group consists of net debt (comprising borrowings as disclosed in notes 17 and 21 and lease liabilities offset by cash and cash equivalents as disclosed in note 10) and equity of the Group (comprising issued unit capital, Non- controlling interest, reserves and retained earnings as disclosed in notes 15 and 16). 42 Assets Acquisition

(i) On 18 August 2023, Brookfield India REIT acquired controlling stake by acquiring 50% of the equity interest and compulsorily convertible debentures of Candor Gurgaon 1 as described in more detail in Note 1 - Organization structure; for a total consideration of Rs. 8,602.64 million. Brookfield India REIT has also incurred directly attributable expenses in relation to this asset acquisition, amounting to Rs. 66.87 million, resulting in the total purchase consideration of Rs. 8,669.51 million (the "Purchase consideration"). Brookfield India REIT applied the optional concentration test, under Ind AS 103, and concluded that the acquired set of activities and assets is not a business because substantially all of the fair value of the gross assets acquired is concentrated in investment properties, with similar risk characteristics. Accordingly, this transaction has been accounted for as an asset acquisition. Brookfield India REIT identified and recognized the individual identifiable assets acquired and liabilities assumed; and allocated the purchase consideration to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of acquisition.

The allocated value of the identifiable assets and liabilities of Candor Gurgaon 1 as at the date of acquisition were:

Assets	Amount (in million)
Property, plant and equipment	58.51
Investment property	42,954.58
Investment property under development	211.74
Other assets	4,741.86
Total Assets (A)	47,966.69

Total Liabilities (B)	30,931.49
Non-Controlling Interest (C)	8,365.69
Net Assets (A-B-C)	8,669.51

(ii) On 28 August 2023, Brookfield India REIT acquired controlling stake by acquiring 50% of the equity interest and compulsorily convertible debentures of Kairos as described in more detail in Note 1 - Organization structure; for a total consideration Rs. 15,256.85 million (including issue of units of Brookfield India REIT of Rs. 4,000 million). Brookfield India REIT has also incurred directly attributable expenses in relation to this asset acquisition, amounting to Rs. 67.91 million, resulting in the total purchase consideration of Rs. 15,324.76 million (the "Purchase consideration"). Brookfield India REIT applied the optional concentration test, under Ind AS 103, and concluded that the acquired set of activities and assets is not a business because substantially all of the fair value of the gross assets acquired is concentrated in investment properties, with similar risk characteristics. Accordingly, this transaction has been accounted for as an asset acquisition. Brookfield India REIT identified and recognized the individual identifiable assets acquired and liabilities assumed; and allocated the purchase consideration to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of acquisition.

The allocated value of the identifiable assets and liabilities of Kairos as at the date of acquisition were:

Assets	Amount (in million)

43 Management fee

Property Management Fees

In terms of the REIT Regulations, the manager of the REIT is required to undertake management of the assets of the REIT, either directly or through the appointment and supervision of appropriate agents. Therefore, pursuant to an internal restructuring of the Investment manager, the property management services previously undertaken by the Investment manager are now to be undertaken by the Brookprop Property Management Services Private Limited (Service Provider) w.e.f. 1 April 2023 (Restructured Amended and Restated Service Agreement), and accordingly the Amended and Restated Service Agreement, dated December 1, 2020 and the Amended Agreement dated February 11, 2022, between the Investment manager and the CIOP (together the "Original CIOP PMF Agreement") is being terminated by way of entering into a termination deed of even date.

Further, REIT has acquired stake in Kairos w.e.f. 29 August 2023 and new property management agreement has been signed between CIOP and Kairos dated 18 May 2023 which is effective from Acquisition Date. Hence pursuant to the Restructured Amended and Restated Service Agreement dated 01 April 2023 and acquisition of Kairos, Service Provider is entitled to a yearly fees @ 3% of the income from operating lease rentals as recorded in the books of accounts of SPPL Noida, Candor Kolkata, SDPL Noida and Kairos (w.e.f. Acquisition Date), payable on a monthly basis, exclusive of applicable taxes. The fees has been determined for providing real estate operating services to CIOP in relation to the Operational Services rendered by it with respect to SPPL Noida, Candor Kolkata, SDPL Noida and Kairos. The said Management fees for the quarter, half year and year ended 31 March 2024 amounts to Rs. 83.62 million, Rs. 165.61 million and Rs. 276.54 million respectively. There are no changes during the period in the methodology for computation of fees paid to the service provider.

Also in light of the abovementioned internal restructuring of the Investment Manager, the property management services previously undertaken by the Investment manager are now to be undertaken by the Brookprop Property Management Services Private Limited (Service Provider) w.e.f. 1 April 2023 (Restructured Amended and Restated Service Agreement), and accordingly the Amended and Restated Service Agreement, dated December 1, 2020 between the Investment manager and the Festus (together the "Original Festus PMF Agreement") is being terminated by way of entering into a termination deed of even date.

Pursuant to this Festus Restructured Service Agreement dated 01 April 2023, Service Provider is entitled to a yearly fee of 3% of the income from operating lease rentals as recorded in the books of accounts of Festus, payable on a monthly basis, exclusive of applicable taxes. The fees has been determined for providing real estate operating services to Festus in relation to the management and operation of the Kensington and any other properties developed by Festus from time to time ("Festus Properties"). The said Management fees for the quarter, half year and year ended 31 March 2024 amounts to Rs. 11.94 million, Rs. 23.38 million and Rs. 45.49 million respectively. There are no changes during the period in the methodology for computation of fees paid to the Service Provider.

Also, REIT has acquired stake in Candor Gurgaon 1 w.e.f. 19 August 2023 and new property management agreement has been signed between MIOP and Candor Gurgaon 1 dated 18 May 2023 which is effective from Acquisition Date. Hence, effective from Acquisition Date, the Service Provider is entitled to a yearly fees @ 3% of the income from operating lease rentals as recorded in the books of accounts of Candor Gurgaon 1, payable on a monthly basis, exclusive of applicable taxes. The fees has been determined for providing real estate operating services to Mountainstar India Office Parks Private Limited in relation to the Operational Services rendered by it with respect to Candor Gurgaon 1. The said Management fees for the quarter, half year and period ended 31 March 2024 amounts to Rs. 44.24 million, Rs. 88.13 million and Rs. 108.85 million respectively.

REIT Management Fees

Pursuant to the Investment Management Agreement dated 17 July 2020, Investment Manager is entitled to fees @ 1% of NDCF, exclusive of applicable taxes (also refer note 45). The fees has been determined for undertaking management of the REIT and its investments. The said Management fees for the quarter, half year and year ended 31 March 2024 amounts to Rs. 24.13 million, Rs. 48.78 million and Rs. 90.92 million respectively. There are no changes during the year in the methodology for computation of fees paid to the Investment Manager.
